

**THE CITYWIDE BUSINESS IMPROVEMENT DISTRICT
PROGRAM
FREQUENTLY ASKED QUESTIONS (AND ANSWERS)**

HOW CAN I GET INVOLVED IN FORMING A BID IN MY AREA?

Discuss the idea of self-funded collective improvements with our fellow business or property owners. Perhaps many of them will agree that the BID idea is worth considering, especially if you have common interests. Together, your group of concerned business interests becomes the "proponents group" which is a vital first step. Next, contact the local office of your City Council member. Working together, your community leaders and your elected officials can help to determine if the BID Program can work for you.
