RE: Eligibility under Los Angeles Municipal Code Section 45.19.6 et seq.  
("Medical Marijuana Ordinance")

The City Clerk reviewed the Notices of Intent to Register under Los Angeles Municipal Code ("LAMC") Section 45.19.6 et seq. ("Medical Marijuana Ordinance") and has determined which medical marijuana collectives ("Collective/s") meet, or do not meet, the obligatory eligibility requirements of LAMC Section 45.19.6.2.C.1.

However, at this time, the City Clerk will not issue the priority order list described in LAMC Section 45.19.6.2.C.1. and therefore no Collective will be able to apply for pre-inspection with the Department of Building and Safety, as described in LAMC Section 45.19.6.2.D. Instead, the City will now seek judicial consideration of the City Clerk's application of LAMC Section 45.19.6.2.C.1, through a lawsuit involving those Collectives who have been classified as ineligible to register and receive priority order.

We will notify you when the matters of eligibility and priority order are either provisionally considered or rejected by the court. Only at that time will a priority list be made available and pre-inspections will be able to commence. **Until then, you are not precluded from continuing your interim operation as a Collective as long as you comply with all other provisions of California State Law.** Nothing in this list shall be construed as a grant of any permanent or vested right to continue operation; nor shall this list be construed as permission to conduct activities that are otherwise illegal under state or local law.

We take this opportunity to remind all Collectives that if the number of registered Collectives drops below 70 citywide after the first registration period concludes, they will be eligible for the priority order drawing described in LAMC Section 45.19.6.2.C.2.

Sincerely,

  
June Lagmay  
City Clerk
