

Walter Moore's Mayoral Candidate Statement

Remember when Los Angeles was a *great* place to live and do business? It can be again. You don't need to move away. You just need a new Mayor, namely me: **Walter Moore**. Your fellow voters have donated over **\$200,000** to my campaign.

As for my background, I graduated from **Princeton** with honors in 1981; graduated from **Georgetown Law** with honors in 1984; have a degree in Public and International Affairs; am a licensed **real estate broker**; and have been a **business trial lawyer** for nearly 25 years.

My platform includes the following planks:

Plank 1: Stop over-building and over-crowding. Density is not destiny. I will preserve our distinctive low-rise, low-density architecture.

Plank 2: Stop City Hall's "welfare for the rich" and absurd boondoggles. Did you know City Hall spends hundreds of millions of our tax dollars every year for subsidies to wealthy out-of-state developers, including the Royal Family of Dubai? Did you know City Hall spent thousands of dollars for "sphincter-control lessons" for civil servants? You could not make this stuff up. It's actually hilarious -- until you remember it's our money that's being squandered.

Plank 3: Get traffic moving. I propose that we build off-street parking along major streets to free up lanes now used for on-street parking. More lanes means more movement.

Plank 4: Make every neighborhood a safe neighborhood. I will make hiring enough police the Number One budget priority. I will also revoke Special Order 40, and arrest gang members who violate our immigration laws.

Plank 5: Get employers to move *into* our city, not *out*. I will fight to repeal L.A.'s business income tax, which drives away employers in droves. L.A. needs jobs.

Plank 6: Fight *all* new tax hikes, rate hikes, and fee hikes. We need "affordable government." We're over-taxed, and must not raise taxes during a recession.

DO NOT STAY HOME ON MARCH 3, 2009. Turnout in these municipal elections is extremely low -- 11% last time -- so even a few votes can make the difference. Remember: Walter Moore for Mayor, Walter Moore for Mayor, Walter Moore for Mayor. Are you hypnotized now? Good!
