

Mid City WEST Community Council (MCWCC)  
Candidate Statement (optional)

First Name: James Last Name: Young

As a proud resident of the Miracle Mile neighborhood I'm thrilled to put my name on the ballot. Since moving to LA from the east coast, I've really grown to love this community and hope you give me a shot to do some good here. I've worked in a number of government positions since finishing at NYU including city hall in NY, a think tank on Capitol Hill, and multiple campaigns. My real objective here is bringing a young voice to improve this community. I'd like to tackle many issues including crime, quality of roads (i.e. potholes), and helping residents and business owners deal with the new issue of food trucks blocking traffic, creating congestion, and taking money out of the pockets of taxpaying residents of Zone 7. I also plan on going door to door in the neighborhood to see what other problems need tackling. Thank you for the opportunity.

I declare under penalty of perjury that the above statements are true and correct.
