

KATHLEEN EVANS FOR CONTROLLER

This year we have a wonderful opportunity to elect quality, honest leadership in the City of Los Angeles.

Hello, My name is Kathleen Suzy Evans and I am running for the office of Los Angeles City Controller.

I'm a former Controller with more than 25 years experience in finance and accounting. I now own my own business and I live in the San Fernando Valley.

I grew up here in Los Angeles. When I was a kid, my grandparents managed an apartment building in downtown L.A. I have fond memories of that time in Los Angeles.

I love this city, but like many of you I don't love what's happened to it.

Thanks to our current leadership, we have out of control graffiti, gang violence, a high crime rate, streets in a horrible state of disrepair and higher and higher taxes.

It's time to vote in new, common sense leadership at city hall.

I care about the quality of your life here in Los Angeles.

That's why I decided to run for City Controller.

As Controller, I will stop wasteful spending.

I will also get a handle on crime by making sure funds are budgeted for more police officers.

Our crime rate still far exceeds New York City's crime and the national average.

I will ensure that there is enough money to enforce gang laws and that those funds are distributed and used properly.

As Controller I will secure safer neighborhoods and improve street services.

When elected, I will enforce the same treatment for all neighborhoods in Los Angeles and create an anti graffiti environment.

As Controller; I won't just cover up graffiti. I'll get to the source element.

I will lower business taxes to attract more business to Los Angeles. More businesses equals more job opportunities for you.

I will make our city more beautiful....Not more crowded.

Please visit my website for more information on how I will improve the quality of your life in L.A.

Go to: EvansForController.com,

Together we can take back our city and have a great quality of life in Los Angeles again.

Please vote Evans for Controller. Thank you.

THE END KATHLEEN
EVANS
