Title

PROHIBIT SALE OF SILLY STRING

Subject

Motion - Recently there has been a problem with vendors selling what is commonly known as 'silly string' at various major holidays and events such as the Hollywood parade as well as the Chinese New Year parade. 'Silly string' is a product which when used emits a string-like or streamer-like substance that is shot or expelled from a pressurized container. This product creates a great nuisance, significantly adds to the trash problem and can also raise security issues at these mass gatherings. Several cities throughout the nation, including New Orleans have enacted ordinances to ban the sale of 'silly string' along designated parade routes. THEREFORE MOVE that the City Attorney be requested to prepare and present an ordinance which would prohibit the sale of 'silly string' during parades and other special events, inasmuch as this product can create potential health, safety and welfare concerns for members of the public who attend parades and other similar events.
