Background – GSD is authorized to provide new construction services through City and/or hiring hall forces, and to let contracts for specialty work that these forces cannot perform, for projects that GSD is selected to act as general contractor by the Board of Public Works, the Board of Recreation and Park Commissioners, or the Board of Library Commissioners with all contracts for such specialty work to be let in compliance with applicable City competitive bidding and contracting requirements (City Ordinance 176359). ON COMPLYING WITH CITY INSURANCE REQUIREMENTS

(Share this information with your insurance agent or broker.)

1. Agreement/Reference All evidence of insurance must identify the nature of your business with the CITY. Clearly show any assigned number of a bid, contract, lease, permit, etc. or give the project name and the job site or street address to ensure that your submission will be properly credited. 3. Acceptable Evidence and Approval Electronic submission is the preferred method of submitting your documents. Track4LA™ is the CITY's online insurance compliance system and is designed to make the experience of submitting and retrieving insurance information quick and easy. The system is designed to be used primarily by insurance brokers and agents as they submit client insurance certificates directly to the City. It uses the standard insurance industry form known as the **ACORD 25 Certificate of Liability Insurance** in electronic format. Track4LA™ advantages include standardized, universally accepted forms, paperless approval transactions (24 hours, 7 days per week), and security checks and balances. The easiest and quickest way to obtain approval of your insurance is to have your insurance broker or agent access **Track4LA™** at <http://track4la.lacity.org> and follow the instructions to register and submit the appropriate proof of insurance on your behalf.

Insurance industry certificates other than the ACORD 25 may be accepted. **All Certificates** must provide a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) AND an Additional Insured Endorsement naming the CITY an additional insured completed by your insurance company or its designee. If the policy includes an automatic or blanket additional insured endorsement, the Certificate must state the CITY is an automatic or blanket additional insured. An endorsement naming the CITY an Additional Named Insured and Loss Payee as its Interests May Appear is required on property policies. All evidence of insurance must be authorized by a person with authority to bind coverage, whether that is the authorized agent/broker or insurance underwriter.

Acceptable Alternatives to Acord Certificates and other Insurance Certificates:

- A **copy of the full insurance policy** which contains a thirty (30) days' cancellation notice provision (ten (10) days for non-payment of premium) and additional insured and/or loss-payee status, when appropriate, for the CITY.
- **Binders and Cover Notes** are also acceptable as interim evidence for up to 90 days from date of approval.

Additional Insured Endorsements DO NOT apply to the following:

- Indication of compliance with statute, such as Workers' Compensation Law.
- Professional Liability insurance.

Completed **Insurance Industry Certificates other than ACORD 25 Certificates** can be sent electronically (CAO.insurance.bonds@lacity.org) or faxed to the Office of the City Administrative Officer, Risk Management (213) 978-7616. Please note that submissions other than through

Track4LA™ will delay the insurance approval process as documents will have to be manually processed.

Verification of approved insurance and bonds may be obtained by checking Track4LA™, the CITY's online insurance compliance system, at <http://track4la.lacity.org>.

4. Renewal When an existing policy is renewed, have your insurance broker or agent submit a new Acord 25 Certificate through Track4LA™ at <http://track4la.lacity.org> or submit an Insurance Industry Certificate or a renewal endorsement as outlined in Section 3 above. If your policy number changes you must also submit a new Additional Insured Endorsement with an Insurance Industry Certificate.

5. Alternative Programs/Self-Insurance Risk financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers, captive insurance programs and self-insurance programs are subject to separate approval after the CITY has reviewed the relevant audited financial statements. To initiate a review of your program, you should complete the Applicant's Declaration of Self Insurance form (<http://cao.lacity.org/risk/InsuranceForms.htm>) to the Office of the City Administrative Officer, Risk Management for consideration.

6. General Liability Insurance covering your operations (and products, where applicable) is required whenever the CITY is at risk of third-party claims which may arise out of your work or your presence or special event on City premises. **Sexual Misconduct** coverage is a required coverage when the work performed involves minors. **Fire Legal Liability** is required for persons occupying a portion of CITY premises. (Information on two CITY insurance programs, the SPARTA program, an optional source of low-cost insurance which meets the most minimum requirements, and the Special Events Liability Insurance Program, which provides liability coverage for short-term special events on CITY premises or streets, is available at www.2sparta.com, or by calling (800) 420-0555.)

7. Automobile Liability insurance is required only when vehicles are used in performing the work of your Contract or when they are driven off-road on CITY premises; it is not required for simple commuting unless CITY is paying mileage. However, compliance with California law requiring auto liability insurance is a contractual requirement.

8. Errors and Omissions coverage will be specified on a project-by-project basis if you are working as a licensed or other professional. The length of the claims discovery period required will vary with the circumstances of the individual job.

9. Workers' Compensation and Employer's Liability insurance are not required for single-person contractors. However, under state law these coverages (or a copy of the state's Consent To Self Insure) must be provided if you have any employees at any time during the period of this contract. Contractors with no employees must complete a Request for Waiver of Workers' Compensation Insurance Requirement (<http://cao.lacity.org/risk/InsuranceForms.htm>). A **Waiver of Subrogation** on the coverage is required only for jobs where your employees are working on CITY premises under hazardous conditions, e.g., uneven terrain, scaffolding; caustic chemicals, toxic materials, power tools, etc. The Waiver of Subrogation waives the insurer's right to recover (from the CITY) any workers' compensation paid to an injured employee of the contractor.

10. Property Insurance is required for persons having exclusive use of premises or equipment owned or controlled by the CITY. **Builder's Risk/Course of Construction** is required during construction projects and should include building materials in transit and stored at the project site.

11. Surety coverage may be required to guarantee performance of work and payment to vendors and suppliers. A **Crime Policy** may be required to handle CITY funds or securities, and under certain other conditions. **Specialty coverages** may be needed for certain operations. For assistance in obtaining the CITY required bid, performance and payment surety bonds, please see the City of Los Angeles Bond Assistance Program website address at <http://cao.lacity.org/risk/BondAssistanceProgram.pdf> or call (213) 258-3000 for more information.

ORDINANCE NO. _____

An ordinance amending Article 10 of Chapter 1 of Division 10 of the Los Angeles Administrative Code, the Service Contractor Worker Retention Ordinance, to make certain modifications and clarifications:

THE PEOPLE OF THE CITY OF LOS ANGELES

DO ORDAIN AS FOLLOWS:

Section 1. The Los Angeles Administrative Code is hereby amended by amending Article 1.0 to Chapter 1 of Division 10 to read as follows:

**ARTICLE 10
SERVICE CONTRACTOR WORKER RETENTION**

Sec. 10.36 Findings and Statement of Policy.

The City awards many contracts to private firms to provide services to the public and to City government. The City awards many contracts to private firms to provide services to the public and to City government. The City also provides financial assistance and funding to others for the purpose of economic development or job growth. At the conclusion of the terms of a service contract with the City or with those receiving financial assistance from the City, competition results in the awarding of a service contract to what may be a different contractor. These new contracts often involve anticipated changes in different managerial skills, new technology or techniques, new themes or presentations, or lower costs.

The City expends grant funds under programs created by the federal and state governments. Such expenditures serve to promote the goals established for those programs by such governments and similar goals of the City. The City intends that the policies underlying this article serve to guide the expenditure of such funds to the extent allowed by the laws under which such grant programs are established.

Despite desired changes through the process of entering into new contracts, it is the experience of the City that reasons for change do not necessarily include a need to replace workers presently performing services who already have useful knowledge about the workplace where the services are performed.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

Incumbent workers have already invaluable knowledge and experience with the work schedules, practices, and clients. The benefits of replacing these workers without such experiences decreases efficiency and results in a disservice to City and City financed or assisted projects.

Retaining existing service workers when a change in contractors occurs reduces the likelihood of labor disputes and disruptions. The reduction of the likelihood of labor disputes and disruptions results in the assured continuity of services to citizens who receive services provided by the City or by City financed or assisted projects.

It is unacceptable that contracting decisions involving the expenditure of City funds should have any potential effect of creating unemployment and the consequential need for social services. The City, as a principal provider of social support services, has an interest in the stability of employment under contracts with the City or by those receiving financial assistance from the City. The retention of existing workers benefits that interest.

Sec. 10.36.1. Definitions.

The following definitions shall apply throughout this article:

(b) A successor contractor shall retain, for a ninety (90)-day transition employment period, employees who have been employed by the terminated contractor or its subcontractors, if any, for the preceding twelve (12) months or longer. "Cause" for this purpose shall include, but not be limited to, the employee's conduct while in the employ of the terminated contractor or subcontractor that contributed to any decision to terminate the contract or subcontract for fraud or poor performance.

(f) At the end of such ninety (90)-day period, the successor contractor (or subcontractor, where applicable) shall perform a written performance evaluation for each employee retained pursuant to this article. If the employee's performance during such ninety (90)-day period is satisfactory, the successor contractor (or subcontractor) shall offer the employee continued employment under the terms and conditions established by the successor contractor (or subcontractor) or as required by law. (c) Compliance with this article shall be required in all City contracts to which it applies, and such contracts shall provide that violation of this article shall entitle the City to terminate the contract and otherwise pursue legal remedies that may be available.

(d) Notwithstanding any provision of this Code or any other ordinance to the contrary, no criminal penalties shall attach for any violation of this article.

Sec. 10.36.4. Exemption for Successor Contractor or Subcontractor's Prior Employees.

An awarding authority shall upon application by a contractor or subcontractor exempt from the requirements of this article a person employed by the contractor or subcontractor continuously for at least twelve (12) months prior to the commencement of the successor service contract or subcontract who is proposed to work on such contract or subcontract as an employee in a capacity similar to such prior employment, where the application demonstrates that (a) the person would otherwise be laid off work and (b) his or her retention would appear to be helpful to the contractor or subcontractor in performing the successor contract or subcontract. As to any grant or similar program, this article shall become applicable to the funds authorized by such program if and only if the City Attorney's Office has obtained from the tiding government either an opinion or other determination indicating such consonance or a judgment of compliance from a court of law or other tribunal, which procurement has been reported in writing by such Office to the City Council by a letter to the City Clerk.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

Sec. 10.36.7. Article Applicable to New Contracts and City Financial Assistance; Cooperative Retroactivity as to Contracts and Financial Assistance Occurring After the Original Ordinance and Prior to the Revision.

The provisions of this article shall apply to contracts consummated and financial assistance provided after the effective date of the ordinance amending this article. As for contracts consummated and financial assistance provided after the original version of this article took effect on January 13, 1996 (by City ordinance no. 170,784) and prior to the effective date of this ordinance, the City directs its appointing authorities and urges others affected to use their best efforts to work cooperatively so as to allow application of this ordinance, rather than its predecessor, to service contracts let during such period. No abrogation of contract or other rights created by the original ordinance, absent consent to do so, shall be effected by the retroactive application of this revision.

Sec. 10.36.8. Promulgation of Implementing Rules.

The City Council shall by resolution designate a department or office, which shall promulgate rules for implementation of this article and otherwise coordinate administration of the requirements of this article.

THE PEOPLE OF THE CITY OF LOS ANGELES

DO ORDAIN AS FOLLOWS:

Section 1. Los Angeles Administrative Code section 10.36.1(c) is hereby amended to read as follows:

"City financial assistance recipient" means any person that receives from the City in any twelve-month period discrete financial assistance for economic development or job growth expressly articulated and identified by the City totaling at least one hundred thousand dollars (\$100,000); provided, however, that corporations organized under Section § 501(c)(3) of the United States Internal Revenue Code of 1954, 26 U.S.C. § 501(c)(3), with annual operating budgets of less than five million dollars (\$5,000,000) or that regularly employ homeless persons, persons who are chronically unemployed, or persons receiving public assistance, shall be exempt.

Categories of such assistance include, but are not limited to, bond financing, planning assistance, tax increment financing exclusively by the City, and tax credits, and shall not include assistance provided by the Community Development Bank. SUBCONTRACTOR'S DECLARATION OF COMPLIANCE

Service Contract Worker Retention Ordinance and the Living Wage Ordinance
 (Los Angeles Administrative Codes Sections 10.36 et seq. and 10.37 et seq.)

A subcontractor (including a sublessee, a sublicensee, or a service contractor to a City financial assistance recipient) that works on or under the authority of an agreement subject to the Service Contractor Worker Retention Ordinance (SCWRO) and Living Wage Ordinance (LWO) must comply with all applicable provisions of the Ordinances unless specifically approved for an exemption. In general, the SCWRO requires that, in case of a successor service contract, a successor prime contractor and its subcontractors shall retain for a 90-day transition employment period, certain employees who have been employed by the terminated prime contractor and its subcontractor, if any, for the preceding 12 months or longer. The basic requirements of the LWO obligate prime contractors and subcontractors:

- (a) To pay covered employees a wage no less than the minimum initial compensation of \$8.53 per hour (adjusted July 1, 2003) with health benefits, as referred to in (c) below, or otherwise \$9.78 per hour (adjusted July 1, 2003). Such rates shall be adjusted annually and shall become effective July 1;
- (b) To provide at least 12 compensated days off per year for sick leave, vacation or personal necessity at the employee's request, and at least 10 additional days per year of uncompensated time off;
- (c) Where so elected under (a) above, to pay at least \$1.25 per hour per employee toward the provision of health benefits for the employees and their dependents;
- (d) To inform employees making less than \$12 per hour of their possible right to the federal Earned Income Tax Credit (EITC) and make available the forms required to secure advance EITC payments from the employer;
- (e) To permit access to work sites for authorized City representatives to review the operation, payroll and related documents, and to provide certified copies of the relevant records upon request by the City; and,
- (f) Not to retaliate against any employee claiming non-compliance with the provisions of these Ordinances and to comply with federal law prohibiting retaliation for union organizing.

A prime contractor is responsible for ensuring that each subcontractor complies with the SCWRO and LWO, including reporting requirements. As part of the reporting requirements, each subject subcontractor must sign and submit this Declaration of Compliance to the Office of the City Administrative Officer within 90 days of execution of the subcontract. By signing this Declaration of Compliance, the subcontractor certifies that it will comply with all applicable provisions of the SCWRO, LWO, and their implementing Rules and Regulations, including any amendments or revisions to the Ordinances and Regulations.

If a subcontractor fails to complete and submit this form to the Office of the City Administrative Officer, the prime contractor may be deemed to be in violation of the LWO and SCWRO for failing to ensure its subcontractor's compliance with the Ordinances. This may result in withholding of payments due the prime contractor, or termination of the prime contractor's agreement with the City.

Check box only if applicable: I certify under penalty of perjury that I do not have any employees earning less than \$15 per hour working on this City agreement.

CONTRACTOR CODE OF CONDUCT

The City of Los Angeles has long supported the premise that employers should fairly compensate employees, that the health and safety of workers should be protected, and that no form of discrimination or abuse should be tolerated. Experience indicates that laws and regulations designed to safeguard basic tenets or ethical business practices are disregarded in some workplaces, commonly referred to as "sweatshops."

In its role as a market participant that procures equipment, goods, materials and supplies, the City seeks to protect its interests by assuring that the integrity of the City's procurement process is not undermined by contractors who engage in sweatshop practices and other employment practices abhorrent to the City. When the City inadvertently contracts with these contractors, the City's ethical contractors are placed at a distinct competitive disadvantage. Many times ethical contractors are underbid by unscrupulous contractors in competition for City contracts. These ethical contractors may be dissuaded from participating in future procurement contracts.

The City's proprietary contracting interests are served by doing business with contractors who make a good faith effort to ensure that they and their subcontractors shun sweatshop practices and adhere to workplace and wage laws. Seeking to protect these municipal interests, the City requires that all contractors subject to the Sweat-free Procurement Ordinance certify that they and, to the best of their knowledge, their subcontractors will comply with the City's Contractor Code of Conduct and to promise the following:

- a) To comply with all applicable wage, health, labor, environmental and safety laws, legal guarantees of freedom of association, building and fire codes, and laws and ordinances relating to workplace and employment discrimination.
- b) To comply with all human and labor rights and labor obligations that are imposed by treaty or law on the country in which the equipment, supplies, goods or materials are made or assembled, including but not limited to abusive forms of child labor, slave labor, convict or forced labor, or sweatshop labor
- c) To take good faith measures to ensure, to the best of the contractor's knowledge, that the contractor's subcontractors also comply with the City's Contractor Code of Conduct.
- d) To pay employees working on contracts for garments, uniforms, foot apparel, and related accessories a procurement living wage, meaning for domestic manufacturers a base hourly wage adjusted annually to the amount required to produce, for 2,080 hours worked, an annual income equal to or greater than the U.S. Department of Health and Human Services most recent poverty guideline for a family of three plus an additional 20 percent of the wage level paid either as hourly wages or health benefits. For manufacturing operations in countries other than the United States, a procurement living wage which is comparable to the wage for domestic manufacturers as defined above, adjusted to reflect the country's level of economic development by using the World Bank's Gross National Income Per Capita Purchasing Power index.

CERTIFICATION UNDER PENALTY OF PERJURY

LABOR COMPLIANCE SECTION
ANSWERS TO SOME OF THE MOST ASKED QUESTIONS

Q: What is the Prevailing Wage?

A: The prevailing wage is a base pay rate established by State and Federal law to insure that an construction workers engaged in public works projects are paid adequately for the craft they are working in. It is a combination of an hourly pay rate plus fringe benefits. Payment of the prevailing wage insures that contractors will hire qualified workers and the city will therefore receive quality work.

Q: How does the Office of Contract Compliance assist contractors?

A: By providing quick and easy access to accurate information, OCC helps to insure that contractors avoid making mistakes. The emphasis of the Labor Compliance Section is on providing education, assistance and direction to contractors doing work for the City. OCC offers seminars upon request, custom-designed to address issues of interest to individuals or groups of contracts who work on City public works projects.

OCC helps to "level the paying field" by insuring that all contractors are paying correct rates and "playing by the same rules". Contractors who would hope to gain advantage by underpaying their own workers face stiff penalties.

Contractors can also receive updates and improved access to Federal and State labor laws through OCC.

Q: Who is subject to receiving prevailing wage?

A: All construction personnel who actually work on a project are required to receive prevailing wage. Professional or support personnel such as architects, clerical staff or security guards are not subject to prevailing wage.

Bona fide material suppliers who deliver materials to a job site are not subject to payment of prevailing wage. However if they then begin to help with the construction/installation, they are covered from that point forward. If you are uncertain as to whether someone should receive prevailing wage, call the Labor Compliance at (213) 847-5564.

Q: How can I find the current Prevailing Wage Rate?

A: The State of California's Department of Industrial Relations (DIR) determines the prevailing wage rate. The rates are generally revised twice each year. OCC provides these-free of charge-to any contractor interested in doing business with the City. The DIR maintains a web site at www.dir.ca.gov which has the latest rates and other valuable information.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

Q: What is the proper classification for the contractor's workers?

A: The proper classification depends upon the scope of work being done and the specifications called for by the awarding body. If a contractor is uncertain as to how to classify a worker(s), they should call the Labor Compliance section at (213) 847-5564.

Q: Must a contractor join a union in order to work on City of Los Angeles Public Works projects?

A: No. Contractors do not have to join a union in order to work on City projects. However, they must comply with the terms of the contract, including the payment of prevailing wages.

Q: What about apprentices?

A: State law requires that apprentices be used to public works projects. If no apprentices are available, or if the work is not in an apprenticeable craft, proper documentation must be submitted to indicate this. All apprentices must be in a State or Federally approved program and must be in proper ration to the number of journeymen present.

Q: What is the proper ratio of apprentices to journeymen?

A: The apprentice ration varies depending on the craft of the workers. Contractors may contact the Department of Industrial Relations Division of Apprenticeship Standards or the Labor Compliance Section for clarification.

Q: What about Certified Payrolls?

A: Certified Payrolls provide a true and accurate record of the labor hours worked on a project. They are signed under penalty of perjury and are due weekly from the prime contractor and ALL subcontractors, owner-operators, vendors and suppliers who provide personnel to work at the job site. Prime contractors are responsible for insuring that ALL subcontractors, etc. submit the required payroll documents.

PART I
CITY OF LOS ANGELES
LABOR COMPLIANCE PROGRAM REQUIREMENTS

I. INTRODUCTION

The Bureau of Contract Administration, Office of Contract Compliance, Labor Compliance Section (LCS) is responsible for educating, assisting, monitoring and enforcing prevailing wage requirements of the applicable labor laws to insure that all contractors working on City projects are in compliance with State (California Labor Code Chapter 1 of Part 7 of Division 2) and Federal (Code of Federal Regulations 29) prevailing wage statutes and regulations.

II. LABOR COMPLIANCE PROGRAM REQUIREMENTS

- a.) The City's Labor Compliance Program (LCP) is certified under California Code of Regulations chapter 8, Section 16425. The LCS received initial certification on August 6, 1998. In establishing the LCP, the City adheres to the statutory requirements as stated in California's Labor Code Section 1771.5.
- b.) Pursuant to Labor Code Section 1771.5, the City of Los Angeles requires the payment of the general prevailing rate of per diem wages and the general prevailing rate of per diem wages for holiday and overtime work on this project.
- c.) The Labor Compliance Section monitors labor standards compliance by conducting interviews with construction workers at the job site and reviewing payroll reports and initiates and oversees any enforcement actions that may be required.
- d.) In the event that a project is federally funded, the Federal Department of Labor (DOL) has a role in monitoring Davis-Bacon administration and enforcement. A DOL investigator or other DOL representative may visit Davis-Bacon construction sites to interview construction workers or review payroll information. In the event that there is a conflict between the State prevailing wage rate and the Federal prevailing wage rate, then the higher rate shall be paid.

III. PUBLIC WORKS CONSTRUCTION PROJECTS

This project is subject to the provisions of the State laws and regulations including, but not limited to, California Labor Code Sections 226, 227, 1021, 1021.5, 3093, 3077 and 1720 through and including 1861, together with all applicable regulations (e.g., Title 8 California Code of Regulations Section 16001 et seq.). All pertinent California statutes and regulations, including those referenced above, are hereby incorporated by reference in this document as if set forth in their entirety.

IV. EMPLOYMENT OF MINORS PROHIBITED

The employment of minors, under 16 years of age, is strictly prohibited in all building and construction work of any kind per California Code of Regulations Title 8, Chapter 6, Subsection 1, Article 1 §11701(b).

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

V. YOUTH EMPLOYMENT PROGRAMS

Regardless of age or status in a youth employment program, any workers employed on Public Works projects are subject to the payment of prevailing wages.

VI. CASH PAYMENTS PROHIBITED

The City requires the Contractor and all subcontractors to make weekly wage payments to all workers employed on the project. Payments shall be made by means of a check, money order or cashier's check. Cash payments are prohibited.

VII. WORKERS DEFINED

The City defines "worker" as defined in Labor Code Section 1723, and extends the definition to include Corporate Officers, Partners, Sole Owners, Mechanics and Laborers employed or working on the site of the Work. Such workers will be paid unconditionally and not less than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act) (CFR 29 Part 3), the full amounts due at time of payment computed at wage rates not less than those contained in the wage determination decisions of the State of California Director of the Department of Industrial Relations (DIR).

VIII. PREVAILING WAGES

Payments of wages not less than those contained in the wage determination decision of the State of California Director of the Department of Industrial Relations (DIR), are in effect for the duration of this Contract. Any classes of laborers or mechanics, including apprentices, which are not listed in the applicable wage determination and which are to be employed under the Contract, shall be classified in conformance with the applicable wage determination. If the Contractor fails to request a special determination (CCR 8 §16202) within 45 days after the commencement of advertising of the call for bids, and the classification of laborers and mechanics, including apprentices, is not found in the applicable wage determination, the City reserves the right to re-classify the affected class of laborers and/or mechanics, including apprentices, to the most closely related craft as published in the applicable wage determination. If the interested parties cannot agree on the proper classification or re-classification of a particular class of laborers or mechanics, including apprentices, to be used, the question accompanied by the recommendation of the City shall be referred to the DIR for final determination.

IX. EFFECTIVE PREVAILING WAGE RATES

The State Prevailing Wage Rates are determined by the Department of Industrial Relations as prescribed in Labor Code Sections 1773 – 1773.1 and are effective 10 days after issuance. The established Prevailing Wage rates are published in the General Prevailing Wage Determinations which are issued bi-annually (occasionally, the DIR may issue an additional General Prevailing Wage Determination in the same year). The **Bid Advertise Date** determines the applicable General Prevailing Wage Determination. The expiration date indicated for each craft is followed by either a single asterisk (*) or double asterisk (**). The single asterisk (*) indicates that the wage rate will remain constant and effective throughout the duration of the contract. The double asterisk (**) indicates that the wage rate is effective

until the expiration date, and the rate to be paid for work performed after that date has already been determined. If work will extend past the expiration date, the new rate must be paid and should be incorporated in this contract. (CCR 8, §16204). To obtain the most current prevailing wage rates, contact the Office of Contract Compliance at (213) 847-5564. The rates are also available on the internet at www.dir.ca.gov.

X. PAYMENT OF PREVAILING WAGE FRINGE BENEFITS

Per diem wages shall be deemed to include employer payments for health and welfare, pension, vacation, travel time, training contributions and subsistence pay as provided for in Section 1773.8, for apprenticeship or other training programs, authorized by Section 3093. A copy of California Public Works Form PW-26, *Fringe Benefits Statement*, must be prepared by the Contractor and submitted to the OCC with the first payroll. In addition, a copy of the *Employer's Monthly Report To Trustees*, must be submitted to the OCC by the (15th) of the following month. Any worker not covered under a Trustee account will be paid a fringe benefit equivalent to that required by the DIR, associated with the minimum prevailing wage for the worker classification. Contractors not making payments to a fringe benefit trust account shall include the total fringe benefit package in the Total Hourly Wage Rate paid to the worker.

XI. APPRENTICE REQUIREMENTS

Contractors shall comply with the requirements of the apprenticeship provisions of California Labor Code Section 1777.5.

1. APPRENTICES

In accordance with California Labor Code Section 1777.5(d), a contractor (including any subcontractor) who is awarded a City of Los Angeles contract, and who employs workers in an apprenticeable craft or trade, shall employ apprentices in at least the ratios as stipulated in Labor Code Section 1777.5. California Code of Regulations Title 8 §230.1 requires contractors who are not already approved to train by an applicable joint apprenticeship committee or unilateral committee, to request the dispatch of required apprentices from one of the applicable Apprenticeship Committees whose geographic area of operation includes the site of the public work by giving the committee actual notice of 48 hours (excluding Saturdays, Sundays and holidays) before the date on which one or more apprentices are required. However, if a nonsignatory contractor declines to abide by and comply with the terms of a local committee's standards, the Apprenticeship Committee shall not be required to dispatch apprentices to such contractor. Conversely, if in response to a written request an apprenticeship Committee does not dispatch any apprentice to a contractor who has agreed to employ and train apprentices in accordance with either the Apprenticeship Committee's Standards or these regulations within 72 hours of such request (excluding Saturdays, Sundays and holidays) the contractor shall not be considered in violation as a result of failure to employ apprentices for the remainder of the project, provided that the contractor made the request in enough time to meet the ratios as stated in Labor Code Section 1777.5. If an Apprenticeship Committee dispatches fewer apprentices than the contractor requests, the contractor shall be considered in compliance if the contractor employs those apprentices who are dispatched, provided that, where there is more than one Apprenticeship Committee able and willing to unconditionally dispatch apprentices, a contractor who is not a

participant in an apprenticeship program has requested dispatch from at least two committees.

Apprentices shall be individually registered in a bona fide state or federally approved apprenticeship program. Apprentices, as defined in Labor Code Section 3077, must be registered with the State of California, Division of Apprenticeship Standards (DAS) to be eligible for employment as an apprentice on the project. Any employee listed on a payroll as an apprentice and paid the apprentice wage rate who is **not** an apprentice, as defined in California Labor Code Section 3077, shall be paid the journey level wage rate determined for the classification of work actually performed. The Contractor and sub-contractors shall furnish the City a copy of a DAS apprentice registration for each apprentice employed. The wage rates paid to the apprentices shall not be less than the applicable wage determination as determined by the Department of Industrial Relations Division of Apprenticeship Standards (Contact DAS at (510) 622-3259 or (213) 576-7750).

2. RATIOS

The ratio of apprentice work to journeyman work shall conform to the requirements as mandated in Section 1777.5 of the California Labor Code. In the event that the Contractor fails to comply with apprenticeship requirements as mandated by California Labor Code Section 1777.5, the Contractor shall be subject to penalties in accordance with California Labor Code Section 1777.7. If the Contractor fails to comply with the ratios as determined by the DAS, the City will issue a "Notice of Reprimand" and forward the matter to the DAS.

XII. LIABILITY FOR UNPAID WAGES

a.) As required by Labor Code Section 1775, the Contractor and any Subcontractor shall forfeit to the City not more than fifty dollars (\$50) per day for each worker who is paid less than the prevailing wage rate (including fringe benefits) required. Additionally, Section 1813 of the Code requires the Contractor or subcontractor to forfeit twenty-five dollars (\$25) to the City for each worker employed in the execution of the Contract for each calendar day a worker is permitted or required to work in excess of 8 hours per day or 40 hours per week at a rate less than 1 1/2 times the hourly rate of pay for the worker classification involved. Moreover, the City may withhold payment from the Contractor to ensure that the Contractor's obligation to pay prevailing wage rates is met.

b.) The **Contract Work Hours and Safety Standards Act** (CWHSSA) requires time and one-half pay for overtime as defined by the Federal government. In the event that this project is federally funded, an additional penalty of \$10/day per violation will be strictly enforced for under-payment of the overtime rate. Intentional violations of CWHSSA standards are considered a Federal criminal misdemeanor.

c.) California Labor Code Section 1778 makes it a felony for anyone to require any laborer or mechanic employed on a public works project to **kickback** any portion of their wages. The **Copeland (Anti-Kickback) Act** is the federal statute that makes it a felony to require any laborer or mechanic employed on a Federal or Federally Assisted public works project to return any portion of his/her wages in connection with services rendered upon any public work.

XIII. POSTING

The Contractor shall post at each job site, in a conspicuous location readily available to the workers, a copy of all applicable wage determinations.

XIV. JOINT LABOR COMPLIANCE MONITORING PROGRAM

The Contractor, and all subcontractors, shall cooperate in allowing approved Compliance Group Representatives access to the project job site for the purpose of conducting worker interviews to insure compliance with the requirement to pay proper prevailing wages on City projects. This will be done in order to comply with the Board of Public Works' August 20, 2004 adoption of a Joint Labor Compliance Monitoring Program. Each Compliance Group Representative must wear their City-issued Joint Labor Compliance Monitoring Program identification badge at all times while on the job site, and must restrict their actions to interviewing workers employed on the project. For a copy of the Joint Labor Compliance Monitoring Program board report, or for any questions, contact the Office of Contract Compliance at (213) 847-6480.

XV. CERTIFIED PAYROLL RECORDS

a.) The Contractor shall adhere to the provisions of Labor Code Section 1776.

The payroll records referred to must include the employee's:

- A. name;
- B. address;
- C. social security number;
- D. work classification;
- E. straight time hours per day and total per week;
- F. overtime hours per day and total per week;
- G. hourly pay rate(s);
- H. gross wages earned this project;
- I. gross wages earned on all other projects;
- J. itemized deductions;
- K. actual per diem wages paid; and
- L. payroll check numbers.

In addition, the records must identify apprentices and the ratio of apprentices to journeymen.

b.) The copy of payrolls shall be submitted to the City **weekly** and shall be accompanied by a Statement of Compliance, **signed in ink** by the Contractor or the contractor's agent attesting that the payrolls are correct and complete and the wage rates contained therein are not less than those set by the applicable wage determinations incorporated into this Contract. Provided all information and certifications required by California law are included therein, the Contractor may use the provided Certified Payroll Report or any form approved by the DIR or use its own payroll form provided it includes the same information and certifications. The City reserves the right to **reject incomplete** payroll reports and request resubmittal of complete reports.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

c.) The Contractor shall be responsible for the submission of copies of payrolls of any and all Subcontractors. In the event that subcontractor payrolls are not submitted, the City may withhold contract payments from the Contractor.

d.) Payroll data pertaining to owner-operators must be submitted on Certified Payroll Reports as mentioned previously in this section. Listing any individual as "Owner-Operator" **will not** be accepted as the classification is not recognized by the California Department of Industrial Relations' Division of Labor Statistics and Research.

All payrolls are to be submitted to:

Office of Contract Compliance
1149 South Broadway, Suite 1300
Los Angeles, California 90015

e.) As required by Labor Code Section 1776 (g), the Contractor shall forfeit to the City twenty-five (\$25) per day, per worker, for failing to comply strictly with requests by the City for submittal of payroll documents and all supporting documents which includes, but is not limited to, cancelled checks, time sheets, W-4 Forms, W-2 Forms, DE-6 Forms, and any other forms utilized in the course of business that are relevant to the payment of wages.

XVI. WORKING HOURS

a.) Generally, the Contractor shall not employ a worker more than eight (8) hours in a calendar day or forty (40) hours in a calendar week except upon compensation of one and one-half (1½) times the basic rate of pay for all hours worked in excess of eight (8) hours per day and forty (40) hours per week. Special rules may apply to specific worker classifications. See applicable wage determinations for overtime definitions. Recognized holidays shall be consistent with area practice in determining the applicability of overtime wage rates.

b.) The Portal-to-Portal Act does not allow employers to forego payments to its employees for compulsory travel time and overtime. A worker required to report to the employer's place of business to load tools and material and to be transported to the job site are entitled to be paid for travel time at the applicable rate as set forth in the General Area Wage Determinations. All "hours worked" must be included in calculating any overtime including time denominated as compulsory travel time. The Portal-to-Portal Act applies to public works project that are funded in whole or in part with federal funds and excludes from the workday travel to or from the workplace by an employee (29 USC 254 (a)(1)). Under section 254(a), this includes work performed pursuant to contracts awarded by the federal government under the Davis-Bacon Act. However, the Portal-to-Portal Act, to the degree it amends the Davis-Bacon Act, does not supercede any aspect of the California Prevailing Wage Law and is not applicable to compulsory travel time incurred in the performance of a California awarding body's public work project when determining the "hours worked" as noted by the California Supreme Court in *Morrillion v. Royal Packing Company* (2000) 22 Cal. 4th 575, 94 Cal. Rptr.2d3, "The California Labor Code and the Industrial Welfare Commission (IWC) wage orders do not contain an express exemption for travel time similar to that of the Portal-to-Portal Act. ...In contrast to these specific findings showing the congressional intent, the Legislature has not similarly identified existing evils under state law." (Id. at p.590.)

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

In reviewing the history of the IWC's Wage Order No. 14-80, the California Supreme Court said, "The IWC added the phrase 'the time during which an employee is subject to the control of the employer' to the definition of 'hours worked.' ...Absent convincing evidence of the IWC's intent to adopt the federal standard for determining whether time spent traveling is compensable under state law, we decline to import any federal standard, which expressly eliminates substantial protections to employees. Accordingly, we do not give much weight to the federal authority." (Id. at p. 590-591) Finally, the California Supreme Court observed, "our departure from the federal authority is entirely consistent with the recognized principle that state law may provide employees greater protection than the F.L.S.A. [Fair Labor Standards Act]." (Id. at p. 592.)

XVII. WITHHOLDING PAYMENTS FOR LABOR COMPLIANCE VIOLATIONS

In accordance with Labor Code Section 1727, the City may withhold, from any monies payable on account of work performed by the Contractor or Subcontractor, such sums as may administratively be determined to be necessary to satisfy any liabilities of the Contractor or its Subcontractor for unpaid wages and liquidated damages as specified in this Section. In the event of failure to pay any laborer or mechanic, including any apprentice, employed or working on the site of the Work, all or part of wages required by the Contract, the City may, after written notice to the Contractor (Notice of Withholding Contract Payments), take such action as may be necessary to cause the suspension of further payment, advance or guarantee of funds until such violations have ceased.

XVII. DISPUTES

The City's Labor Compliance Program administered by the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, Labor Compliance Section shall adhere to the provisions of Labor Code Section 1771.6 and will provide the Contractor or Subcontractor an opportunity for review of assessed wages and penalties pursuant to the provisions of Labor Code Section 1742.

PART II

LABOR COMPLIANCE PROGRAM REQUIREMENTS –

FEDERALLY FUNDED/ASSISTED CONSTRUCTION

PROJECTS

Projects receiving full or partial federal funds are subject to the regulations listed below, in addition to any and all applicable California labor requirements.

I. DAVIS-BACON REGULATIONS

The U.S. Department of Labor (DOL) has published rules and instructions concerning Davis-Bacon and other labor laws in the Code of Federal Regulations (CFR) and can be found in Title 29 CFR Parts 1, 3, 5, 6 and 7. Part 1 explains how the DOL establishes and publishes Davis-Bacon Act wage determinations and provides instructions on how to use the determinations. Part 3 describes the Copeland Act requirements for payroll deductions and the submission of weekly certified payroll reports. Part 5 covers the labor standards provisions that are in each contract relating to Davis-Bacon Act wage rates and the responsibilities of contractors and contracting agencies to administer and enforce the provisions. Part 6 provides for administrative proceedings enforcing Federal labor standards on construction and service contracts. Part 7 sets parameters for due process procedures

before the Wage Appeals Board (renamed Administrative Review Board). These regulations are used as the basis for administering and enforcing the laws.

The Davis-Bacon Act

The Davis-Bacon Act requires the payment of prevailing wage rates (which are determined by the DOL) to all laborers and mechanics on Federal construction projects in excess of \$2,000. Construction includes alteration and/or repair, including painting and decorating, of public buildings or public works.

The Contract Work Hours and Safety Standards Act (CWHSSA)

CWHSSA requires time and one-half pay for overtime (O/T) hours (over 40 hours in any work week) worked on the covered project. The CWHSSA applies to both direct Federal contracts and to indirect Federally-assisted contracts *except* where the assistance is solely in the nature of a loan guarantee or insurance. CWHSSA violations carry a liquidated damages penalty (\$10/day per violation). Intentional violations of CWHSSA standards are considered a Federal criminal misdemeanor.

The Copeland Act (Anti-Kickback Act)

The Copeland Act makes it a crime for anyone to require any laborer or mechanic (employed on a Federal or Federally-assisted project) to *kickback* any part of their wages. The Copeland Act also requires every employer (contractors and subcontractors) to submit weekly certified payroll reports (CPRs).

The Fair Labor Standards Act (FLSA)

The FLSA contains Federal minimum wage rates and overtime (O/T) requirements. These requirements generally apply to any labor performed and may be *pre-empted* by other Federal standards such as the Davis-Bacon Act prevailing wage requirements and CWHSSA O/T provisions. Only the Department of Labor has the authority to administer and enforce the FLSA. The Office of Contract Compliance (OCC) will refer any possible FLSA violations that are found on projects to the DOL.

II. CONSTRUCTION CONTRACT PROVISIONS

Each contract subject to Federal (Davis-Bacon) labor standards requirements must contain contract provisions containing labor standards clauses and a 12 Davis-Bacon Wage Decision. These documents are bound into the contract specifications.

The Labor Standards Clauses

The labor standards clauses describe the responsibilities of the contractor concerning Davis-Bacon wages and obligate the contractor to comply with the labor requirements. The labor standards clauses also provide for remedies in the event of violations, including withholding from payments due to the contractor to ensure the payment of wages or liquidated damages which may be found due. These contract clauses enable the contract administrator to enforce the Federal labor standards applicable to the project.

Davis-Bacon Wage Decisions

The Davis-Bacon Wage Decision is a listing of various construction work classifications such as Carpenter, Plumber, and Electrician, and the minimum wage rates (and fringe benefits, where prevailing) that employees performing work in those classifications must be paid.

ORDINANCE NO. 175115

An ordinance amending Section 10.8.2.1 of the Los Angeles Administrative Code in its entirety to clarify the requirement that City contractors shall not discriminate in the provision of employee benefits between employees with spouses and employees with domestic partners.

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

Section 1. Section 10.8.2.1 of the Los Angeles Administrative Code is amended to read:

Sec. 10.8.2.1. Equal Benefits Ordinance.

(a) **Legislative Findings.** The City awards many contracts to private firms to provide services to the public and to City government. Many City contractors and subcontractors perform services that affect the proprietary interests of City government in that their performance impacts the success of City operations. The City holds a proprietary interest in the work performed by many employees employed by City contractors and subcontractors. In a very real sense, the success or failure of City operations may turn on the success or failure of these enterprises, for the City has a genuine stake in how the public perceives the services rendered for them by these businesses.

Discrimination in the provision of employee benefits between employees with domestic partners and employees with spouses results in unequal pay for equal work. Los Angeles law prohibits entities doing business with the City from discriminating in employment practices based on marital status and/or sexual orientation. The City's departments and contracting agents are required to place in all City contracts a provision that the company choosing to do business with the City agrees to comply with the City's nondiscrimination laws.

It is the City's intent, through the contracting practices outlined in this Ordinance, to assure that those companies wanting to do business with the City will equalize the total compensation between similarly situated employees with spouses and with domestic partners. The provisions of this Ordinance are designed to ensure that the City's contractors will maintain a competitive advantage in recruiting and retaining capable employees, thereby improving the quality of the goods and services the City and its people receive, and ensuring protection of the City's property.

(b) **Definitions.** For purposes of the Equal Benefits Ordinance only, the following shall apply.

- (1) **Awarding Authority** means any Board or Commission of the City, or any employee or officer of the City, that is authorized to award or enter into any Contract, as defined in this ordinance, on behalf of the City, and shall include departments having control of their own funds and which adopt policies consonant with the provisions of the Equal Benefits Ordinance.
- (2) **Benefits** means any plan, program or policy provided or offered by a Contractor to its employees as part of the employer's total compensation package. This includes but is not limited to the following types of benefits: bereavement leave, family medical leave, health benefits, membership or membership discounts, moving expenses, pension and retirement benefits, and travel benefits.
- (3) **Cash Equivalent** means the amount of money paid to an employee with a Domestic Partner (or spouse, if applicable) in lieu of providing Benefits to the employee's Domestic Partner (or spouse, if applicable). The Cash Equivalent is equal to the direct expense to the employer of providing Benefits to an employee for his or her Domestic Partner (or spouse, if applicable) or the direct expense to the employer of providing Benefits for the dependents and family members of an employee with a Domestic Partner (or spouse, if applicable).
- (4) **City** means the City of Los Angeles.
- (5) **Contract** means an agreement the value of which exceeds \$5,000. It includes agreements for work or services to or for the City, for public works or improvements to be performed, agreements for the purchase of goods, equipment, materials, or supplies, or grants to be provided, at the expense of the City or to be paid out of monies under the control of the City. The term also includes a Lease or License, as defined in the Equal Benefits Ordinance.
- (6) **Contractor** means any person or persons, firm, partnership, corporation, joint venture, or any combination of these, or any governmental entity acting in its proprietary capacity, that enters into a Contract with any Awarding Authority of the City. The term does not include Subcontractors.
- (7) **Designated Administrative Agency (DAA)** means the Office of the City Administrative Officer.
- (8) **Domestic Partner** means any two adults, of the same or different sex, who have registered as domestic partners with a governmental entity pursuant to state or local law authorizing this registration or with an internal registry maintained by the employer of at least one of the domestic partners.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

- (9) **Equal Benefits Ordinance** means Los Angeles Administrative Code Section 10.8.2.1, *et seq.*, as amended from time to time.
- (10) **Equal Benefits** means the equality of benefits between employees with spouses and employees with Domestic Partners, between spouses of employees and Domestic Partners of employees, and between dependents and family members of spouses and dependents and family members of Domestic Partners.
- (11) **Lease or License** means any agreement allowing others to use property owned or controlled by the City, any agreement allowing others the use of City property in order to provide services to or for the City, such as for concession agreements, and any agreement allowing the City to use property owned or controlled by others.
- (12) **Subcontractor** means any person or persons, firm, partnership, corporation, joint venture, or any combination of these, and any governmental entity, that assists the Contractor in performing or fulfilling the terms of the Contract. Subcontractors are not subject to the requirements of the Equal Benefits Ordinance unless they otherwise have a Contract directly with the City.

(c) Equal Benefits Requirements.

- (1) No Awarding Authority of the City shall execute or amend any Contract with any Contractor that discriminates in the provision of Benefits between employees with spouses and employees with Domestic Partners, between spouses of employees and Domestic Partners of employees, and between dependents and family members of spouses and dependents and family members of Domestic Partners.
- (2) A Contractor must permit access to and, upon request, must provide certified copies of all of its records pertaining to its Benefits policies and its employment policies and practices to the DAA, for the purpose of investigation or to ascertain compliance with the Equal Benefits Ordinance.
- (3) A Contractor must post a copy of the following statement in conspicuous places at its place of business available to employees and applicants for employment: "During the performance of a Contract with the City of Los Angeles, the Contractor will provide equal benefits to its employees with spouses and its employees with domestic partners." The posted statement must also include a City contact telephone number that will be provided each Contractor when the Contract is executed.
- (4) A Contractor must not set up or use its contracting entity for the purpose of evading the requirements imposed by the Equal Benefits Ordinance.

(d) Other Options for Compliance. Provided that the Contractor does not discriminate in the provision of Benefits, a Contractor may also comply with the Equal Benefits Ordinance in the following ways:

- (1) A Contractor may provide an employee with the Cash Equivalent only if the DAA determines that either:
 - a. The Contractor has made a reasonable, yet unsuccessful effort to provide Equal Benefits; or
 - b. Under the circumstances, it would be unreasonable to require the Contractor to provide Benefits to the Domestic Partner (or spouse, if applicable).
- (2) Allow each employee to designate a legally domiciled member of the employee's household as being eligible for spousal equivalent Benefits.
- (3) Provide Benefits neither to employees' spouses nor to employees' Domestic Partners.

(e) Applicability.

- (1) Unless otherwise exempt, a Contractor is subject to and shall comply with all applicable provisions of the Equal Benefits Ordinance.
- (2) The requirements of the Equal Benefits Ordinance shall apply to a Contractor's operations as follows:
 - a. A Contractor's operations located within the City limits, regardless of whether there are employees at those locations performing work on the Contract.
 - b. A Contractor's operations on real property located outside of the City limits if the property is owned by the City or the City has a right to occupy the property, and if the Contractor's presence at or on that property is connected to a Contract with the City.
 - c. The Contractor's employees located elsewhere in the United States but outside of the City limits if those employees are performing work on the City Contract.
- (3) The requirements of the Equal Benefits Ordinance do not apply to collective bargaining agreements ("CBA") in effect prior to January 1, 2000. The Contractor must agree to propose to its union that the requirements of the Equal Benefits Ordinance be incorporated into its CBA upon amendment, extension, or other modification of a CBA occurring after January 1, 2000.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL

- (1) During the performance of the Contract, the Contractor certifies and represents that the Contractor will comply with the Equal Benefits Ordinance.
- (2) The failure of the Contractor to comply with the Equal Benefits Ordinance will be deemed to be a material breach of the Contract by the Awarding Authority.
- (3) If the Contractor fails to comply with the Equal Benefits Ordinance the Awarding Authority may cancel, terminate or suspend the Contract, in whole or in part, and all monies due or to become due under the Contract may be retained by the City. The City may also pursue any and all other remedies at law or in equity for any breach.
- (4) Failure to comply with the Equal Benefits Ordinance may be used as evidence against the Contractor in actions taken pursuant to the provisions of Los Angeles Administrative Code Section 10.40, *et seq.*, Contractor Responsibility Ordinance.
- (5) If the DAA determines that a Contractor has set up or used its Contracting entity for the purpose of evading the intent of the Equal Benefits Ordinance, the Awarding Authority may terminate the Contract on behalf of the City. Violation of this provision may be used as evidence against the Contractor in actions taken pursuant to the provisions of Los Angeles Administrative Code Section 10.40, *et seq.*, Contractor Responsibility Ordinance.

(g) Administration.

- (1) The DAA is responsible for the enforcement of the Equal Benefits Ordinance for all City Contracts. Each Awarding Authority shall cooperate to the fullest extent with the DAA in its enforcement activities.
- (2) In enforcing the requirements of the Equal Benefits Ordinance, the DAA may monitor, inspect, and investigate to insure that the Contractor is acting in compliance with the Equal Benefits Ordinance.
- (3) The DAA shall promulgate rules and regulations and forms for the implementation of the Equal Benefits Ordinance. No other rules, regulations or forms may be used by an Awarding Authority of the City to accomplish this contract compliance program.

(h) Enforcement.

- (1) If the Contractor fails to comply with the Equal Benefits Ordinance:
 - a. The failure to comply may be deemed to be a material breach of the Contract by the Awarding Authority; or
 - b. The Awarding Authority may cancel, terminate or suspend, in whole or in part, the contract; or
 - c. Monies due or to become due under the Contract may be retained by the City until compliance is achieved;
 - d. The City may also pursue any and all other remedies at law or in equity for any breach.
 - e. The City may use failure to comply with the Equal Benefits Ordinance as evidence against the Contractor in actions taken pursuant to the provisions of Los Angeles Administrative Code Section 10.40, *et seq.*, Contractor Responsibility Ordinance.

(i) Non-applicability, Exceptions and Waivers.

- (1) Upon request of the Awarding Authority, the DAA may waive compliance with the Equal Benefits Ordinance under the following circumstances:
 - a. The Contract is for the use of City property, and there is only one prospective Contractor willing to enter into the Contract; or
 - b. The Contract is for needed goods, services, construction of a public work or improvement, or interest in or right to use real property that is available only from a single prospective Contractor, and that prospective Contractor is otherwise qualified and acceptable to the City; or
 - c. The Contract is necessary to respond to an emergency that endangers the public health or safety, and no entity which complies with the requirements of the Equal Benefits Ordinance capable of responding to the emergency is immediately available; or
 - d. The City Attorney certifies in writing that the Contract involves specialized litigation requirements such that it would be in the best interests of the City to waive the requirements of the Equal Benefits Ordinance; or
 - e. YOU MUST SUBMIT SUPPORTING DOCUMENTATION TO VERIFY EACH BENEFIT MARKED. Without proper documentation for each carrier and each benefit marked, your company cannot be certified as complying with the EBO. If documentation for a particular benefit does not exist, attach an explanation. Refer to the "Documentation to Verify Compliance with the Equal Benefits Ordinance" fact sheet for more information on the type of documentation that must be submitted to verify compliance with the EBO.

If in the Table in Section 2 you indicated that your company does not provide all benefits equally throughout its entire operations to all your employees with spouses and employees with domestic partners of the same and different sex, you may:

- a. Request additional time to comply with the EBO. Provisional Compliance may be granted to Contractors who agree to fully comply with the EBO but need more time to incorporate the requirements of the EBO into their operations. Submit the Application for Provisional Compliance (OCC/EBO-3) and supporting documentation with this Compliance Form.
- b. Request to be allowed to comply with the EBO by providing affected employees with the cash equivalent. Your company must agree to provide employees with a cash equivalent. In most cases, the cash equivalent is the amount of money equivalent to what your company pays for spousal benefits that are unavailable for domestic partners, or vice versa. Submit a completed Application for Reasonable Measures Determination (OCC/EBO-2) and supporting documentation with this Compliance Form.
- c. Comply on a Contract-by-Contract Basis. Compliance may be granted on a contract-by-contract basis for those Contractors who have multiple locations in the U.S. but cannot comply with the EBO throughout the Contractor's operations. Indicate below the compliance category you are requesting:
 - Contractor has multiple operations located both within and outside City limits. Contractor will comply with the EBO only for the operation(s) located within City limits and for employee(s) located elsewhere in the United States who perform work relating to the City agreement. Supporting documentation for the affected operation(s)/employees must be submitted.
 - Contractor has no offices within City limits but does have (an) employee(s) working on the City agreement located elsewhere in the United States. DOCUMENTATION TO VERIFY COMPLIANCE WITH THE EQUAL BENEFITS ORDINANCE

Section 2 of the Equal Benefits Ordinance Compliance Form (Form OCC/EBO-1) requires that you submit supporting documentation to the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance to verify that all benefits marked in your response(s) are offered in a nondiscriminatory manner. This list is intended to be used only as a guide for the type of documentation needed.

Health, Dental, Vision Insurance: A statement from your insurance provider that spouses and domestic partners receive equal coverage in your medical plan. This may be in a letter from your insurance provider or reflected in the eligibility section of your official insurance plan document. Note that "domestic partner" includes same-sex as well as different-sex partners so that the definition of "domestic partner" contained in the plan document must include different-sex partners.

Pension/401(k) Plans: Documentation should indicate that participating employees may designate a beneficiary to receive the amount payable upon the death of the employee. Submit a blank beneficiary designation form.

Bereavement Leave: Your bereavement leave or funeral leave policy indicating the benefit is offered equally. If your policy allows employees time off from work because of the death of a spouse, it should also allow for time off because of the death of a domestic partner. If the policy allows time off for the death of a parent in-law or other relative of a spouse, it must include time off for the death of a domestic partner's equivalent relative.

Family Leave: Your company's Family and Medical Leave Act policy. All companies with 50 or more employees must offer this benefit. Your policy should indicate that employees may take leave because of the serious medical condition of their spouse or domestic partner.

Parental Leave: Your company's policy indicating that employees may take leave for the birth or adoption of a child. If leave is available for stepchildren (the spouse's child) then leave should also be made available for the child of a domestic partner.

Employee Assistance Program (EAP): The benefit typically refers to programs that allow employees and their family members access to counselors who provide short-term counseling and referrals to assist in dealing with issues such as family problems, addiction, and financial and legal difficulties. Your company's EAP policy must confirm that spouses, domestic partners and their parents and children are equally eligible (or ineligible) for such benefits. If provided through a third party, a statement from the third party provider regarding eligibility is required.

Relocation & Travel: Your company's policy confirming that expenses for travel or relocation will be paid on the same basis for spouses and domestic partners of employees.

Company Discounts, Facilities & Events: Your company's policy confirming that to the extent discounts, facilities (such as a gym) and events (such as a company holiday party) are equally available to spouses and domestic partners of employees.

Credit Union: Documentation from the credit union indicating that spouses and domestic partners have equal access to credit union services.

Child Care: Documentation that the children of spouses (step-children) and children of domestic partners have equal access to childcare services.

Other Benefits: Documentation of any other benefits listed to indicate that they are offered equally.

INSTRUCTIONS FOR COMPLETING EQUAL BENEFITS ORDINANCE FORMS

1. **Start with the Equal Benefits Ordinance (EBO) Compliance Form (Form OCC/EBO-1).** Your company must be determined to be in compliance with the EBO before a contract with the City may be executed. In Section 2 of the form, indicate what benefits your company currently offers its employees. If a benefit is not offered, indicate the benefit is not offered.

If your company currently does not offer equal benefits to employees with spouses and employees with same or different sex domestic partners, you may, on page two of the EBO Compliance Form, request one of the following by checking the appropriate box on the form:

- a. **Request additional time to come into compliance with the EBO.** This is available to contractors who agree to fully comply with the EBO but need additional time to add domestic partner coverage, to change company policies, or to negotiate the addition of domestic partner coverage to a collective bargaining agreement. Complete the Application for Provisional Compliance (Form OCC/EBO-3) and return it with the EBO Compliance Form (Form OCC/EBO-1). You must submit supporting documentation to verify why additional time is needed.
- b. **Request to be allowed to comply with the EBO by providing employees the cash equivalent.** This is available to contractors who meet both of the following: (1) agree to provide employees with domestic partners the cash equivalent of the benefits offered to employees with spouses; and (2) have demonstrated that they have taken reasonable yet unsuccessful efforts to comply, or that it would be unreasonable under the circumstances to require the contractor to provide equal benefits rather than pay the cash equivalent to employees. Complete the Application for Reasonable Measures Determination (Form OCC/EBO-2) and return it with the EBO Compliance Form (Form OCC/EBO-1). You must submit the supporting documentation requested in the Reasonable Measures Form.
- c. **Request to be allowed to comply with the EBO on a contract-by-contract basis.** If your company can only comply with the EBO for those locations or employees covered by the EBO, you may apply for compliance on a contract-by-contract basis. Contact the Department of Public Works, Office of Contract Compliance for additional information. Check the appropriate box on the EBO Compliance Form (Form OCC/EBO-1) and submit supporting documentation regarding the locations and employees affected by the EBO.

2. **Obtain supporting documentation.** The City must verify that each benefit offered by your company is offered equally. Refer to the EBO supporting documentation information sheet for the type of documentation that will be required. You must submit supporting documentation for each benefit checked in Question 2 of the EBO Compliance Form (Form OCC/EBO-1).

Unless otherwise specified in the RFB/RFP/RFQ/IFB, you do not need to submit supporting documentation with the bid or proposal. However, because supporting documentation will be required if you are selected for award of a contract, you must have the supporting documentation readily available for submission. A delay in the submission of documentation will result in a delay in the execution of your contract. If you have already been notified that you have been selected for the award of a contract, supporting documentation must be submitted immediately to avoid delays.

3. **Submit the EBO Compliance Form (Form OCC/EBO-1) to the awarding department.** If you are requesting additional time to comply or to be allowed to pay employees the cash equivalent, you must also submit the appropriate forms (see #1 above) and supporting documentation with the EBO Compliance Form.
4. **The forms and documentation will be forwarded to the Office of Contract Compliance for review.** If additional information or supporting documentation is needed, the Contractor Enforcement Section will contact you to obtain the information. Because your contract cannot be executed until you have been determined to be in compliance with the EBO, you must respond promptly to any request for additional information.

APPLICATION FOR REASONABLE MEASURES DETERMINATION - CASH EQUIVALENT COMPLIANCE

Name of Company	Federal ID Number		
Street Address	City	State	Zip
Contact Person/Title	Telephone Number	Fax Number	

Before the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance (OCC) will approve a contractor's application to comply with the Equal Benefits Ordinance (EBO) by paying a cash equivalent, the OCC must determine that: (a) the contractor has made a reasonable yet unsuccessful effort to provide equal benefits; or (b) under the circumstances, it would be unreasonable to require the contractor to provide benefits to domestic partners (or spouses if applicable). To apply, contractors must submit:

2. An explanation and documentation that demonstrates: (a) the Contractor has made a reasonable, yet unsuccessful, effort to provide equal benefits; or (b) under the circumstances, it would be unreasonable to require the contractor to provide equal benefits rather than paying the cash equivalent. See EBO Regulation #2B (1)(a) and #2B (1)(b).
3. This completed application. Fill in the company's information, then read and sign the acknowledgement below.
4. A completed Equal Benefits Ordinance Compliance Form (Form OCC/EBO-1). Be certain that box "b" on page two of the form is checked.
5. A draft of the memorandum that will be distributed to affected employees informing them of the cash equivalent option.
6. Copies of the revised policies, such as bereavement, for which the cash equivalent is not applicable.

If approved by the OCC, a contractor will be allowed to comply with the EBO by paying its employees with domestic partners the cash equivalent of benefits made available to the spouses of its employees. The cash equivalent is the difference between the amount an employer pays to provide an employee with spousal or family coverage and the amount that an employer pays to provide an employee with employee-only coverage. For example, an employer pays \$200 per month to provide benefits for an employee and his/her spouse, and \$150 per month to provide benefits for an employee with employee-only coverage. The cash equivalent that must be paid to the employee with a domestic partner is \$50 per month.

For benefits for which a cash equivalent is not applicable, such as bereavement leave, the employer must amend its policies so that domestic partners are treated in the same manner as spouses. For example, if the policy allows an employee three days off in the event of the death of a spouse or the spouse's parents, the policy must be amended to allow an employee three days off in the event of the death of a domestic partner or the domestic partner's parents.

ACKNOWLEDGEMENT REGARDING APPLICATION

I declare under penalty of perjury under the laws of the State of California that I am authorized to bind the company/entity listed above. I understand that this Application must be approved by the OCC before compliance by paying the cash equivalent will be allowed. By signing below, I agree on behalf of the company that if this Application is approved by the OCC, the company will comply with the EBO by providing employees with domestic partners the cash equivalent of the benefits that are made available to employees with spouses. For those benefits to which the cash equivalent is not applicable, such as for bereavement leave or family leave, the company agrees to amend its policies so that the domestic partners of employees will be treated in the same manner as the spouse of an employee. The relatives of domestic partners will be treated in the same manner as relatives of spouses. The company further agrees to provide a memorandum notifying our affected employees of the availability of the cash equivalent option if they have domestic partners for whom equal benefits cannot be provided.

By the end of negotiations, we agree to notify the OCC of the result by submitting a statement which will indicate: (1) when the issue of same and different sex domestic partners was raised during negotiations; and (2) whether or not the EBO requirements was incorporated into the CBA. Each year the City spends millions of dollars contracting for the delivery of products and services from private sector contractors. The prudent expenditure of public dollars requires that the City's procurement process result in the selection of qualified and responsible contractors. While most products and services are delivered in accordance with the terms of the contract, there are exceptions. Accordingly, the contractor's prior performance on City contracts would be particularly important to know. Therefore, the purpose of this Article is to implement a contractor evaluation program and establish data bases on contractor performance. The contractor evaluation program will assure that contractors are routinely evaluated in accordance with approved criteria and that this evaluative data is catalogued and readily accessible to and considered by contract awarding authorities prior to entering into contracts.

FOR CONTRACTORS -
CONSTRUCTION & DEMOLITION
WASTE RECYCLING ORDINANCE
EFFECTIVE JANUARY 1, 2011

THE CONSTRUCTION & DEMOLITION (C&D) WASTE RECYCLING ORDINANCE ESTABLISHES RECYCLING REQUIREMENTS FOR C&D WASTE GENERATED WITHIN THE CITY. THE ORDINANCE IS EFFECTIVE JANUARY 1, 2011.

ON-SITE SOURCE SEPARATION OF C&D RECYCLABLES REMAINS THE CITY'S PRIMARY PREFERENCE FOR DIVERSION, AND IS EXEMPT FROM MANY REQUIREMENTS OF THIS ORDINANCE.

ANY C&D WASTE REMAINING AFTER ON-SITE SOURCE SEPARATION MUST BE LAWFULLY DELIVERED IN ACCORDANCE WITH THE C&D WASTE RECYCLING ORDINANCE.

THE KEY ELEMENTS OF THE C&D WASTE RECYCLING ORDINANCE ARE AS FOLLOWS:

- ❖ All non-source separated C&D waste generated within the City (any amount) can only be taken to City Certified Processors of C&D waste.
- ❖ C&D waste can only be legally collected, removed, or transported by City Permitted Solid Waste Haulers.
- ❖ If you collect, remove, or transport C&D waste from City sites, then you must obtain a Solid Waste Hauler Permit from the Bureau of Sanitation.
- ❖ If you use independent waste haulers to collect, remove, or transport C&D waste from City sites, the hauler must be permitted and selected from the Bureau of Sanitation's authorized list of Permitted Solid Waste Haulers. If you do not use a City Permitted Waste hauler, you become the hauler and responsible for the disposition of the mixed waste and potential penalties.
- ❖ Bins used to collect, remove or transport C&D waste must be clearly marked with the name and phone number of the owner of the bin.
- ❖ Penalties of up to \$5,000 will be assessed, against the hauler, for the unlawful disposition of C&D waste per each load of C&D waste not taken to City Certified Processors of C&D waste.
- ❖ Further, collecting, removing or transporting C&D waste within the City without a valid Solid Waste Hauler Permit is a criminal misdemeanor subject to fines and/or imprisonment.

Frequently Asked Questions

1. Question: What are the benefits of being DBE or ACDBE certified?

Answer: As a member of the California Unified Certification Program (CUCP), the City of Los Angeles provides "one-stop shopping" certification services to small minority-owned and women-owned businesses seeking to participate as a Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantage Business Enterprise (ACDBE) in contracts funded by the United States Department of Transportation. The CUCP also eliminates the need for DBE and ACDBE firms to obtain certifications from multiple agencies within the State. It is not necessary to apply for DBE and ACDBE certification at more than one agency. The program provides free marketing exposure for your business through a statewide database and directory.

2. Question: What are the differences among the Minority Business Enterprise/Women Business Enterprise (MBE/WBE) program, Disadvantaged Business Enterprise (DBE) program and Airport Concessions Disadvantage Business Program (ACDBE)?

Answer: Subject to the City of Los Angeles (local program), a Minority Business Enterprise (MBE) is a business concern that is at least 51% owned by one or more individuals who are Black American, Hispanic American, Native American, Asian-Pacific American, or Subcontinent Asian American; and whose management and daily operations are controlled by one or more of these owners.

A Women Business Enterprise (WBE) is a business concern that is at least 51% owned by one or more women; and whose management and daily business operations are controlled by one or more women owners. MBE and WBE certifications are relevant to city-funded contracts.

Subject to the U.S. Department of Transportation (Federal Program) a Disadvantaged Business Enterprise (DBE) is a "small business concern" as defined by the U.S. Small Business Administration, that is at least 51% owned and controlled by one or more socially and economically disadvantaged individuals (Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Subcontinent Asian Americans or Women). The qualifying individuals must separately exhibit a personal net worth (PNW) that does not exceed \$1,320,000.

A firm certified as an ACDBE is similar to a DBE but is usually located and works in an airport. Subject to the USDOT, an ACDBE is the same as a DBE (ownership and control) but must be a business that is located at the airport providing good or services to the public; or a business not located at the airport but providing goods and services to concessions or providing certain activities that take place on the airport.

ACDBE applicants are also subject to the PNW limit of \$750,000 with an additional \$3.0 million exclusion if an applicant can document that personal assets are necessary to obtain financing to open or expand a concession business. Both the DBE and ACDBE certifications pertain to contracts funded by the Federal Department of Transportation (USDOT).

3. Question: What is the size requirement to be qualified as a DBE or ACDBE?

Answer: A DBE firm (including its affiliates) must be an existing small business, as defined by the SBA (13 CFR 121). Even if SBA requirements are met, a firm is not an eligible DBE if it has average annual gross receipts over the firm's previous three tax years that exceed \$22.41 million. An ACDBE firm's average gross receipts over the previous three tax years cannot exceed \$52.47 million.

4. Question: How does a firm become certified with the City of Los Angeles?

Answer: Applicants may request an application by writing to the Bureau of Contract Administration, Office of Contract Compliance (OCC), 1149 South Broadway, Suite 300, Los Angeles, CA 90015, or by calling (213) 847-2684. You may also download the applications from the link at Certification Applications.

5. Question: How can I get assistance with completing the application forms?

Answer: Assistance with the DBE/ACDBE/MBE/WBE and SLB applications is available on a walk-in basis from 8-11:30 am on the first Thursday of every month. We are located at the Public Works Building on 1149 S. Broadway Street, 3rd floor, Los Angeles, CA 90015. Telephone assistance can also be obtained by calling Centralized Certification at (213) 847-1922.

IMPORTANT: COMPLETELY FILL OUT ALL REQUIRED FORMS

6. Question: My firm is certified by another agency. Does it need to go through all the certification steps again?

Answer: No, if you have a DBE certification with another certifying agency in the California Unified Certification Program (CUCP), you do not need to apply with the City of Los Angeles. The City has reciprocity with the following agencies throughout California: CALTRANS, Los Angeles County Metropolitan Transportation Authority (METRO), San Francisco Bay Area Rapid Transit District (BART), City of Fresno, Santa Clara Valley Transportation Authority (VTA), Central Contra Costa Transit Authority (CCCTA), San Mateo County Transit District (SAMTRANS) San Francisco Municipal Transportation Agency (SFMTA), Yolo County Transportation District (YOLOBUS), and California Department of Transportation (CALTRANS). The City has reciprocity for ACDBE certification with San Diego County Regional Airport Authority (SAN), San Francisco International Airport (SFO), and CALTRANS.

7. Question: What are the components of the certification process?

Answer: The certification process consists of four stages: Preliminary Review – Submitted documents are checked for completeness. All applications must be signed and notarized. Applications not notarized or signed will be returned. Desk Audit – Supporting documents are reviewed and additional information may be requested. Site Visit – An analyst will interview business owners at the business location. If you've had a site visit from another agency, we will request the Site Visit Report or Transcript from that agency. Final Recommendation – A recommendation for approval or denial is made after a thorough review of the application and submitted documents.

8. Question: What recourse does a firm have if it is denied certification?

Answer: DBE applicants have the right to appeal the denial in writing within 90 calendar days from the date of the denial letter to the U.S. D.O.T. MBE/WBE applicants may submit an appeal to the Office of Contract Compliance. Denied applicants can reapply after one year.

9. Question: How long is the DBE/ACDBE/MBE/WBE certification valid?

Answer: All certifications are valid until a certifying agency decertifies a firm if it no longer meets eligibility standards. An "Annual Update Affidavit" or "No Change Declaration" is required from ACDBE/DBE certified firms to confirm their continued eligibility.

10. Question: Once certified, how do firms procure City contracts?

Answer: The Business Assistance Virtual Network (BAVN) is a free service provided by the City of Los Angeles and the Mayor's Office of Small Business Services. View and download information about all contractual opportunities offered by the City of Los Angeles in one convenient location and find up-to-date certified sub-contractors. If you wish to be notified of future City contract opportunities, please register in the City's BAVN website at: <http://labavn.org>.

11. Question: What are the benefits of being certified as a SLBE with the City of Los Angeles?

Answer: Firms certified as a Small and Local Business Enterprise (SLBE) with the City of Los Angeles are given a 10% preference applied to bid contracts of \$100,000 or less. The preference is determined by taking 10% of the lowest bid that is proposed by a non-certified SLBE firm, and subtracting that amount from the bid of the SLBE certified firm. If, after the preference, the SLBE's bid is less than or equal to the lowest non-certified firm's bid, the SLBE will be awarded the contract.

12. Question: What qualifications are required to be certified as a SLBE?

Answer: The firm's principal office must be located within the County of Los Angeles. The firm must have a current City of Los Angeles Business Tax Registration Certificate. For information, please call the Office of Finance, Tax and Permits Division at (213) 626-9271. Gross Receipts of the firm, including affiliates, must total less than \$3 million for the previous tax year. The firm's application must be submitted to the Department of Public Works, Bureau of Contract Administration, Office of Contract Compliance, Centralized Certification Section no later than five (5) calendar days prior to the bid or proposal deadline and be approved prior to the award date.

13. Question: How long is the SLBE certification valid?

Answer: An SLBE certification is valid for 2 (two) years.

To be eligible for award of the project, the Department of General Services, Construction Forces Division requires the bidder to subcontract a minimum of its bid, as discussed in the Mandatory Subcontracting Minimum (MSM) Requirement paragraph on the important Notice page of the Proposal, to any qualified available Subcontractor (s). **Failure to list subcontractors and subcontracting amounts on pages 1-6 through 1-8 with the bid sufficient to meet or exceed the MSM may cause the bid to be rejected by the Department of General Services, Construction Forces Division as non-responsive.**

However, the bidder must list any additional subcontractor and dollar value to the subcontract, **regardless of amount**, if the bidder wishes to have the subcontract amount credited toward meeting MSM level of participation for this project. **No MBE, WBE, SBE, EBE, or DVBE credit will be given unless the subcontractor and subcontracting amounts are listed on pages 1-6 through 1-8.** Note the following when calculating the pledged levels of participation.

- MSM credit will not be given to a joint venture partner listed as a Subcontractor by a joint venture.
- Listed vendors and/or suppliers will be limited to 60% of their listed dollar value toward achieving both the MSM and the anticipated MBE, WBE, SBE, EBE, and DVBE levels of participation for this project, unless the vendor and/or supplier manufactures or substantially alters the materials/supplies.
- SBE, EBE, and/or DVBE certified bidders will receive applicable SBE, EBE, and/or DVBE credit for the value of the work to be performed by its own workforce as listed below.

ORDINANCE NO. 181910

An ordinance adding Article 21 to Division 10, Chapter 1 of the Los Angeles Administrative Code establishing a Local Business Preference Program for the City's procurement of goods, equipment and services, including construction, when the contract involves an expenditure in excess of \$150,000.00.

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

CHAPTER I, ARTICLE 21

LOCAL BUSINESS PREFERENCE PROGRAM

Section 1. Article 21 is added to Division 10, Chapter 1 of the Los Angeles Administrative Code to read as follows:

Sec. 10.47. Findings and Purpose.

Pursuant to City Charter Section 371, the City Council hereby adopts a Local Business Preference Program and makes the following findings. The City has a proprietary interest in leveraging, to the greatest extent possible, the millions of dollars it spends yearly contracting with private firms for goods, equipment and services to and for the benefit of the City and its residents. The City has a proprietary interest in levelling the playing field among those entities competing for City contracts, to assure the greatest level of competition possible, to decrease local unemployment, and to increase its revenues. Significant benefits are associated with a Local Business Preference Program. These include an increase in local jobs and expenditures in the local private sector. Preference programs in other jurisdictions have been successful where the business conditions approximate the conditions currently being experienced in the Los Angeles area. For example, preference programs work best where unemployment is high. Unemployment in Los Angeles County is at an historical high. The Los Angeles area also hosts a range of local markets to manage the necessary transportation and logistical support for local contractor services.

Historically, many of the larger cities within the County, especially the City of Los Angeles itself, experience labor costs that are among the highest in the nation. Los Angeles area labor costs are more than 5% higher than the hourly wages in competing neighboring states. Business space in the Los Angeles metropolitan area is even more costly than comparable space in other counties and states. Specifically, average office rents in the Los Angeles area are 40% higher than the national average and almost 30% higher than those in neighboring counties, including San Bernardino and Riverside. On a national level, Los Angeles is one of the ten most expensive places to do business as a result of the local tax and fee structure. All corporations in California are subject to a corporate tax that is among the highest in the nation. These conditions create a very expensive climate in which local businesses must compete. The cost of doing business

in Los Angeles is more than 10% higher than other cities. Local businesses confront cost structures that are weighted much heavier, in terms of labor and costs of doing business, than competitive firms that are located in outlying counties or other states.

This narrowly tailored preference program is fashioned to encourage businesses to compete for City contracting opportunities, to locate operations in the City, and to encourage existing local businesses to refrain from relocating to different, less expensive areas.

Sec. 10.47.1. Definitions.

The following definitions shall apply to this Section:

- A. **"Awarding Authority"** means any Board or Commission of the City, or any employee or officer of the City, except those of departments that control their own funds, authorized to award or enter into any Contract, as defined in this Article, on behalf of the City. - C. **"City"** means the City of Los Angeles.
- D. **"Contract"** means a written agreement involving consideration in excess of \$150,000.00 for the purchase of goods, equipment or services, including construction, by or for the benefit of the City or its residents.
- E. **"Contractor"** means the person, business or entity awarded the Contract by the Awarding Authority.

Sec. 10.47.3. Provisionally Qualified Local Business.

A business that has not yet established operations in Los Angeles and therefore is unable to qualify under the terms of Section 10.47.2 may, as an alternative, qualify as a Local Business on a provisional basis if the Contractor satisfies all of the following criteria, as certified by the DAA:

- A. The proposed Contract between the Contractor and the City involves consideration valued at no less than \$1,000,000 and has a term of no less than three years;

Sec. 10.47.4. Local Business Preference.

Awarding Authorities shall grant an eight percent Local Business Preference to Local Businesses for Contracts involving consideration in excess of \$150,000.00. This Article is not adopted in the City's regulatory capacity.

Sec. 10.47.5. Application of The Preference to Bids And Proposals.

The Local Business Preference shall be applied to Bids and Proposals in the Following Manner:

A. When applying the Local Business Preference to a Bid, the Awarding Authority shall apply the preference to the Bid price solely for Bid evaluation purposes such that the total price bid by a Local Business shall be reduced by eight percent of the amount bid by that Local Business, and the reduced Bid amount shall be deemed the amount bid by that bidder. The Contract price shall in all events be the amount Bid by the successful bidder awarded the Contract.

B. When applying the Local Business Preference to a Proposal, the Awarding Authority shall apply the preference in the form of additional points to the Proposal's final score such that the score awarded to a Proposal submitted by a Local Business is increased by eight percent of the total possible evaluation points.

Sec. 10.47.6. Local Subcontractor Preference.

The Awarding Authority shall provide a preference of up to five percent, to a Bid or Proposal submitted by a business that does not qualify as a Local Business, but that identifies a qualifying Local Subcontractor to perform work under the Contract, provided the Local Subcontractor satisfies the criteria enumerated in Sections 10.47.2 and 10.47.7.

Sec. 10.47.7. Application of the Local Subcontractor Preference.

The Local Subcontractor Preference shall be applied to Bids and Proposals in the following manner:

A. When applying the preference to a Bid, the Awarding Authority shall provide a one percent preference, up to a maximum of five percent, to the Bid price for every ten percent of the cost of the proposed work to be performed by the Local Subcontractor or Local Subcontractors.

B. When applying the Local Subcontractor Preference to a Proposal, the score awarded by the Awarding Authority to the Proposal submitted shall be increased by one percent of the total possible evaluation points, up to a maximum of five percent, for every ten percent of the total cost of the proposed work under the contract to be performed by a Local Subcontractor or Local Subcontractors; provided that each Local Subcontractor, the work of the Local Subcontractor and the cost of the work of the Local Subcontractor are specified clearly in the Proposal.

Sec. 10.47.8. Additional Requirements.

The preferences authorized under this Article shall be subject to the following additional requirements:

(1) The preferences awarded for services shall be applied only if the services are provided directly by the Local Business or Local Subcontractor using employees whose exclusive, primary working location is in Los Angeles County;

(2) The preferences awarded for equipment, goods or materials shall be applied only if the Local Business or the Local Subcontractor substantially acts as the supplier or dealer, or substantially designs, manufactures or assembles the equipment, goods or materials, at a business location in Los Angeles County. As used in this Section, "substantially" means not less than two thirds of the work performed under the Contract must be performed, respectively, by the Local Business or Local Subcontractor;

(3) The maximum Bid or Proposal preference shall not exceed one million dollars for any Bid or Proposal;

(4) The preferences applied pursuant to this Article shall be utilized solely for the purpose of evaluating and selecting the Contractor to be awarded the corresponding Contract. Except as provided pursuant to Section 10.47.9, the preference points shall in no way lower or alter the Contract price, which shall in the case of a Bid reflect the amount Bid by

the successful Local Business before the application of preference points or, in the case of a Proposal, reflect the amount proposed by the Local Business in the Proposal before the application of preference points;

(5) This Article neither creates a right to receive a Bid or Proposal preference, nor the duty to grant a Bid or Proposal preference;

(6) An Awarding Authority may, at anytime before the award of a Contract, determine that it is not in the City's best interest to grant a Bid or Proposal preference and award the Contract to the bidder or proposer eligible for the award without consideration of the provisions of this Article; and

(7) This Article applies only to contracts that involve the expenditure of funds entirely within the City's control and shall not apply to contracts that involve the expenditure of funds that are not entirely within the City's control, such as state and federal grant funds, that due to legal restrictions prohibit its application.

Sec. 10.47.9. Effect of Failure to Maintain Status as Local Business.

A. If for any reason the Contractor fails to qualify as a Local Business for more than 60 days during the entire term of the Contract, the Awarding Authority shall be entitled to withhold or recover funds from the Contractor in an amount that represents the value of the Bid or Proposal Preference.

B. If for any reason the Local Subcontractor, providing the basis for a Local Subcontractor Preference, is unable to, or does not, perform the work under the Contract; the Contractor shall, within 60 days, replace that Local Subcontractor with another Local Subcontractor. If the Contractor is unable to replace the Local Subcontractor specified in the Contract with another Local Subcontractor within 60 days, the Awarding Authority shall be entitled to withhold or recover funds from the Contractor in an amount that represents the value of the Bid or Proposal Preference.

C. For purposes of determining the value of the Bid or Proposal Preference in Subsections A and B herein, the Awarding Authority may withhold or recover the difference in Bid or Proposal price between the Contractor's Bid or Proposal and the Bid or Proposal of the next most competitive Bid or Proposal that did not receive the award of the Contract by the Awarding Authority. In addition, the Awarding Authority may withhold or recover the amount representing any other additional cost or detriment to the City from the Contractor's failure to maintain the Contractor's status as a Local Business for more than 60 days during the term of the Contract.

D. If a Contractor fails to maintain the Contractor's status as a Local Business for more than 60 days during the term of the Contract, as specified in Subsection A and B herein, the failure is subject to recording and reporting requirements as specified under Articles 13 and 14, Chapter 1, Division 10 of the Los Angeles Administrative Code (Contractor Performance Evaluation and Contractor Responsibility Ordinance.)

E. The remedies available to the City under this Subsection are cumulative to all other rights and remedies available to the City.

Sec. 10.47.10. Administration.

The Department of Public Works, Bureau of Contract Administration is the Designated Administrative Agency (DAA) with regard to this Article and shall have the authority to coordinate the administration of this Article. The DAA shall make determinations regarding whether a business qualifies as a Local Business, a Provisionally Qualified Local Business or Local Subcontractor. The DAA shall have broad discretion to promulgate rules to implement and supplement this Article. The DAA may audit Contractors and Subcontractors and monitor compliance, including the investigation of claimed violations.

Sec. 10.47.11. Timing of Application.

The provisions of this Article shall apply to all competitive Bid or Proposal contracts for which solicitations are issued after the effective date of the ordinance adopting this Article.

Sec. 2. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

I hereby certify that this ordinance was passed by the Council of the City of Los Angeles, at its meeting of OCT 14 2011.

If at any time such methods and appliances appear inadequate, the City may order the Contractor to improve their character, or increase their efficiency via written memoranda and the Contractor shall conform to such written memoranda, but the failure of the City to order such improvement of methods, or increase of efficiency, will not relieve the Contractor from the obligation to achieve a level of quality of work that is satisfactory to the City, or finish it in the time agreed upon. The Contractor shall be responsible for coordination of all work including that by subcontractors under the Contractor's control.

All additional work required as a result of the Contractor's non-performance shall be charged back to the Contractor at no additional expense to the City. The City shall have the right to deduct and retain the amount of such damages from any monies due under the contract.

BIP Outreach Overview

It is the policy of the City of Los Angeles to provide Minority-owned Business Enterprises (MBEs), Woman-owned Business Enterprises (WBEs), Small Business Enterprises (SBEs), Emerging Business Enterprises (EBEs), Disabled Veteran-Business Enterprises (DVBEs), and all Other Business Enterprises (OBEs) an equal opportunity to participate in the performance of City contracts. A prime bidder’s Outreach efforts in reaching out to MBEs, WBEs, SBEs, EBEs, DVBEs, and OBEs shall be determined by the level of effort put into achieving the BIP Outreach indicators. Failure to meet anticipated MBE/WBE/SBE/EBE/DVBE participation levels will not by itself be the basis for disqualification or determination of non-compliance with this policy. However, failure to complete the Outreach as directed in the bid specifications will render the bid non-responsive and will result in its rejection.

- All Outreach/contact must be made no later than **11:59 PM on the 15th day prior to the bid due date**. After this date, the subcontractor selection form will be disabled. However, you will still be able to view or print the subcontractor listing.
- The Summary Sheet must be completed by **4:30 PM one day after the Bid due date (Close date)**, at which point you will no longer be able to make edits and it will be considered final. However, you will still be able to view/print the Summary Sheet.
- Once you have completed your Summary Sheet online, there is no need to submit a hard copy with your bid package. City Staff will have online access to your Summary Sheet. If there are any questions or potential errors, Staff will contact you for clarification. However, you may want to print out your Summary Sheet for your personal records.
- **Please note that nothing in this document supersedes the requirements in a project's bid package. This should only be used as a guide in your completion of the BIP Outreach requirement online.**

Amended by Ordinance No. 169916, effective 8/10/94.

Amended by Ordinance No. 172479, effective 4/10/99.

Amended by Ordinance No. 175432, effective 9/28/03.

Amended by Ordinance No. 178064, effective 1/15/07.

Amended by Ordinance No. 178356, effective 3/12/07.

The following terms used in this Article shall have the meanings set forth below. Other terms used in this Article shall have the meanings set forth in the California Political

Reform Act of 1974, as amended, and in the regulations of the California Fair Political Practices Commission, as amended, if defined therein.

"Activity expense" means any payment, including any gift, made to or directly benefiting any City official or member of his or her immediate family, made by a lobbyist, lobbying firm, or lobbyist employer.

"Agency" means the City of Los Angeles or any department, bureau, office, board, commission, other agency of the City, or any other government agency, required to adopt a conflict of interest code subject to City Council approval, and includes the City's Community Redevelopment Agency and the Los Angeles City Housing Authority.

"At the behest" means under the control of, at the direction of, in cooperation, consultation, coordination, or concert with, at the request or suggestion of, or with the express prior consent of any elective City officer or candidate for elective City office. A donation to a religious, charitable, or other nonprofit organization is not made at the behest of an elective City officer or candidate if the donation is solicited through a newspaper publication, through radio, television, or other mass media, or through a suggestion made to the entire audience at a public gathering. A donation to a religious, charitable, or other nonprofit organization is not made at the behest of an elective City officer or candidate solely because the name of the officer or candidate is listed with other names on written materials used to request donations or the officer or candidate makes a speech to the entire audience or is honored and given an award at an event sponsored by the organization.

"Attempting to influence" means promoting, supporting, opposing or seeking to modify or delay any action on municipal legislation by any means, including but not limited to providing or using persuasion, information, statistics, analyses or studies. A person attempts to influence municipal legislation when he or she engages in lobbying activities for the purpose of influencing a decision.

"City official" means any elective or appointed City officer, member, employee or consultant (who qualifies as a public official within the meaning of the Political Reform Act) of any agency, who, as part of his or her official duties, participates in the consideration of any municipal legislation other than in a purely clerical, secretarial or ministerial capacity.

"Client" means both

- (1) the person who compensates a lobbyist or lobbying firm for the purpose of attempting to influence municipal legislation and
- (2) the person on whose behalf a lobbyist or lobbying firm attempts to influence such municipal legislation, even if the lobbyist or lobbying firm is compensated by another person for such representation.

However, if a lobbyist or lobbying firm represents a membership organization and individual members of that organization, an individual member is not a client solely

because the member is individually represented by the lobbyist or lobbying firm unless the member makes a payment for such representation in addition to usual membership fees.

"Compensated services" means services for which compensation was paid during a reporting period or for which the lobbyist or lobbying firm became entitled to compensation during that period.

"Controlled committee" means any committee controlled by an elective City officer or candidate for any elective City office, including any campaign, officeholder, legal defense fund, or ballot measure committee.

"Direct communication" means appearing as a witness before, talking to (either by telephone or in person), corresponding with, or answering questions or inquiries from, any City official or employee, either personally or through an agent who acts under one's direct supervision, control or direction.

"Donation" means a payment for which full and adequate consideration is not received.

"Elective city officer" means the Mayor, City Attorney, Controller and Member of the City Council.

"Elective officer" means any person who is a City Council Member, City Attorney, Controller or Mayor, whether appointed or elected.

"Fundraiser" means an individual who receives compensation to engage in fundraising activity as defined in this section.

"Fundraising activity" means soliciting a contribution or hosting or sponsoring a fundraising event or hiring a fundraiser or contractor to conduct any event designed primarily for political fundraising at which contributions for an elective City officer, candidate for elective City office, or any of his or her controlled committees are solicited, delivered or made.

"Host or sponsor" means to provide the use of a home or business to hold a political fundraising event without charging market value for the use of that location; to ask more than 25 persons to attend the event; to pay for at least a majority of the costs of the event; or to provide the candidate, campaign, committee and/or fundraiser more than 25 names to be used for invitations to the event.

"Lobbying activities" includes the following and similar compensated conduct when that conduct is related to a direct communication to influence any municipal legislation:

- (1) engaging in, either personally or through an agent, written or oral direct communication with a City official;
- (2) drafting ordinances, resolutions or regulations;

- (3) providing advice or recommending strategy to a client or others;
- (4) research, investigation and information gathering;
- (5) seeking to influence the position of a third party on municipal legislation or an issue related to municipal legislation by any means, including but not limited to engaging in community, public or press relations activities; and
- (6) attending or monitoring City meetings, hearings or other events.

"Lobbying entity" means a lobbyist, lobbying firm or lobbyist employer, as defined in this article.

"Lobbying firm" means any entity, including an individual lobbyist, which receives or becomes entitled to receive \$1,000 or more in monetary or in-kind compensation for engaging in lobbying activities (either personally or through its agents) during any consecutive three-month period, for the purpose of attempting to influence municipal legislation on behalf of any other person, provided any partner, owner, shareholder, officer or employee of the entity qualifies as a lobbyist. Compensation does not include reimbursement of or payment for reasonable travel expenses. An entity receives compensation within the meaning of this definition whether or not the compensation is received solely for activities regulated by this article or is received for other activities as well; however, only that portion of compensation received for the lobbying activities shall count toward the qualification threshold. An entity **"becomes entitled to receive compensation"** when the entity agrees to provide services regulated by this Article, or performs those services, whether or not payment is contingent on the accomplishment of the client's purposes.

"Lobbyist" means any individual who is compensated to spend 30 or more hours in any consecutive three-month period engaged in lobbying activities which include at least one direct communication with a City official or employee, conducted either personally or through agents, for the purpose of attempting to influence municipal legislation on behalf of any other person.

Compensation does not include reimbursement of or payment for reasonable travel expenses. A person receives compensation within the meaning of this definition whether or not the compensation is received solely for activities regulated by this Article or is received for both lobbying activities and other activities as well. However, only the compensation for the lobbying activities shall be calculated to determine whether an individual qualifies as a lobbyist. An individual **"becomes entitled to receive compensation"** when the individual or the entity in which the individual is an employee, partner, owner, shareholder or officer, agrees to provide services regulated by this Article, or performs those services, regardless of whether payment is contingent on the accomplishment of the client's purposes. A lobbyist includes a person who owns an investment in a business entity if that person attempts to influence municipal legislation on

behalf of the business entity and if the person acquires the investment as compensation for his or her lobbying services or in contemplation of performing those services.

"Lobbyist employer" means an entity, other than a lobbying firm, that employs a lobbyist in-house to lobby on its behalf.

"Major filer" means any person who makes payments or incurs expenditures totaling \$5,000 or more during any calendar quarter for public relations, media relations, advertising, public outreach, research, investigation, reports, analyses, studies, or similar activities, for the purpose of attempting to influence action on any proposed or pending matter of municipal legislation, if these payments or expenditures are not required to be reported on a lobbyist or lobbying firm quarterly report. A **"major filer"** does not include a lobbyist, lobbyist employer, or lobbying firm. Expenditures and payments for regularly published newsletters or other routine communications between an organization and its members shall not be counted for the purpose of this definition.

"Municipal legislation" means any legislative or administrative matter proposed or pending before any agency (as defined in this Article), including but not limited to those involving the granting, denial, revocation, restriction or modification of a license, permit or entitlement for use (including all land use permits) if the Mayor, the City Council, any of its committees, any agency board, commission, committee, or general manager, or any agency officer or employee charged by law with holding a hearing and making a decision, is charged by law with making a final decision on the matter. However, **"municipal legislation"** does not include any of the following:

- (1) A request for advice or for an interpretation of laws, regulations, City approvals or policies, or a direct response to an enforcement proceeding with the City Ethics Commission.
- (2) Any ministerial action. An action is ministerial if it does not require the City official or employees involved to exercise discretion concerning any outcome or course of action.
- (3) Any action relating to the establishment, amendment, administration, implementation or interpretation of a collective bargaining agreement or memorandum of understanding between an agency and a recognized employee organization, or a proceeding before the Civil Service Commission or the Employee Relations Board. Further, it does not include management decisions as to the working conditions of represented employees that clearly relate to the terms of such collective bargaining agreement or memorandum of understanding. Nevertheless, **"municipal legislation"** does include any action relating to collective bargaining taken by the City Council, any of its committees or members (including the staffs of such members), or by the Mayor or his or her office.

(4) Preparation or compilation of any radius map, vicinity map, plot plan, site plan, property owners or tenants list, abutting property owners list, photographs of property, proof of ownership or copy of lease, or neighbor signatures required to be submitted to the City Planning Department.

"Person" means any individual, business entity, trust corporation association, committee, or any other organization or group of persons acting in concert.

"Solicit" means to ask, personally or through an agent, that another person make a contribution to an elective City officer or candidate for City office, or to his or her controlled committee, including allowing one's signature to be used on a written request for funds. For purposes of this article, a lobbying entity solicits a contribution only when the lobbying entity does so

- (i) at the behest of the elective City officer or candidate for elective City office, or his or her campaign treasurer, campaign manager, or member of his or her fundraising committee, or
- (ii) if the lobbying entity has informed the candidate or officer that the person is soliciting the contributions.

A person does not solicit, however, by making a request for funds publicly to at least a majority of persons who attend any public gathering, or by making a request that appears published in a newspaper, on radio or television.

SEC. 48.03

SEC. 49.7.30. BIDDER CONTRIBUTION AND FUNDRAISING RESTRICTIONS.

A. **Definitions.** The following definitions apply for purposes of Charter Section 470(c)(12):

1. "Awarding Authority" means the City Council, a City board, commission, authorized employee, or authorized officer, including those who have control of their own special funds but excluding the City Purchasing Agent when acting pursuant to Section 9.1 of the Los Angeles Administrative Code, who makes or enters into a contract for the provision of goods or services of any kind or nature whatsoever to, for, or on behalf of the City. References to the awarding authority shall include references to staff when working on a matter subject to this Article.

2. **"Approval by an elected City office"** means approval of a contract or selection of a pre-qualified list of persons to contract with the City in any of the following circumstances:

- (a) The elected City official or the elected City official's office is the awarding authority;
- (b) The contract involves services provided directly to or under the supervision of the elected City official; or
- (c) The contract requires approval of the elected City official or the elected City official's office pursuant to City law, executive directive, or City Council action.

The term does not include approval by an elected City official that is required pursuant to Charter Section 262, 271(d), or 370 for non-proprietary departments, provided that City Council approval is not otherwise required and the elected City offices identified in those sections are neither the awarding authority nor supervising the services under the contract. The term does include approval by an elected City official that is required pursuant to Charter Section 262, 271(d), or 370 for contracts with the Harbor, Water and Power, and Airport Departments.

3. **"Bidder"** means a person who bids on or submits a proposal or other response to a City contract solicitation.

4. **"Contract solicitation"** means a request for proposals, request for bids, request for qualifications, or any other request, whether written or verbal, for purposes of entering into a contract. However, a solicitation does not include a request to enter into a contract that relies on another City agency's competitive process if the prior City contract was subject to the Charter Section 470(c)(12) restrictions and restrictions of this section.

5. **"Contract"** means any agreement, franchise, lease, non-regulatory permit, land use license or easement, or concession, including any agreement for occasional professional or technical personal services, for the performance of any work or service or construction, the provision of any materials, goods, equipment, or supplies, the sale or purchase of property, the making of grants, or the rendering of any service to the City, including any proprietary department, or to the public where all of the following apply:

- (a) The contract is let, awarded, or entered into, with, or on behalf of the City or an awarding authority;
- (b) The contract has an anticipated value of at least \$100,000, including exercising all anticipated options; and

(c) The contract requires approval by an elected City office.

The term includes any subsequent amendment that, by itself or in combination with the original contract and any other amendments, has an anticipated value of at least \$100,000 and requires approval by an elected City office. The term also includes the selection of a pre-qualified list of persons to contract with the City where the request for qualifications includes a not-to-exceed amount of at least \$100,000 and the list selection requires approval by an elected City office. The term does not include any contract with another government agency or a contract with an underwriting firm pursuant to Charter Section 609(e) for proprietary noncompetitive sales of revenue bonds.

6. **"Elected City official"** means an elective City officer, as that term is defined in Section 49.7.1.1.

7. **"Fundraising event"** means an event designed for political fundraising, at which contributions for an elected City official, a candidate for elected City office, or a City controlled committee are solicited, delivered, or made.

8. **"Principal"** means the following with regard to persons who are bidders and subcontractors:

(b) An individual who holds an ownership interest in the person of 20 percent or more; and

(c) An individual employee of the bidder or subcontractor authorized by the bid or proposal to represent the person before the City.

- (d) Permitting one's name to appear on a solicitation for contributions or an invitation to a fundraising event sent to the bidder, subcontractor, or an employee, officer, or principal of the bidder or subcontractor;

10. **"Subcontractor"** means a person who is expected to receive at least \$100,000 as a result of performing some or all of a bidder's contract obligations and includes a subtenant where the subtenant is expected to receive at least \$100,000 as result of performing a portion of the contract obligations of the contractor and is required to pay the contractor at least \$100,000.

B. For purposes of Charter Section 470(c)(12), the following apply:

1. **Timing of Fundraising and Contribution Restrictions.** In addition to the restrictions provided in Charter Section 470(c)(12), except as otherwise provided in Subsection B.5, bidders, subcontractors, and principals may not make contributions to or engage in prohibited fundraising for elected City officials, candidates for elected City office, or City controlled committees from the date a bid is submitted until one of the following dates:

- (a) For unsuccessful bidders, the date the contract is signed or the solicitation is withdrawn or canceled.

(b) For successful bidders, 12 months after the contract is signed.

2. Contract Solicitations and Notifications. Each awarding authority shall include in each contract solicitation the form identified in Subsection B.3 and a description of the prohibitions and requirements of Charter Section 470(c)(12). The awarding authority shall determine whether the form is complete for responsiveness purposes and electronically submit the form to the City Ethics Commission, in a Portable Document Format (PDF) or other electronic format pre-approved by the Commission, within ten business days of the bid due date. The awarding authority shall either notify bidders who are not awarded a contract of the date that the contract was signed or the contract solicitation was terminated or withdrawn or notify the bidders how they may obtain or request the date that the contract was signed or the contract solicitation was terminated or withdrawn, unless that information is available on a City website.

3. Disclosure Form. As provided in Subsection B.2, every bidder shall file with the awarding authority, at the time the bid or other response is submitted, the following information under oath in a form and format approved by the City Ethics Commission:

- (a) A description of the contract, including any City reference number associated with it, or if selection is of a pre-qualified list, a short description of the services to be provided, including any City reference number associated with it;
- (b) The name of the awarding authority;
- (c) The date the bid or other response was submitted to the awarding authority;
- (d) The name of the bidder;
- (e) The address of the bidder;
- (f) The phone number of the bidder;
- (g) The names and titles of the bidder's principals;
- (h) The names of the bidder's subcontractors;
- (i) The names and titles of each subcontractor's principals; and

(j) A certification that the bidder understands, will comply with, and will notify its principals and subcontractors of the prohibitions and restrictions in this section and Charter Section 470(c)(12).

4. Requirement to Amend Form. If the information submitted pursuant to Subsection B.3 changes after the bid is submitted, the bidder shall amend the form and submit it to the awarding authority within ten business days of the change. The requirement to amend the form applies whenever the prohibitions and restrictions in Charter Section 470(c)(12) apply to the bidder, including after contract approval for successful bidders. The awarding authority shall electronically submit the form to the City Ethics Commission, in a Portable Document Format (PDF) or other electronic format pre-approved by the Commission, within 10 business days of receipt.

5. Contract Amendments. If a contract amendment requires approval by an elected City official and makes the total value of the contract \$100,000, or more for the first time, the prohibitions and restrictions in Charter Section 470(c)(12) apply from the date the awarding authority first discusses the amendment and terminates 12 months after the date the amendment is approved, disapproved, or withdrawn. However, the Charter 470(c)(12) restrictions do not apply to any subsequent amendments if the contract was previously subject to the restrictions and the contractor fulfilled its obligations under the Charter and this section.

(a) The awarding authority shall notify bidders who were not previously required to submit the form identified in Subsection B.3 of the requirements in this section and Charter Section 470(c)(12) at the time the awarding authority first discusses the amendment with the bidder.

(b) Bidders who were not previously required to submit the form identified in Subsection B.3 shall submit the form within ten business days of the date the awarding authority first discusses the amendment with the bidder. The awarding authority shall electronically submit the form to the City Ethics Commission in a Portable Document Format (PDF) or other electronic format pre-approved by the Commission within 10 business days of receipt.

(c) This provision does not apply to the exercise of an option that has been previously approved in a written contract.

6. Business Assistance Virtual Network. In the event that the City's Business Assistance Virtual Network or similar electronic system is used by a bidder to submit the forms required by this Section to the awarding authority and the Business Assistance Virtual Network or similar electronic system sends the submitted data to the City Ethics Commission, the awarding authority shall not be required to submit the form(s) to the City Ethics Commission.

C. Violations and Debarment.

1. In addition to any other penalties or remedies established by this Article, a person who is found to have violated this section or Charter Section 470(c)(12) shall not be eligible to bid on or be considered for a contract, extension, or amendment unless the Ethics Commission, as a body, determines that mitigating circumstances exist concerning such violation.

2. The Ethics Commission, as a body, shall determine whether mitigating circumstances apply whenever a violation of this section or Charter Section 470(c)(12) is determined to have occurred. If the Ethics Commission determines that mitigating circumstances do not exist, the person found to be in violation shall be debarred for the following periods of time after the Ethics Commission's determination:

- (a) One year for the first violation;
- (b) Two years for the second violation;
- (c) Three years for the third violation; and
- (d) Four years for the fourth and subsequent violations.

3. The Ethics Commission may adopt regulations regarding mitigating circumstances, including what constitutes mitigating circumstances and any other information determined to be necessary.

4. The Ethics Commission staff shall notify all agencies, departments, boards and offices of a determination of debarment within 10 business days of the determination. The Ethics Commission's determination regarding debarment is final as to all offices, departments, boards, and agencies and may not be waived.

5. If an awarding authority has an existing contract with a person who is identified in a debarment notice from the Ethics Commission, the awarding authority shall determine in writing and, if the awarding authority is a City board, commission, or City Council, at a public meeting whether it is in the best interests of the City to terminate the contract.

6. An awarding authority shall not determine whether a violation of this Article or any other City law regarding campaign financing, lobbying, or governmental ethics has occurred.

7. A person who fails to submit a complete disclosure form as required by this section shall be deemed nonresponsive. However, an awarding

authority may award the contract to a bidder who did not submit a complete disclosure form under the following circumstances:

(a) The contract is a sole source contract for work (as defined in U.S. copyright law) that is protected under an exclusive copyright interest or a subject matter (as defined in U.S. patent law) that is protected by a U.S. patent or a foreign patent that is enforceable in the United States; and

(b) Before awarding the contract, the awarding authority does the following:

i. Makes a written finding that entering into the contract is in the best interests of the City; and

ii. Notifies the contractor that the contractor, subcontractor, and principals that, notwithstanding the failure to complete the disclosure form, they are not relieved of their obligations to comply with the requirements of the Charter and this section or of the penalties that may result from failing to comply with those requirements.

Sec. 5. Charter Amendment H regarding Charter Section 470(c)(12) applies to contract solicitations issued or released on or after May 8, 2011. Charter Section 470(c)(12) applies to amendments when contract discussions with the awarding authority began on or after the effective date of this ordinance.

B. For purposes of Charter Section 609(e), the following apply:

1. **Timing of Fundraising and Contribution Restrictions.** In addition to the restrictions provided in Charter Section 609(e), underwriting firms, subcontractors, and principals may not make any contributions to or engage in prohibited fundraising for elected City officials, candidates for elected City office, or City controlled committees from the date a response is submitted to a solicitation to be included on a pre-qualified list of underwriters or any subsequent solicitation for selection of an underwriter until one of the following dates:

(a) For underwriting firms that are not selected to be on the pre-qualified list, the date the list selection is made.

(b) For underwriting firms that are on the pre-qualified list, but not selected to contract after a subsequent solicitation, and are not members of the syndicate providing underwriting services on the sale of the revenue bonds, 12 months following the date of the list selection, and following the solicitation, on the date of the selection of the underwriting firm for a noncompetitive bond sale, or the date the solicitation is withdrawn or canceled.

If such Work is found to be not in conformance with the Contract Documents, the Contractor shall correct the non-conforming Work and the cost of examination and correction of the non-conforming Work shall be borne solely by the Contractor.

Failure of the Contractor to comply with the requirements of this Article shall constitute default of the Contract by the Contractor and the City may terminate the Contract as provided for in Termination of Contract by City (Contractor Default).

00311 SUBCONTRACTORS AND SUB-SUBCONTRACTORS (3/18/04)

The Contractor shall perform on the site and with its own organization not less than fifty percent (50%) of the total Contract Price, unless a different percentage is designated in the Bid Proposal. Any items designated "specialty items" in the Bid Proposal may be performed by subcontract and the amount of all such "specialty items" may be deducted from the Contract Price before computing the amount of Work required to be performed by the Contractor with its own organization. The dollar value included in the percentage performed by the Contractor shall include the value of labor, materials and equipment to be incorporated or used in the Work and directly purchased by the Contractor and shall not include the value of Work, including labor, materials and equipment, incorporated or used in the Work, performed or provided by Subcontractors.

To be eligible for award of this Project, GSD, Construction Forces Division and the Authorized City Representative requires Bidders to subcontract a minimum of its total Bid to qualified Subcontractors, as discussed in the "Mandatory Subcontracting Minimum (MSM) Requirements" of the Bid. Failure to list Subcontractors and the subcontracted dollar amounts on the applicable pages of the Bid to satisfy the MSM is cause for the Bid to be declared nonresponsive and rejected by GSD, Construction Forces Division.

Bidders must list all Subcontractors in the Bid, regardless of the dollar amount of the work to be performed, if the Bidder wishes to have the Subcontract amount credited toward meeting both the MSM

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

and MBE/WBE levels of participation of the Project. Subcontractors added to the project following acceptance of the Bid and award of the Project will not be credited toward meeting the required MSM and/or MBE/WBE levels of participation for this Project.

MSM credit will not be given to a joint venture partner listed as a Subcontractor by a joint venture.

Listed vendors and/or Suppliers will be limited to 60% of their listed dollar value toward achieving both the MSM and the anticipated MBE/WBE levels of participation for this Project, unless the vendor and/or Supplier manufactures or substantially alters the materials/supplies.

The designated percentage of the total Contract Price the Contractor is to perform may not be reduced below that level by the addition of Subcontractor's added after Award of the Project.

GSD, Construction Forces Division and the Authorized City Representative will be responsible for approval of all Subcontractors, whether Bid-listed or not, and all Sub-subcontractors employed on the Project.

Each Subcontractor who will perform Work or render services in an amount in excess of one-half of 1 percent of the Contractor's total Bid or \$10,000.00, whichever is greater, must be listed in the original Bid.

Subletting or Subcontracting of any portion of the Work in excess of one-half of 1 percent of the Contractor's original total Bid or \$10,000.00, whichever is greater, for which no Subcontractor was designated in the original Bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of GSD, Construction Forces Division setting forth the facts constituting the emergency or necessity.

If the Contractor fails to specify a Subcontractor, or if the Contractor specifies more than one Subcontractor for the same portion of Work to be performed under the Contract in excess of one-half of 1 percent of the Contractor's total original Bid or \$10,000.00, whichever is greater, the Contractor agrees that it is fully qualified to perform that portion of Work itself, and that it shall perform that portion itself.

The Contractor shall set forth in its Bid the following: The name, location of the place of business, telephone number, California State Contractor's License Number and dollar amount of each Subcontractor who will perform Work, labor, service, supply specifically fabricated materials or equipment in an amount in excess of one-half of 1 percent of the Contractor's total Bid, or \$10,000.00, whichever is greater.

The Contractor shall list only one Subcontractor for each portion of Work as defined by the Contractor in its Bid.

Acceptance by GSD, Construction Forces Division of its Bid Proposal is dependent upon each Bid listed Subcontractor, and all subsequently approved additional Subcontractors, performing the dollar value of Work listed or approved. Any reduction, increase, or other change to any Subcontract amount without prior approval is considered an Unauthorized Subcontractor Substitution and is subject to a penalty of ten (10) percent of the Subcontract amount, whether Bid-listed or not. A Subcontract dollar value increased or reduced as the result of a Change Order issued by GSD, Construction Forces Division and the Authorized City Representative to add or delete from the original scope of Work shall not be subject to a penalty for an Unauthorized Subcontract Substitution.

Acceptance by GSD, Construction Forces Division of its Bid Proposal shall not entitle Subcontractors to recognition for any direct or contractual relationship with the City, nor shall it constitute approval of the use of any materials other than those specified.

The Contractor shall be responsible for all acts of all Subcontractors at all tiers. The Contractor shall coordinate all interests of the City in performed by subcontractors.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

All Subcontractors who will be working on the Project shall be approved in writing by GSD, Construction Forces Division and the Authorized City Representative prior to beginning Work, regardless of the dollar amount of Work to be performed, and whether or not they were listed in the original Bid.

Requests for approval of all Subcontractors, or request for substitution of a Subcontractor, shall be made in writing to GSD, Construction Forces Division and the Authorized City Representative, and said request shall contain the following information for each Subcontractor:

- 1) Project Name
- 2) Project Work Order Number
- 3) Subcontractor's Name
- 4) Subcontractor's Address
- 5) Subcontractor's Phone Number
- 6) Subcontractor's Status (WBE, MBE, OBE)
- 7) Subcontractor's State of California Contractor License Number
- 8) Subcontractor's City Business Tax Registration Certificate Number (BTRC)
- 9) Dollar amount of Subcontract work to be performed
- 10) Description of Subcontract work to be performed

Failure to provide any of the information listed will result in denial of approval until such time as the information is provided.

Failure to obtain approval of GSD, Construction Forces Division and the Authorized City Representative prior to each Subcontractor performing Work on the Project may result in suspension of Work by that Subcontractor, removal of Work performed by unapproved Subcontractors, assessment of penalties, and possible sanctions against the Contractor.

Additional Subcontractors may be added after the time of original Bid. The value of Work to be performed by additional Subcontractors may not be greater than one-half of 1 percent of the Contractor's original total Bid or ten thousand dollars (\$10,000.00), whichever is greater, unless the Subcontractor will be performing Work added by Change Order causing changes or deviations from the original Contract.

The Contractor shall provide the dollar amount of Work to be performed in all requests for additional Subcontractors. Failure to specify a dollar amount of Work to be performed will result in denial of additional Subcontractors until such time as the amount is provided.

Failure of the Contractor to request and obtain approval for a reduction in either a Bid-listed Subcontract amount or the Subcontract amount of a Subcontract added after the original Bid shall result in a penalty of ten percent of the Subcontract amount.

A Contractor whose Bid is accepted may not:

- 1) Substitute any person as Subcontractor in place of a Subcontractor listed in the original Bid, except that GSD, Construction Forces Division and the Authorized City Representative may consent to the substitution of another Subcontractor for one of the following situations:
 - A) When the Subcontractor listed in the original Bid or proposal after having had a reasonable opportunity to do so fails or refuses to execute a written contract, when that

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

written contract, based upon the general terms, conditions, plans and specifications for the project involved or the terms of that Subcontractor's written bid, is presented to the subcontractor by the Contractor.

- B) When the listed Subcontractor becomes bankrupt or insolvent.
- C) When the listed Subcontractor fails or refuses to perform its subcontract.
- D) When the listed Subcontractor fails or refuses to meet the bond requirements of the Contractor as set forth herein.
- E) When the Contractor demonstrates to GSD, Construction Forces Division and the Authorized City Representative's satisfaction that the name of the Subcontractor was listed as a result of an inadvertent clerical error.
- F) When the listed Subcontractor is not licensed pursuant to the State of California Contractor's License Law.
- G) When the listed Subcontractor refuses to obtain a City of Los Angeles Business Tax Receipt Certificate (BTRC).
- H) When GSD, Construction Forces Division and the Authorized City Representative concurs with the Contractor that the Work being performed by the listed Subcontractor is unsatisfactory and not in substantial accordance with the Contract Documents, or the listed Subcontractor is delaying or disrupting the progress of the work.
- I) When the listed Subcontractor fails to submit an Affirmative Action Plan acceptable to the City.
- J) When GSD, Construction Forces Division and the Authorized City Representative determines that a listed Subcontractor is not a responsible contractor.

2) Permit a Subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original Subcontractor listed in the original Bid, without the consent of GSD, Construction Forces Division and the Authorized City Representative.

3) Other than in the performance of Change Orders causing changes or deviations from the original Contract, sublet or Subcontract any portion of the Work in excess of one half of 1 percent of the Contractor's total Bid as to which its original Bid did not designate a Subcontractor.

4) Reduce the dollar amount of a Bid-listed Subcontract without the written approval of GSD, Construction Forces Division and the Authorized City Representative.

A request for substitution of any Subcontractor, whether Bid-listed or not, must be made in writing to GSD, Construction Forces Division and the Authorized City Representative and must include letter(s) of explanation as to the reason for the requested substitution.

It is considered a substitution if anyone other than the Bid-listed and/or approved Subcontractor(s), including the Contractor, performs any portion of the Work designated to be performed by said Subcontractor.

Failure to obtain approval for a Subcontractor substitution may result in rejection of the affected Work, penalties assessed for failure to obtain approval, and possible sanctions by the City.

All substitutions of Subcontractors, whether MBE/WBE or not, shall be approved in writing by GSD, Construction Forces Division and the Authorized City Representative prior to any Work being performed by the substituting Subcontractor.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

The Contractor shall conduct a Good Faith Effort prior to approval of any requested Subcontractor substitution, regardless of the status (WBE/MBE/OBE/DBE) of the contractor being substituted for. For MBE/WBE Subcontractor substitution requests, the Contractor shall comply with the Good Faith Effort requirements of Part III (F) (2) of the Bid. The Good Faith Effort for any requested Subcontractor substitution must be reviewed and approved by the Special Research and Investigation Section of the Bureau of Contract Administration, whether the Subcontractor was Bid listed or approved after the Award of the Project.

There shall be no decrease in dollar value of Work to be performed by Subcontractors approved as a substitute for a Bid-listed Subcontractor without a change in scope of the Work to be performed by the originally Bid-listed Subcontractor. Written evidence of a change of scope must be provided by GSD, Construction Forces Division and the Authorized City Representative prior to approval of a change in dollar value of a Bid-listed Subcontractor.

Prior to approval of the Contractor's request for substitution, GSD, Construction Forces Division and the Authorized City Representative shall give notice in writing to the Subcontractor affected by the Contractor's request to substitute and of the reasons for the request. The notice shall be served by certified or registered mail to the last known address of the Subcontractor. The listed Subcontractor who has been so notified shall have five (5) Workdays within which to submit written objections to the substitution. Failure to file these written objections within five (5) Workdays of notification shall constitute the listed Subcontractor's consent to the substitution. Notification by GSD, Construction Forces Division and the Authorized City Representative may be made by phone in lieu of written notification via certified or registered mail if agreed to by the listed Subcontractor and followed by written request. Upon notification by phone, the listed Subcontractor may file written objections within five (5) days of notification.

If written objections are filed, GSD, Construction Forces Division and the Authorized City Representative shall give notice of at least five (5) Workdays to the listed Subcontractor of a hearing on the Contractor's request for substitution.

The Contractor, as a condition to assert a claim of Inadvertent Clerical Error in the listing of a Subcontractor, shall within two Workdays after the time of the original Bid opening by GSD, Construction Forces Division give written notice and copies of such notice to both the Subcontractor he claims to have listed in error and the intended Subcontractor who had bid to the Contractor prior to Bid opening.

Written notice of an Inadvertent Clerical Error shall be forwarded within two (2) days after the time of the original Bid opening by every Contractor claiming such an error, irregardless if it is the potential low Bidder on the Project. Failure to forward such notice within the time prescribed shall make any such subsequent claim of Inadvertent Clerical Error invalid.

Any listed Subcontractor who has been notified by the Contractor of an Inadvertent Clerical Error shall be allowed six (6) Workdays from the time of the Bid opening to submit to GSD, Construction Forces Division, the Authorized City Representative and to the Contractor written objection to the Contractor's claim of Inadvertent Clerical Error. Failure of such listed Subcontractor to file such written notice within the six (6) Workdays shall constitute agreement that an inadvertent clerical error was made.

GSD, Construction Forces Division and the Authorized City Representative shall, in the absence of compelling reasons to the contrary, consent to the requested substitution based on an Inadvertent Clerical Error if:

- 1) The Contractor, the Subcontractor listed in error, and the intended Subcontractor each submit an affidavit to GSD, Construction Forces Division and the Authorized City Representative along any additional information as the parties may wish to submit that an Inadvertent Clerical Error was in fact made, provided that the affidavits from each of the three parties are filed within eight (8) Workdays from the time of the original Bid opening, or

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

2) If such affidavits are filed by both the Contractor and the intended Subcontractor within eight days of the original Bid opening but the Subcontractor whom the Contractor claims to have listed in error does not submit within six (6) Workdays, to GSD, Construction Forces Division, the Authorized City Representative and to the Contractor, written objection to the Contractor's claim of Inadvertent Clerical Error as provided in this article.

If such affidavits are filed by both the Contractor and the intended Subcontractor but the listed Subcontractor has, within six (6) Workdays from the time of the original Bid opening, submitted to GSD, Construction Forces Division and to the Contractor written objection to the Contractor's claim of Inadvertent Clerical Error, GSD, Construction Forces Division and the Authorized City Representative shall investigate the claims of all parties and schedule a public hearing before the Board to determine the validity of such claims. Any determination shall be based on the facts contained in the declarations submitted under penalty of perjury by all three parties and supported by testimony given to the City. The City may, on its motion or that of any other party, admit testimony of other Contractors, any Bid registries or depositories, or any other party in possession of facts, which may have a bearing on the decision of the City. The findings of the City shall be final.

00312 RESPONSIBILITY OF CONTRACTOR TO ACT IN EMERGENCY (11/21/01)

When an emergency arises creating an imminent hazard to persons or threatening the loss or damage to property, the Contractor shall take prudent action without instruction from the City. The Contractor shall immediately notify the Engineer, GSD, Construction Forces Division and the Authorized City Representative of any emergency action taken. During such emergencies, if the Contractor fails to act, the Engineer, GSD, Construction Forces or the Authorized City Representative may instruct the Contractor to take action. Should the Contractor still fail to act, GSD, Construction Forces Division and the Authorized City Representative may respond to the emergency with other forces or contractors at the Contractor's sole expense. Claims for additional time, compensation or interest will be rejected if the Contractor's actions or inaction created the emergency. Similarly, any Claims will be offset by the amount that the Contractor's actions or inaction aggravated the emergency.

00313 ASSIGNMENT (2/09/95)

The Contractor shall not assign, transfer, convey or otherwise dispose of this Contract or any of the proceeds thereunder unless written consent of the City has been obtained. No right under this Contract or claim for any proceeds due or to become due hereunder shall be asserted against the City, or persons acting for the City, by reason of any so-called assignment, transfer or conveyance of this Contract or any part thereof unless such assignment, transfer or conveyance has been authorized by the written consent of the City. The instrument of assignment, transfer or conveyance shall contain a clause subordinating the claim of the assignee, transfer or conveyee to all prior liens for services rendered or materials supplied for the execution of the Work.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

00314 NOTIFICATION OF HAZARDOUS SUBSTANCES (10/17/01)

The existing facilities or Jobsite may contain asbestos, PCBs, corrosives, carcinogens, or other hazardous materials. Should the Contractor or any of its Subcontractors, while performing Work on or in the vicinity of existing facilities, unexpectedly encounter any material identified in the California Code of Regulations, Title 8, as a hazardous material not shown on the Plans or addressed in the specifications, or have reason to believe that any other material encountered may be a hazard to human health and safety and/or the environment, the Contractor shall stop the Work, cordon off the affected area to secure entry, and shall immediately notify GSD, Construction Forces Division and the Authorized City Representative. Removal and disposal of the hazardous material not shown on the Plans or addressed in the specifications, if GSD, Construction Forces Division and the Authorized City Representative deems it necessary, will be done by and at the expense of the City. The City will provide the Contractor, upon request, with copies of Material Safety Data Sheets (MSDS) covering hazardous materials identified by the Contractor that are encountered in existing facilities during the course of the Work and that are not removed by the City.

In the event that the Contractor is delayed in the completion of the Contract solely because of such hazardous materials or conditions not previously identified in the Contract Documents, the Contractor shall be entitled to an extension of time in accordance with "Unavoidable Delay" of these General Conditions.

For new construction Work and for all Contractor furnished supplies and equipment that may contain hazardous materials, the Contractor shall develop and implement a written Hazard Communication Program for its employees in accordance with the California Code of Regulations. The Contractor's basic written Hazard Communication Program shall be submitted to GSD, Construction Forces Division and the Authorized City Representative prior to the start of Work at the site, and shall be revised and kept current as required by the continuing progress of the Work. The Contractor's Hazard Communication Program shall also include the MSDS for all hazardous materials the Contractor will be using at the facility. All provisions concerning MSDS for hazardous materials shall be met before the hazardous material is delivered to the site.

GSD, Construction Forces and the Authorized City Representative shall be provided with four (4) copies of the Contractor's written Hazard Communication Program, Contractor provided MSDS, and all revisions and modifications thereto.

The Contractor and Subcontractors shall comply with all State and Federal statutes and regulations on training, handling, storage, public notification, and disposal of hazardous materials and hazardous wastes. In the event that the Contractor or its Subcontractors spills or releases hazardous materials, the Contractor shall immediately notify GSD, Construction Forces Division, the Authorized City Representative and any required agencies of the spill or release and the Contractor shall stop the Work, and cordon off the affected area to secure entry. Removal and disposal of the hazardous material, if the CITY deems it necessary, will be done by the City at the Contractor's expense. Further, the Contractor shall notify the Engineer and GSD, Construction Forces Division's Authorized Representative when hazardous materials are brought on-site and when hazardous materials and hazardous wastes are removed from the site. Hazardous Materials brought on site shall be accompanied by four (4) copies of MSDS, which shall be provided to GSD, Construction Forces Division and the Authorized City Representative before such materials are unloaded.

00315 INDEPENDENT CONTRACTOR (10/21/99)

The Contractor represents that it is fully experienced and properly qualified to perform the class of Work required for the Contract and that it is properly licensed, equipped, organized and financed to perform the Work. The Contractor shall be an independent contractor. The Contractor is not an agent of the City in the performance of the Contract, and shall maintain complete control over its employees and its Subcontractors and Suppliers of any tier. Nothing contained in the Contract or any Subcontract awarded by the Contractor shall create any relationship between any Subcontractor and the City. The Contractor shall perform the Work in accordance with its own methods, in compliance with the terms of the Contract.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

00316 INDEMNIFICATION (10/17/01)

Except for the active negligence or willful misconduct of the City, the Contractor undertakes and agrees to defend, indemnify and hold harmless, through legal counsel acceptable to the City, the City, and any and all of the City's Boards, Officers, Agents, Employees, Assigns, and Successors in Interest from and against all suits and causes of action, claims, losses, demands and expenses, including, but not limited to, attorney's fees and cost of litigation, damage or liability of any nature whatsoever, arising out of or related to the performance or nonperformance by Contractor or its Subcontractors, Sub-Subcontractors, or Suppliers, of any tier, of any portion of the construction of the Project, including but not limited to Contractor's negligent acts, errors, omissions, breach of contract, breach of warranty (express or implied), or willful misconduct.

It is agreed that such defense and indemnity shall extend to the City's Architect/Engineer, GSD, Construction Forces Division, the Authorized City Representative or other Design Consultant providing services under written agreement with the City covering any portion of the Project. Provided, however, that the Design Consultant shall be solely responsible for the enforcement of any request made by said Consultant for indemnification or defense by the Contractor. It is further provided that the City shall have no liability whatsoever for any failure of the Contractor to comply with any request from the consultant for indemnity or defense.

It is further agreed that the defense and indemnity obligations of the Contractor under this Article shall not extend to the liability of the Design Consultant or its agents, employees or subconsultants, arising as a result of such indemnitee's own active negligence, errors or omissions or from (1) the preparation or approval of maps, Plans, opinions, reports, surveys, change orders, designs or Specifications, or (2) the giving of or failure to give directions or instructions by the indemnitee provided that such giving or failure to give is the primary cause of the damage or injury.

00317 INSURANCE (3/18/04)

These provisions apply unless otherwise noted in the General Requirements.

A) GENERAL

During the term of this Contract and without limiting the Contractor's indemnification of the City, the Contractor shall provide and maintain at its own expense, insurance having the limits customarily carried and actually arranged by the Contractor but not less than the amounts and types listed on the Insurance Requirements Form in these Contract Documents, covering its operations hereunder subject to the following conditions as they may variously apply:

1) ADDITIONAL INSURED/ADDITIONAL INTEREST/LOSS PAYEE

- c) Loss Payee As Its Interest May Appear in all required property, fidelity or Surety coverages.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

2) INSURANCE APPROVAL

All insurance required hereunder shall conform to the City requirements established by Charter, ordinance or policy. Evidence of insurance shall be submitted to the Department's Risk Control Coordinator and approved by the City Attorney prior to commencement of any Work or tenancy under this Contract in accordance with the Los Angeles Administrative Code.

3) ALTERNATIVE PROGRAMS

Alternative Risk Financing mechanisms such as Risk Retention Groups, Risk Purchasing Groups, off-shore carriers and captive insurance programs are subject to review of their financial statements by the City before an approval can be granted by the City Attorney.

4) ADMITTED CARRIER/LICENSED CALIFORNIA BROKER

Insurance shall be obtained from brokers or carriers authorized to transact insurance business in California. Surplus lines insurance from carriers who are not admitted in California must be submitted through a California-licensed broker or agent.

Surplus lines coverage must also contain a Service of Suit provision whereby the underwriters will submit as necessary to any court of competent jurisdiction in California and agree that all matters arising thereunder will be determined in accordance with the law and practice of such court. It must further give the name and address of the underwriter's agent for service of process located within California or must nominate the California Insurance Commissioner as such agent.

5) PRIORITY OF COVERAGE

The Contractor's insurance shall not call on the City's program for contributions.

6) CANCELLATION/REDUCTION IN COVERAGE NOTICE

With respect to the interest of the City, if an insurance company elects to cancel insurance before the stated expiration date, or declines to renew in the case of a continuous policy, or materially reduces the coverage period by changing the retroactive date (if any), or the extended discovery period (if any), or reduces the stated limits other than by impairment of an aggregate limit, or materially reduces the scope of coverage which affects the City's interest, the company will provide the City at least thirty (30) calendar days prior written of such election. Notice will be made by receipted delivery addressed as follows: GSD, Construction Forces Division, Attn: Contract Administrator, 555 Ramirez Street, Space 150C Los Angeles, CA 90012. It is understood, however, that such notice to the City shall not effect the company's right to give a lesser notice to the Named Insured in the event of nonpayment of premium. (L.A. Admin. Code Section 11.54).

7) ACCEPTABLE EVIDENCE

The appropriate City Special Endorsement forms, contained in Volume 1 of these Contract Documents, are the preferred form of evidence of insurance. Alternatively, the Contractor may submit two (2) certified copies of the policy or other evidence acceptable to the GSD, Construction Forces Division containing language which complies with subparagraphs 1) through 6) above.

With respect to Professional Liability insurance, either a signed copy of the Policy Declarations Page or a letter from the Contractor's insurance broker certifying coverage,

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

together with a thirty (30) day cancellation notice endorsement in favor of the City as specified in subparagraph 6) will satisfy this requirement.

8) SEPARATION OF INSUREDS

Except with respect to the insurance company's limits of liability, each liability insurance policy shall apply separately to each insured against whom a claim or suit is brought. The inclusion of any person or organization as an insured shall not affect any right which such person or organization would have as a claimant if not so included.

9) RENEWAL

Once the insurance has been approved by City, evidence of renewal of an expiring policy may be submitted on a manually signed renewal endorsement or certificate form. If the policy or carrier has changed, however, new evidence as specified in paragraphs 1) through 8) above, must be submitted.

B) AGGREGATE LIMITS/REDUCTION IN COVERAGE

If any of the required insurance coverages contain aggregate limits, or apply to other operations or tenancy of the Contractor not related to this Contract, the Contractor shall give the City prompt, written notice of any incident, occurrence, claim, settlement or judgement against such insurance which in the Contractor's best judgement may diminish the protection such insurance affords the City. Further, the Contractor shall immediately take all reasonable and available steps to restore such aggregate limits or shall provide other insurance protection for such aggregate limits. The City may, at its option, specify a minimum acceptable aggregate for each line of coverage required.

The Contractor shall not make any substantial reductions in scope of coverage (e.g., elimination of contractual liability or reduction of discovery period) which may affect the City's protection without the City's prior written consent.

C) SELF-INSURANCE AND SELF-INSURED RETENTIONS

Self-insurance programs and self-insured retention in insurance policies are subject to separate approval by the City upon review of evidence of the Contractor's financial capacity to respond. Additionally, such programs or retention must provide the City with at least the same protection from liability and defense of suits as would be afforded by first-dollar insurance.

D) MODIFICATION OF COVERAGE

The City reserves the right at any time during the term of this Contract to change the amounts and types of insurance required hereunder by giving the Contractor ninety (90) calendar days advance written notice of such change. If such change should result in substantial additional cost to the Contractor, the City agrees to negotiate additional compensation.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

E) FAILURE TO PROCURE INSURANCE

The required coverage and limits are subject to availability on the open market at reasonable cost as determined by the City. Non-availability or non-affordability must be documented by a letter from the Contractor's insurance broker or agent indicating a good faith effort to procure the required insurance and showing, as a minimum, the names of the insurance carriers and the declinations or quotations received from each.

Within the foregoing constraints, the Contractor's failure to procure or maintain required insurance or a self-insurance program during the entire term of this Contract shall constitute a material breach of this Contract under which the City may immediately suspend or terminate this Contract or, at its discretion, procure or renew such insurance to protect the City's interests and pay any and all premiums in connection therewith, and recover all monies so paid from the Contractor.

F) UNDERLYING INSURANCE

The Contractor shall be responsible for requiring indemnification and insurance as it deems appropriate from its consultants, agents and Subcontractors, if any, to protect the Contractor's and the City's interests, and for ensuring that such persons comply with any applicable insurance statutes. The Contractor is encouraged to seek professional advice in this regard.

G) WORKERS' COMPENSATION

By signing this Contract, the Contractor hereby certifies that it is aware of the provisions of Section 3700 et seq., of the Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and that it will comply with such provisions at all such times as they may apply during the performance of the Work pursuant to this Contract.

A waiver of subrogation in favor of the City will be required when Work is performed on City premises under hazardous conditions.

H) ALL RISK BUILDER'S RISK/INSTALLATION FLOATER

During the course of construction, the Contractor shall secure and maintain an All Risk Builder's Risk Insurance policy covering loss, damage or destruction of property, including materials in transit and stored on and off site, in an amount equal to the value of the construction and materials on hand.

An Installation Risk or "Floater" Policy, written to cover only specific types of equipment during construction, may be provided to cover damage to Work or high valued equipment or materials.

Coverage shall remain in force until the Work is completed and accepted by the City. Acceptable evidence of coverage shall be in the form of an endorsement to the policy which names the City as Loss Payee As Its Interest May Appear.

I) TYPICAL COVERAGES REQUIRED

The coverages required in A above shall be at least as broad as:

- 1) General Liability: Insurance Services Office Commercial General Liability coverage (Occurrence Form CG 00 01).
- 2) Automobile Liability: Insurance Services Office Form Number CA 00 01 (Ed. 1/87) covering Automobile Liability, code 1 (any auto).

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

3) Professional Liability: If applicable, errors and omissions liability appropriate to the consultant's profession, with a discovery period of not less than twelve (12) months after completion of Work or termination of Contract.

J) **TYPICAL LIMITS OF LIABILITY**

Unless otherwise specified in Form Gen. 146/IR, the Contractor shall maintain limits no less than:

- 1) General Liability: \$1,000,000 per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate shall apply separately to this project/location or the general aggregate limit shall be twice the required occurrence limit.
- 2) Automobile Liability: \$1,000,000 per accident for bodily injury and property damage, combined or equivalent in split limits.
- 3) Employer's Liability: \$1,000,000 per accident for bodily injury or disease.
- 1) Professional Liability: \$1,000,000 per occurrence.

K) **CONTRACT BONDS**

If required to submit, before the execution of the Contract by GSD General Manager, the Bidder shall file with the Board Surety bonds satisfactory to GSD, Construction Forces Division and the Authorized City Representative in the amounts and for purposes noted below. Bonds shall be duly executed by a responsible corporate Surety, authorized to issue such bonds in the State of California and secured through an authorized agent with an office in California. Bonds shall be issued by a Surety who is listed in the latest revision of U.S. Department of Treasury Circular 570, is authorized to issue bonds in California, and whose bonding limitation shown in said circular is sufficient to provide Bonds in the amount required by the Contract. The Bidder shall pay all Bond premiums, costs, and incidentals. On Contracts estimated by GSD, Construction Forces Division to be less than \$2 million, Bonds may be obtained from an insurance company with a Certificate of Authority from the California Insurance Commissioner authorizing the company to write Surety insurance within the State of California.

Each Bond shall be signed by both the Bidder and the Surety, and the signature of the authorized agent of the Surety shall be notarized.

The Bidder shall provide two good and sufficient surety bonds. The "Payment Bond" (Material and Labor Bond) shall be for not less than one hundred percent (100%) of the Contract Price, to satisfy claims of material suppliers and of mechanics and laborers employed by it on the Work. The bond shall be maintained by the Contractor in full force and effect until the Work is accepted by the Board, and until all claims for materials and labor are paid, and shall otherwise comply with the California Civil Code.

The "Performance Bond" shall be for one hundred percent (100%) of the Contract Price to guaranty faithful performance of all Work, within the time period prescribed, in a manner satisfactory to GSD, Construction Forces Division and the Authorized City Representative, and that all materials and Workmanship will be free from original or developed defects, and comply with requirements and guaranty specified in "Guaranty-Warranty" of the General Requirements.

Should any Surety at any time be unsatisfactory to GSD Construction Forces Division and the Authorized City Representative, notice will be given the Contractor to that effect. No further payments shall be deemed due or will be made under the Contract until a new Surety shall qualify and be accepted by GSD, Construction Forces Division and the Authorized City Representative.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

Changes in the Work, or extensions of time, made pursuant to the Contract, shall in no way release the Contractor or Surety from its obligations. Notice of such changes or extensions shall be waived by the Surety. In addition to the bonds detailed above, the Contractor shall provide a guarantee bond as detailed in "Guaranty-Warranty" of the General Requirements.

00318 SERVICE OF NOTICE (2/09/94)

The delivering of any notice, instruction, claim or protest, or other written communication, personally to the Contractor or the Contractor's Representative or to the GSD, Construction Forces Division and the Authorized City Representative, or to the City Clerk of the City shall constitute service therefore upon the Contractor, GSD, Construction Forces Division, or the City, respectively.

The depositing of a post-paid (Registered Mail) wrapper directed to the official address of the Contractor, GSD, Construction Forces Division and the Authorized City Representative, or the City in any post office, of any notice, instruction, claim or protest, or written communication, shall be deemed sufficient service thereof upon the Contractor, GSD, Construction Forces Division and the Authorized City Representative, or the City, respectively, and the date of said service shall be the day following the date of postmark.

The official address of the Contractor shall be the address given in the accepted Bid or such other address as the Contractor may subsequently designate in writing either to GSD, Construction Forces Division, the Authorized City Representative or to the City. The official address of GSD, Construction Forces Division and the City will be supplied to the Contractor after the award.

00319 AGENT TO ACCEPT SERVICE (10/21/99)

The Contractor shall maintain within Los Angeles County a duly authorized agent as identified in the Article entitled Service of Notice to accept service of legal process on its behalf, and shall keep the City advised of such agent's name and address during the duration of the Contract and for three (3) years after the Final Payment, or as long as the Contractor has warranty obligations under the Article entitled "Guaranty-Warranty" of General Requirements, whichever period terminates later. In the event that no such duly authorized agent is on file with the City, the Contractor agrees that the Secretary of State of the State of California shall be the Contractor's agent for service of legal process.

00400 TEMPORARY SUSPENSION OF WORK (7/9/03)

If the Work of the Contract is suspended or delayed, the Contractor shall so notify GSD, Construction Forces Division and the Authorized City Representative within twenty-four (24) hours after the start thereof. If the Contractor is entitled to reimbursement for such suspension or delay, as specified hereinafter, the Contractor shall submit a completely detailed statement of the costs thereof, to GSD, Construction Forces Division and the Authorized City Representative, within ten (10) calendar days after the termination thereof. Failure to submit such statement of costs or notification within the time specified shall be deemed a waiver of any claims for delay or damages or both by the Contractor.

If the Work of the Contract is suspended or delayed through no fault of the City, all expenses and losses shall be borne by the Contractor with no time extension, additional reimbursement for extended overhead, or interest on monies due, allowed to the Contractor.

If the Work of the Contract is suspended or delayed by an act of the City, or by failure of the City to furnish required information, and the Contractor thereby incurs expenses or sustains losses which could not have been avoided by the judicious handling of forces and equipment, and if by a diligent prosecution of the Work the Contractor could not have completed the Work before such suspension, the Contractor will be paid such amount as GSD, Construction Forces Division and the Authorized City Representative may find to be a fair and reasonable compensation for such part of the Contractor's actual loss. In no case shall any compensation be made to cover any loss other than actual cash paid for wages, rental of

equipment, and materials used in protection of the Work, all of which must be supported by satisfactory written evidence. Such wages shall not include the wages or salary of any individual not necessary for protection of the Work. The Contractor shall not be entitled to any mark-up for overhead or profit on damages or for extended duration or for interest on monies due for work satisfactorily completed prior to the suspension or delay.

The Contractor shall maintain complete and accurate daily records of all costs due to delay, clearly distinguishing them from the costs of other portions of the Work, and shall submit a detailed written report of such costs to GSD, Construction Forces Division and the Authorized City Representative within ten (10) calendar days of incurring the delay. Failure to comply shall result in waiver by the Contractor to any claims for additional payment and schedule change. In addition, the Contractor shall submit evidence of any cause of delay specified herein if it has not already done so.

As soon as practicable, following receipt of such report and evidence, if required, GSD, Construction Forces Division and the Authorized City Representative will determine the nature and extent of such costs and will, if GSD, Construction Forces Division and the Authorized City Representative find that payment is due, issue a Change Order therefor, subject to the provisions in "Change Orders" of the General Requirements. If GSD, Construction Forces Division and the Authorized City Representative determines that payment is not due, the Contractor will be so advised in writing. Should the Contractor disagree with such finding, Contractor may submit a notice of protest to GSD General Manager as provided in Claims and Protests. The Contractor shall provide GSD, Construction Forces Division and the Authorized City Representative with access to its daily cost records or certified copies thereof as requested. All such records shall be retained by the Contractor and open to inspection and audit by the City and GSD, Construction Forces Division. Except for the additional compensation provided hereinbefore, the Contractor shall have no claim for damage or compensation for any delay or hindrance whether or not contemplated by the Contract.

00401 UNAVOIDABLE DELAY (10/17/01)

Should the Contractor be obstructed or delayed in the completion of the Work from causes beyond its control and without its fault or negligence, and solely due to acts of God, acts of government in its sovereign capacity, riots, insurrections, wars, fires, floods, earthquakes, tidal waves, epidemics, quarantine restrictions, industry-wide strikes, freight embargoes, or unusually severe weather, it shall be entitled to a noncompensable extension of time.

The Contractor shall only be entitled to a noncompensable extension of time for Unavoidable delay in the Work which negatively impacts the critical path of the approved project schedule, and causes the Work of the project to extend beyond the approved Contract Completion date.

The Contractor shall be entitled to a noncompensable time extension only if it notifies the GSD, Construction Forces Division and the Authorized City Representative immediately at the time the Contractor is prevented from proceeding with the Work and follows with written notification of the causes of the delay within five (5) calendar days from the beginning of any delay. Also, the Contractor shall notify GSD, Construction Forces Division and the Authorized City Representative immediately at the end of the delay and follow up with written notification of the cessation of delay within five (5) calendar days from the end of the delay.

Any claim for a time extension shall be made in writing within five (5) calendar days after the conclusion of the delay. GSD, Construction Forces Division and the Authorized City Representative shall ascertain the facts and the extent of the delay and extend the time for completing the Work if, in their judgment, the findings of fact justify such an extension. GSD, Construction Forces Division and the Authorized City Representative's decisions shall be final and conclusive, subject only to appeal as provided by Claims and Protests.

00402 ARCHAEOLOGICAL AND PALEONTOLOGICAL DISCOVERIES (1/30/03)

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

If items of archaeological or paleontological interest are discovered, the Contractor shall immediately cease excavation in the area of discovery and shall not continue until ordered by GSD, Construction Forces Division and the Authorized City Representative. When resumed, excavation operations within the area of discovery shall be as directed by the Engineer, GSD, Construction Forces Division and the Authorized City Representative.

Such discoveries include antiquated dwelling sites, stone implements or other artifacts, animal bones, human bones, fossils and the like. The Contractor shall be entitled to an extension of time and compensation in accordance with the provision of Temporary Suspension of Work.

00403 COORDINATION WITH OTHER CONTRACTS (1/30/03)

GSD, Construction Forces Division and the Authorized City Representative may allow other work at the site by the City's own forces, utility owners or other direct contracts. If the Contractor believes that such performance will involve additional expense to the Contractor or requires additional time and the parties are unable to agree as the extent thereof, the Contractor may make a claim therefor as provided under Claims and Protests.

The Contractor shall afford each utility owner and other contractor who is a party to such a direct contract (or the City, if the City is performing the additional work with City employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work, and shall properly connect and coordinate the Work with theirs. The Contractor shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. The Contractor shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of GSD, Construction Forces Division and the Authorized City Representative and the others whose work will be affected. The duties and responsibilities of the Contractor under this Article are for the benefit of such utility owners and other contractors to the extent that there are comparable provisions for the benefit of the Contractor in said direct contracts between the City and such utility owners and other contractors.

If any part of the Contractor's work depends upon proper execution or results of the work of any such other contractor or utility owner or the City, the Contractor shall inspect and promptly report to GSD, Construction Forces Division and the Authorized City Representative in writing any delays, defects or deficiencies in such work that renders it unavailable or unsuitable for such proper execution and results. The Contractor's failure to do so will constitute an acceptance of the other Work as fit and proper for integration with the Contractor's Work. The exception is latent defects in the other work.

00404 TERMINATION OF CONTRACT BY CITY (CONTRACTOR NOT AT FAULT) (10/17/01)

The Contract may be terminated, in whole or in part, at any time, by the City, at its sole discretion, without cause and for the City's convenience. Such termination will be accomplished by delivery of a written "Notice of Termination" to the Contractor, specifying the extent to which performance of the Work under the Contract or portion of the Contract shall be terminated and the date upon which such termination shall become effective.

After receipt of a Notice of Termination, except as otherwise directed by the City the Contractor shall:

- 1) Stop Work under the Contract on the date and to the extent specified in the Notice of Termination.
- 2) Notify the City in writing of all outstanding orders, Subcontracts and contracts entered into by Contractor for performance of the Work, including the (i) name and address of the vendor, supplier or Subcontractor; (ii) a copy of the complete contract, order or Subcontract; (iii) an accounting of the Work performed and compensation earned by the vendor, supplier or Subcontractor, and (iv) such other information as the City may request to assist it in determining whether to terminate or accept assignment of the order, Subcontract or contract.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

- 3) Upon written notice by City, terminate all Subcontracts, orders and contracts, of any tier, related to the performance of the Work that the City determines shall be terminated and not assigned. Place no further orders or Subcontracts for Goods or services, except as may be necessary for completion of that portion of the Work that has not been assigned.
- 4) Place no further orders or Subcontracts for Goods or services, except as may be necessary for completion of that portion of the Work that has not been terminated.
- 5) Settle outstanding liabilities and Claims arising out of such termination of orders and Subcontracts, with the Acceptance of the City if required (which Acceptance shall be final for the purposes of this Article).
- 6) Assign to the City in the manner, at the times, and to the extent directed by the City all of the rights, titles, and interests of the Contractor under such orders, contracts and Subcontracts so terminated.
- 7) Transfer title and deliver to the City in the manner, at the times and to the extent directed by it, the fabricated or unfabricated parts, Work in process, completed Work, supplies, and other Goods procured as a part of, or acquired in connection with the performance of the Work terminated; and completed or partially completed plans, drawings, information and other items that would have been required (per the Specifications) to be furnished to the City if the Contract had been completed.
- 8) Use its best efforts to sell the property of the types referred to above in the manner, at the times, to the extent, and at the price(s) directed or authorized by the City, providing that the:
 - A) Contractor is not required to extend credit to any purchaser;
 - B) Contractor may acquire any such property under the prescribed conditions; and/or proceeds of any such transfer or disposition are applied or otherwise credited to reduce payments made by the City to the Contractor under the Contract.
- 9) Take any action that may be necessary, or that the City may direct, for the protection and preservation of the property related to the Contract that is in the possession of the Contractor and in which the City has or may acquire an interest.
- 10) Complete performance of that portion of the Work that has not been terminated by the Notice of Termination, as applicable and in accordance with the Contract.

After receipt of a Notice of Termination for the City's convenience, the Contractor shall submit its termination Claim to the City requesting payment of such sums as are permitted under the terms of this Article, in the form and with the certification(s) prescribed by the City for Claims and Protests. Such Claim shall be submitted promptly but in no event later than thirty (30) days from the effective date of termination, unless one or more extensions are granted in writing by the City upon written request by the Contractor during such six-month period or authorized extension thereof. However, the City may receive and act upon any termination Claim at any time after the thirty (30) days period or any extension thereof, if it determines that the facts justify such action. Upon failure of the Contractor to submit its termination Claim within the time specified, the City will determine the amount due the Contractor, if any, on the basis of information available, and will pay the Contractor the amount so determined. Such determination shall be final and binding and payment shall be in full settlement for the Work performed under the Contract.

Subject to the provisions of this Article, the Contractor and the City may agree upon the total or partial amount to be paid to the Contractor by reason of the total or partial termination pursuant to this Article. The agreed upon amount shall under no circumstances include any sum for lost profits on the terminated portion of the Work or for consequential damages, of any kind. If agreement is reached, the Contract will be amended by Modification accordingly and the Contractor will be paid the agreed upon amount.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

In the event of failure of the Contractor and the City to agree on the total amount to be paid the Contractor by reason of the termination of Work pursuant to this Article, the City will pay the Contractor the amounts determined by the City as follows, exclusive of any amounts agreed upon in accordance with the preceding Paragraph:

The Contractor's actual cost for the Work properly performed by the Contractor as of the date of termination, including a 5% allowance for profit on such costs; plus, the reasonable cost of preserving and protecting property; plus, other reasonable costs incidental to the termination of the Work under the Contract, including expense incurred to determine the amounts due; provided however, that the maximum payable or paid for any portion of the completed Work shall not exceed the values listed in the corresponding bid item of Schedule of Values.

The total sum to be payable or paid to the Contractor, exclusive of the settlement amounts described in the Paragraph immediately above, shall not exceed the total Contract Price less the:

- 1) Payments made previously by the City for the Work; plus
- 2) A prorated portion of the total Contract Price for the terminated portion of the Work as determined by GSD, Construction Forces Division and the Authorized City Representative.

Except for normal spoilage and to the extent that the City will have otherwise expressly assumed the risk of loss, the fair value (as determined by the City) of property that is destroyed, lost, stolen, or damaged (so as to become undeliverable to the City or other buyer as described above) shall be excluded from the amounts paid to the Contractor.

In arriving at the amount due the Contractor under this Article, a deduction shall be made for the following:

- 1) Any claim that the City may have against the Contractor in connection with the Contract; and
- 2) The agreed upon price for and/or proceeds from the sale of goods or other items acquired or sold by the Contractor that have not been otherwise recovered by or credited to the City.

Under such terms and conditions as it may prescribe and at its sole discretion, the City may make partial payments against costs incurred by the Contractor in connection with terminated portion of the Contract whenever the City decides that the aggregate of such payments is within the amount to which the Contractor is entitled hereunder. If the total of such payments is in excess of the amount finally agreed upon or determined to be due under this Article, such excess shall be payable by the Contractor or to the City upon demand together with interest at a rate equal to that set forth in California Code of Civil Procedure, Section 685.010.

Under no circumstances shall the Contractor be entitled to anticipatory or unearned profits or consequential damages as a result of a termination of partial termination under this Article, or for any other termination by the City. The payment to the Contractor determined in accordance with this Article shall constitute the exclusive remedy of the Contractor for termination hereunder.

Anything contained in the Contract to the contrary notwithstanding, a termination under this Article shall not waive any right or claim to damages that the City may have; the City may pursue any clause of action that it may have by law or under the Contract; and shall not relieve Contractor of its warranty obligations with respect to any Work performed prior to such termination.

If the termination hereunder is only for a part of the Work, the Contract Price shall be reduced by the amount of the Contract Price applicable to the portion of the Work which is terminated, including overhead and profit, on the basis of one or more of the following:

- 1) Unit prices stated in the Contract or agreed upon by the City and the Contractor.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

2) A lump sum determined by GSD, Construction Forces Division and the Authorized City Representative, based on the estimate costs including overhead and profit of the terminated portions of the Work.

00405 TERMINATION OF CONTRACT BY CITY (CONTRACTOR DEFAULT) (10/17/01)

In the event of conduct by the Contractor which is determined by GSD, Construction Forces Division and the Authorized City Representative to constitute default, the City may either suspend the Work under the provisions of Temporary Suspension of Work of these General Conditions or, upon ten (10) calendar days' written notice to the Contractor, terminate the Contract as provided herein. Default by the Contractor shall occur whenever it shall declare bankruptcy; become insolvent or assign its assets for the benefit of its creditors; fail to provide materials, equipment, or workmanship meeting the requirements of the Specifications; disregard or violate provisions of the Contract Documents or the Engineer's or GSD, Construction Forces Division's and the Authorized City Representative's instructions; fail to prosecute the Work according to the approved progress schedule; or fail to provide a qualified representative, competent workers or Subcontractors. Upon request, GSD, Construction Forces Division and the Authorized City Representative will provide the Contractor an opportunity to contest the recommendation of the Engineer, or GSD, Construction Forces Division as to default by the Contractor.

In the event the Contract is terminated pursuant to this Article, the City may take possession of the Work and of all materials, tools, equipment, and property of the Contractor, which have been provided in connection with the Work, and may complete the Work by whatever method or means the City may select. The unpaid balance of the Contract cost for completing the Contract Work shall be used to complete the Work in accordance with the Contract Documents. If cost of completing the Work exceeds the unpaid balance, the Contractor shall pay the excess amount to the City. If such cost is less than the unpaid balance, the Contractor shall not have claim to the difference except to such extent as may be necessary, in the opinion of the Engineer, to reimburse the Contractor or the Contractor's sureties for any unpaid expense properly incurred for materials, tools, equipment, property, and labor devoted to the prosecution of the Work, or which the City shall have received the benefit. In computing such expenses, as it relates to equipment and property, the salvage value at completion of Work shall be deducted from the salvage value at the time the Contract was terminated, and the difference shall be considered as an expense. If after termination for failure of the Contractor to fulfill contractual obligations (Contractor Default), it is determined by a Court of competent jurisdiction that the Contractor had not failed to fulfill contractual obligations, the termination shall be deemed to have been for the convenience of the City. In such an event, adjustment of the Contract Price shall be made as provided in Termination of Contract by City (Contractor Not at Fault").

00406 PARTIAL ACCEPTANCE (3/26/02)

The City shall have the right to utilize or place into service any item of equipment or other usable portion of the Work prior to completion of the entire project. GSD, Construction Forces Division and the Authorized City Representative will notify the Contractor in writing identifying the specific portion or portions of the Work to be so utilized or otherwise placed into service.

It shall be understood by the Contractor that until a written notification of a partial completion is issued, all responsibility for care and maintenance of all items or portions of the Work to be placed in use shall be borne by the Contractor. Upon issuance of the written notification of the partial completion, the City will accept responsibility for the protection and maintenance of all such items or portions of the Work described in the written notice, and it is further understood that the manufacturer's warranties of any affected equipment will commence not later than the date for commencement of the warranties indicated on the written notification of the partial completion. The Contractor's guarantee period shall commence only after the final acceptance of the Contract by the Department of General Services. Such guarantee of total systems operation shall include that portion or portions previously placed into Beneficial Use by the City.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

The issuance of a written notification of a partial completion for any part of the Work shall not relieve the Contractor of its obligation to promptly remedy any omissions and latent or unnoticed defects in the Work covered by the written notification of a partial completion. The City shall have the right to restrict the Contractor's use of the occupied portion of the Work but shall allow the Contractor reasonable access to complete or correct items required by the Contract Documents.

The City may, if the Work is progressing satisfactorily, release part of the retention on portions of the Work for which a written notification of a partial completion has been issued, provided that the following conditions have been met:

- 1) Final Inspection corrections have been completed to the satisfaction of GSD, Construction Forces Division Authorized Representative on the portions of work to be utilized or placed into service;
- 2) The Contractor submits a written request to GSD, Construction Forces Division and the Authorized City Representative for release of retention which includes a verifiable valuation of the identified portions of the Work covered by the written notification of a partial completion;
- 3) Impacted Subcontractors, major suppliers and the Contractor's Surety all agree in writing to release of retention;
- 4) There are no Stop Notices on file with GSD, Construction Forces Division against the Contractor involving any portion of the affected Work; and
- 5) GSD, Construction Forces Division and the Authorized City Representative agrees that a portion of the retention should be released for the affected Work.

00407 FINAL ACCEPTANCE (10/17/01)

When all Work has been completed to the satisfaction of GSD, Construction Forces Division and the Authorized City Representative, the Contractor shall notify GSD, Construction Forces Division and the Authorized City Representative, and request in writing a Final Inspection be performed by the Inspector. The Final Inspection conducted by the GSD, Construction Forces Division and the Authorized City Representative may include the Contractor and major Subcontractors' representatives. A Final Inspection Correction List will be provided to the Contractor at the completion of the Full Final Inspection. All corrections noted on the Final Inspection Correction List shall be completed within thirty (30) days of issuance of the Final Inspection Correction List. All corrections shall be inspected and accepted by GSD, Construction Forces Division and the Authorized City Representative until all Work is complete. Failure to complete all corrections within thirty (30) days of issuance of the Final Inspection Correction List shall result in the Final Inspection being performed again.

Upon completion of all physical corrections GSD, Construction Forces Division and the Authorized City Representative shall initiate release of final payment and retention monies due the Contractor after subtracting any disputed monies (outstanding administrative corrections, such as wage violations, illegal substitutions, or liquidated damages).

Upon completion of all items of Work and administrative requirements of the Project, GSD, Construction Forces Division shall formally accept the contract work and shall establish the following:

- 1) Start date of the Contractor's material and workmanship Guaranty-Warranty for the total Project.
- 2) Start date of any equipment or material warranties, which had not previously been started.
- 3) Date the City assumes responsibility for maintenance, security, and safety of the Project.

00408 LIQUIDATED DAMAGES (10/17/01)

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

Time is of the essence in completing the Work required by the Contract. If the Contractor fails or refuses to complete the Work or any part thereof within the time fixed by the terms of the Contract, or any approved extension thereof, the actual damage to the City due to the delay will be difficult or impossible to determine. In lieu thereof, the Contractor shall pay to the City, as fixed and agreed, liquidated damages for each calendar day of delay in completion, the sum or sums as set forth in the Contract Documents. The Contractor shall be liable for the amount thereof. The City reserves the right, however, to terminate the Contractor's completing the Work, charging against the Contractor and its sureties any excess cost occasioned the City thereby, together with liquidated damages accruing until such time as the City may reasonably complete the Work.

Permitting the Contractor to continue and complete the Work, or any portion thereof, after the time fixed herein for completion, or after the expiration of any extensions of said time, shall in no way operate as a waiver on the part of the City of any of its rights under the Contract.

00409 COMPENSATION FOR DELAY, DISRUPTION, UNANTICIPATED OVERHEAD (3/18/04)

This Article establishes the Contractor's sole and exclusive rights to compensation for costs, expenses or damages, of any kind, arising from or relating to (i) delay, disruption, hindrance, interference, schedule compression, and the impact, ripple or cumulative effect thereof; or (ii) additional supervision, administration, excess, extended or extraordinary overhead, loss of productivity, or similar costs, expenses or damages incurred as a result of or related to extras, changes, additions or deletions in the Work, errors, omissions, conflicts or ambiguities in the Contract Documents, suspensions of the Work, acts or omissions of City or its representatives, agents, contractors or consultants, Differing Site Conditions, or other unforeseen circumstances, of any kind.

Contractor shall not be entitled to, and hereby conclusively waives, any right to recovery of compensation, costs, expenses or damages for delays, disruptions, hindrances or interferences (including without limitation interruption of schedules, extended, excess or extraordinary field and indirect overhead costs, loss of productivity and the impact, ripple or cumulative effect on other Work) that are the result of Unavoidable Delays or which are caused by the acts or omissions of Contractor or of its Subcontractors, of any tier.

Contractor's rights to recovery of compensation, costs, expenses and damages for delay, disruption, hindrance and interference (including without limitation interruption of schedules, extended, excess and extraordinary field and indirect overhead costs, loss of productivity and the impact, ripple or cumulative effect on other Work) that are the result of extras, changes, additions or deletions in the Work for which Contractor is entitled to an adjustment of the Contract Price as set forth in Changes and Extra Work shall be limited to the additional compensation set forth in "Change Orders" of the General Requirements, which shall constitute the sole, exclusive and complete compensation that the City is obligated to pay Contractor for all such costs, expenses and damages incurred by Contractor and its Subcontractors, of every tier.

If Contractor is entitled to an extension of time under the terms of the Contract Documents solely as a result of any cause other than Unavoidable Delay or extras, changes, additions or deletions in the Work for which Contractor is entitled to an adjustment of the Contract Price pursuant to Changes and Extra Work, then the Contract Price shall be increased by the sum of \$ 500 per day for each day of such time extension; provided however, that such compensation shall be only be payable by City if and to the extent that (i) the Contractor is entitled to an extension of time under the Contract Documents on account of such delay, including without limitation that Contractor has strictly complied with all requirements regarding the timeliness and content of written notices and requests for extension of time; and (ii) the delay is not, in whole or in part, concurrent with an Unavoidable Delay, a delay due to extra work, changes, additions or deletions in the Work as set forth in "Changes and Extra Work", or any other delay for which Contractor is not entitled to an extensions of time under the terms of the Contract Documents; and (iii) an adjustment to the Contract Price for the costs, expenses and damages incurred in connection with such extension of time is not provided for or excluded under any other provision of the Contract Documents. The daily rate of compensation provided for herein shall not be subject to further markups or additions for profit, overhead (direct or indirect), or impact and shall constitute the sole, exclusive and

Notwithstanding the foregoing or any other provision of the Contract Documents to the contrary, Contractor shall in no event be entitled to receive the compensation set forth in this Article for the period of any delay or disruption that is concurrent with a delay or disruption that is caused by the acts or omissions of Contractor or its Subcontractors, of any tier, or that is the result of any breach by Contractor of any provision of the Contract Documents.

00500 CHANGES AND EXTRA WORK (10/17/01)

GSD, Construction Forces Division may, at any time, without notice to the Sureties, by written order designated or indicated to be a Change Order, order performance of extra work or make any change, addition or deletion in the Work, including but not limited to changes in the Specifications including Plans and designs; in the time, method or manner of performance of the Work; in the City furnished facilities, equipment, materials, services, or site; or directing acceleration in the performance of the Work.

Upon receipt of such Change Order, the Contractor shall promptly proceed with the Work covered thereby, which shall be performed in accordance with the provisions of the Contract Documents except as otherwise specifically provided.

In the event that Contractor receives any written order or direction by GSD, Construction Forces Division and the Authorized City Representative that is not so designated or indicated to be a Change Order, but which Contractor believes to constitute an extra, change, addition or deletion in the Work, then Contractor shall, prior to performance of any Work related thereto, give written notice to GSD, Construction Forces Division's Authorized Representative confirming Contractor's belief that such order or direction is believed to be a Change Order within one (1) working day of Contractor's receipt of such order or direction.

Contractor conclusively waives any right to additional compensation, costs, expenses, damages or extension of time associated with an extra, change, addition or deletion to the Work that is performed by Contractor without either (i) a written order signed by GSD, Construction Forces Division designated or indicated to be a Change Order and any change, addition or deletion, or (ii) a written notice issued by Contractor in accordance with the provisions of this Article.

During the progress of the Work, it may be necessary for GSD, Construction Forces Division and the Authorized City Representative to issue written field orders in the form of an Emergency Change Authorization. Upon receipt, The Contractor shall immediately proceed with GSD, Construction Forces Division and the Authorized City Representative written directive.

Except as provided in this Article, no other order, statement, or conduct of the Engineer shall be treated as a change under this Article or shall entitle the Contractor to an adjustment in the Contract Price or Contract Completion Date.

Except for claims based on defective Specifications, no Claim for any change under this Article shall be allowed for any costs incurred more than twenty (20) calendar days before the Contractor gives written notice as required. Except as otherwise provided in the Contract Documents, in the case of defective specifications for which GSD, Construction Forces Division is responsible, the adjustment shall include any increased cost the Contractor reasonably incurred in attempting to comply with those defective specifications.

If the Contractor intends to assert a Claim for an adjustment in the Contract Price under this Article, it must, within ten (10) calendar days after receipt of a written Change Order or the furnishing of a written

confirmation notice as hereinbefore specified, submit a written statement to GSD, Construction Forces Division and the Authorized City Representative setting forth the general nature and monetary extent of such claim and all factual grounds therefor. Failure to comply with the twenty (20) calendar day notice requirement shall be deemed a waiver of Claims by the Contractor.

No adjustment shall be made under this Article for any suspension, delay, interruption, change or any other cause, to the extent that an adjustment is provided for or excluded under any other provision of the Contract.

Recovery of compensation, costs, expenses or damages resulting from delay, disruption, hindrance, or interference in the performance of the Work (including without limitation interruption of schedules, extended, excess or extraordinary field overhead and indirect overhead costs, loss of productivity and the impact, ripple or cumulative effect on other Work), shall not be permitted, and all rights thereto are conclusively waived by Contractor, except to the extent allowed by Compensation for Delay, Disruption and Unanticipated Overhead.

No Claim by the Contractor shall be allowed if the Claim is made after final payment under this Contract.

00501 DIFFERING SITE CONDITIONS (7/9/03)

Upon discovery and before further disturbance of any differing site conditions, the Contractor shall immediately notify GSD, Construction Forces Division and the Authorized City Representative, followed by a written notice to GSD, Construction Forces Division and the Authorized City Representative within twenty-four (24) hours of subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents; or unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the Work of the character provided for in this Contract; or materially differing from that represented in the Contract Documents which the Contractor believes may be hazardous waste (as defined in the California Health and Safety Code and is required to be removed to a Class I, Class II or Class III disposal site in accordance with provisions of existing law).

GSD, Construction Forces Division and the Authorized City Representative will promptly investigate the conditions. If, GSD, Construction Forces Division and the Authorized City Representative finds that conditions materially differ and will cause an increase or decrease in the Contractor's cost or the time required to perform any part of the Work, GSD, Construction Forces Division and the Authorized City Representative will adjust the Contract by Change Order.

If the Contractor disagrees with GSD, Construction Forces Division and the Authorized City Representative's determination the Contractor may request an adjustment to the Contract Price or Contract Completion Date. Within ten (10) calendar days after it first discovered, or should have discovered in the exercise of diligence and extreme care, the existence of such Differing Site Condition, submit a written statement setting forth a detailed cost breakdown described in "Change Orders" of the General Requirements. The statement must include the Contractor's basis and calculation of the costs saved or incurred, detailed information demonstrating the effect on the Contractor's schedule of performance (in the same manner as required by the Contract Documents for requesting an extension of time), identification of the Escrow Bid Documents that formed the basis of the Contractor's Bid to perform the Work affected by such conditions, and a complete and detailed explanation of the factual basis for the request.

Failure by Contractor to strictly comply with the requirements of this Article concerning the timing and content of any notice of Differing Site Conditions or of any request for adjustment in Contract Price or Contract Completion Date based on Differing Site Conditions shall be deemed waiver of any Claim by the Contractor for increase in the Contract Price or extension of the Contract Completion Date by reason of such conditions.

Contractor's right to compensation for (i) delay, disruption, hindrance, interference, schedule compression, and the impact, ripple or cumulative effect thereof; or (ii) additional supervision,

administration, excess, extended or extraordinary overhead, loss of productivity, or similar costs, expenses or damages incurred as a result of or related to any Claim based on Differing Site Conditions shall be limited to such sums as are allowable under Compensation for Delay, Disruption, Unanticipated Overhead.

No Claim by the Contractor for an adjustment hereunder shall be allowed if asserted after final payment under this Contract.

00600 CLAIMS AND PROTESTS (7/9/03)

A Claim that involves an extra, change, addition or deletion to the Work as set forth in Changes and Extra Work shall arise upon issuance of a final decision of GSD, Construction Forces Division denying, in whole or in part, a request for adjustment in the Contract Price or Contract Completion Date; provided however, that failure to comply with the requirements of the articles for Changes and Extra Work or Differing Site Conditions shall be conclusively deemed to constitute grounds to deny such Claim.

A Claim that does not involve an extra, change, addition or deletion to the Work may be asserted only if the Contractor shall immediately and prior to performing the Work affected thereby give written notice to GSD, Construction Forces Division and the Authorized City Representative of such circumstances and of Contractor's intention to file a Claim based thereon. Unless otherwise directed by GSD, Construction Forces Division and the Authorized City Representative, the Contractor shall proceed without delay to perform the Work and to conform to any order, instruction, or decision of GSD, Construction Forces Division and the Authorized City Representative with respect thereto.

The Contractor shall, within twenty (20) calendar days after it first knew, or in the exercise of diligence and extreme care should have known, of the circumstances giving rise to the Claim, file a written Claim with GSD, Construction Forces Division and the Authorized City Representative, stating in detail all objections, grounds and reasons therefor. The Contractor shall, upon instruction by GSD, Construction Forces Division and the Authorized City Representative, provide, within ten (10) days or such other time as agreed to between GSD, Construction Forces Division and the Authorized City Representative, and the Contractor, any and all documents, records or other materials identified by GSD, Construction Forces Division and the Authorized City Representative as necessary for the resolution of the Contractor's Claim.

Claims seeking time extensions shall be accompanied by such documentation as is required by "Contractor's Construction Schedule and Reports" of the General Requirements. Claims seeking recovery of compensation or adjustments to the Contract Price, whether or not based on extras, changes, additions or deletions to the Work, shall be in the form of Change Order Cost Quotations prepared in accordance with and subject to all of the requirements of "Change Orders" of the General Requirements, including without limitation the prohibition on use of "total cost" and "modified total cost" methodologies.

Contractor waives all rights to assert any claims or seek any relief in the form of extensions of time or recovery of additional compensation, costs, expenses, damages from the City that are not presented as a Claim in the manner specified and within the time stated herein. Contractor further hereby agrees that in the interest of avoiding the additional expense and potential inequity of piecemeal resolution of Claims, all decisions by GSD, Construction Forces Division and the Authorized City Representative shall be final and binding not only as to all matters asserted in the Claim, but also as to all matters (including without limitation all rights to extensions of time and recovery of extra compensation, costs, expenses and damages) not asserted in the Claim that were known to Contractor, or that could have been reasonably discovered by Contractor in the exercise of diligence and extreme care, at the time of submission of the Claim and that are in any way related to the subject matter of the Claim. All orders, instructions and decisions of GSD, Construction Forces Division and the Authorized City Representative will be limited to matters properly falling within their respective authority.

The Contractor will be informed of GSD, Construction Forces Division and the Authorized City Representative's decision within thirty (30) days after the Contractor last submits data pertinent to the

Claim previously mentioned. In the case of a Claim that involves an extra, change, addition or deletion to the Work as set forth in Changes and Extra Work, if the Contractor accepts the decision of GSD, Construction Forces Division and the Authorized City Representative, then the Contractor and City shall enter into a Change Order adjusting the Contract Price and Contract Completion Date in accordance with such decision. In case a Claim does not involve an extra, change, addition or deletion to the Work as set forth in Changes and Extra Work and the Contractor accepts the decision of GSD, Construction Forces Division and the Authorized City Representative, then the Contractor and City shall enter into a Change Order setting forth the terms of the decision and, if appropriate, its effect on the Contract Price or Contract Completion Date. If the Contractor does not accept the decision of GSD, Construction Forces Division and the Authorized City Representative, then further appeal of the GSD, Construction Forces Division and the Authorized City Representative's decision must be made to the GSD, General Manager in writing within twenty (20) calendar days after receipt of GSD, Construction Forces Division and the Authorized City Representative's decision. GSD, Construction Forces Division shall afford the Contractor an opportunity to be heard and to offer evidence in support of its appeal. All determinations of GSD, General Manager with respect to Claims shall be final and binding.

In all matters concerning the validity, interpretation, performance, effect or otherwise of the Contract, the Federal regulations (if and to the extent expressly incorporated by reference in the Contract Documents), the laws of the State of California, and the Charter of the City of Los Angeles shall govern and be applicable. Pending final disposition of a Claim, the Contractor shall proceed diligently with the performance of the Contract and in accordance with the previously mentioned decision.

Any Claim, including without limitation any Claim filed on behalf of or having its source in a claim by Subcontractor, Sub-Subcontractor, or Supplier, at any tier, which the Contractor chooses to make to the City, shall be accompanied by the certification language set forth below signed by a responsible managing officer of the Contractor's organization, who has the authority to sign Subcontracts or Purchase Orders on behalf of the Contractor, and who has personally investigated and confirmed the truth and accuracy of the matters set forth in such certification. Submission of certification in accordance herewith is a condition precedent to the City's consideration of or decision on the Claim and to the filing and maintenance of any legal action or proceeding to enforce or recover monies under such Claim. Failure to submit such a certification along with the Claim shall result in the Claim being returned to the Contractor without any decision, and shall waive the Contractor's right to pursue the Claim either on its own behalf or on behalf of such Subcontractor or Supplier.

I hereby certify under penalty of perjury that I am a managing officer of (Contractor's Name) and that I have reviewed the Claim presented herewith on Contractor's behalf and/or on behalf of (Subcontractor's/Supplier's name(s)) and that the following statements are true and correct:

- 1) The facts alleged in or that form the basis for the Claim are true and accurate; and,
- 2) Contractor does not know of any facts or circumstances, not alleged in the Claim, that by reason of their not being alleged render any fact or statement alleged in the Claim materially misleading; and,
- 3) Contractor has, with respect to any request for money or damages alleged in or that forms the basis for the Claim, reviewed the job cost records (including those maintained by Contractor and by any Subcontractor or Supplier, of any tier, that is asserting all or any portion of the Claim) and confirmed with mathematical certainty that the losses or damages suffered by Contractor and /or such Subcontractor or Supplier were in fact suffered in the amounts and for the reasons alleged in the Claim; and,
- 4) Contractor has, with respect to any request for extension of time or claim of delay, disruption, hindrance or interference alleged in or that forms the basis for the Claim, reviewed the job schedules (including those maintained by Contractor and by any Subcontractor or Supplier, of any tier, that is asserting all or any portion of the Claim) and confirmed on an event-by-event

basis that the delays or disruption suffered by Contractor and /or such Subcontractor or Supplier were in fact experienced for the durations, in the manner, and with the consequent effects on the time and/or sequence of performance of the Work, as alleged in the Claim; and,

5) Contractor has not received payment from City for, nor has Contractor previously released City from, any portion of the Claim.

Neither the inspection by the City, nor any order by the City for payment of money, nor any payment for or acceptance of the whole or any part of the Work by the City, nor any extension of time, nor any possession taken by the City, shall operate as a waiver of any provision of this Contract, or any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach in this Contract be held to be a waiver of any other or subsequent breach.

00605 ACCEPTANCE OF FINAL PAYMENT CONSTITUTES RELEASE (4/12/95)

The Contractor shall bear all costs arising from the use of patented goods and /or processes used on and/or incorporated into the Work. When use of these goods and/or processes are judged to be an infringement and their use is banned, the Contractor, at its own expense, shall, with concurrence of GSD, Construction Forces Division, do one of the following:

- 1) Secure for the City the right to continue using goods and/or processes by suspension of the injunction or by procuring a license(s);
- 2) Replace said goods and/or processes with non-infringing goods and /or processes;

C. REFERENCE STANDARDS

Applicable Publications: Whenever in these Specifications / Project Manual references are made to published specifications, codes, standards, or other requirements, it shall be understood that wherever no date is specified, only the latest specifications, standards, or requirements of the respective issuing agencies which have been published as of the date that the Work is advertised for bids shall apply; except to the extent that said standards or requirements may be in conflict with applicable laws, ordinances or governing codes. No requirements set forth herein or shown on the Drawings shall be waived because of any provision of, or omission from, said standards or requirements.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

Specialists' Assignments: In certain instances, specification text requires (or implies) that specific work is to be assigned to specialists or expert entities, who must be engaged for the performance of that work. Such assignments shall be recognized as special requirements over which the CONTRACTOR has no choice or option. These requirements shall not be interpreted so as to conflict with the enforcement of building codes and similar regulations governing the Work; also they are not intended to interfere with local union jurisdiction settlements and similar conventions. Such assignments are intended to establish which party or entity involved in a specific unit of work is recognized as "expert" for the indicated construction processes or operations. Nevertheless, the final responsibility for fulfillment of the entire set of contract requirements remains with the CONTRACTOR.

Codes And Safety Standards: Without limiting the generality of other requirements of the Specifications, all work specified herein shall conform to or exceed the applicable requirements of the following Codes and Safety Standards.

1.) Applicable Codes:

- City of Los Angeles Building Code
- City of Los Angeles Mechanical Code
- City of Los Angeles Plumbing Code
- City of Los Angeles Fire Code
- City of Los Angeles Electrical Code

References herein to "Building Code" shall mean City of Los Angeles Building Code. Similarly references to "Mechanical Code," "Plumbing Code," "Fire Code," and "Electric Code" shall mean City of Los Angeles Mechanical Code, City of Los Angeles Plumbing Code, City of Los Angeles Fire Code, and City of Los Angeles Electric Code respectively.

2.) Applicable Safety Standards:

- OSHA Regulations for Construction

(END OF SECTION)

SECTION 01254

CHANGE ORDERS

1. PAYMENT FOR CHANGES AND EXTRA WORK

Payment to the Contractor, or credit to the City, for any change, addition, deletion or extra to the Work, or settlement of any Claim, covered by any Change Order, shall be determined by the methods set forth herein. The Engineer may change the Plans and Specifications, character of the Work, or quantity of Work provided the total arithmetic dollar value of all such changes, both additive and deductive, does not exceed twenty-five percent (25%) of the Contract Price. Should it become necessary to exceed this limitation, the change shall be by written Supplemental Agreement between the Contractor and the City, which shall be executed by a Change Order.

Unless otherwise stipulated, "Unit Prices" and "Stipulated Prices" include all costs necessary to furnish, install and complete the Work. The "Unit Prices" and "Stipulated Prices" include all direct costs for labor, equipment and materials, all insurance and bond costs, all field and office supervisors and assistants, all onsite project administration, security costs, the cost of small tools and consumables, incidental job burdens, and all general home office expenses and no separate allowance will be made therefor. Assistants to field and office supervisors include all clerical, stenographic, and general office help. Incidental job burdens include, but is not limited to, office equipment and supplies, temporary toilets, telephone, utilities, safety equipment, warning devices, personal protective equipment, and conformance to OSHA requirements. Project administration includes, but is not limited to, review and coordination, estimating, engineering, scheduling, and expediting relative to Change Orders, and updating and furnishing Record Drawings to incorporate changes, schedule update, supervision not applied solely to the Work of the Change Order, home office salaries and expenses, and City of Los Angeles Business Tax.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

A. Unit Prices

Unit prices stipulated in the Bid or itemized in an approved Schedule of Values shall be utilized, where they are applicable and determined reasonable by the CITY. In the event that the Change Order results in a change in the original quantity of more than twenty-five percent (25%), either increase or decrease, then either the CITY or the Contractor may request a review of the unit price to determine if a new unit price shall be mutually determined by negotiation. Any new unit price mutually determined under this Subsection shall only apply to the units in excess of one hundred twenty five percent (125%) of the original quantity for overruns. In case of underruns, the unit price stipulated in the Bid shall be applied to the first twenty-five percent (25%) of the actual quantity of work performed and the new mutually determined price shall be applied to the quantity between twenty-five percent (25%) and seventy-five percent (75%) of the original quantity.

Renegotiated unit prices or unit prices for new items added to the Contract by Change Order shall be determined in accordance with Subsections B through G. Whether stipulated in the Bid, itemized in an approved Schedule of Values or renegotiated, the unit prices used for payment constitute the total adjustment with no further costs owed for overhead, impact, profit, delay or impact to unchanged portions of the Contract, or any other reason. The unit price shall be full and final compensation as described in Subsection D.

The cost proposals for renegotiated unit prices shall be presented in accordance with the provisions of Subsections B through G. Should any Bid Item be deleted in its entirety, the amount bid for that bid item shall be subtracted from the total Contract amount. The Contractor shall be paid only for the actual cost incurred prior to the notification of such deletion for that Bid Item.

B. Lump Sum

The CITY and the Contractor may mutually determine a total sum for the Changed/ Extra Work. The Contractor shall summarize the total cost and furnish a breakdown of the proposed lump sum costs satisfactory to the CITY in accordance with Subsections B through G. Such lump sum costs shall be full and final compensation as described in Subsection D. A sample Cost Summary sheet is attached for convenience. The attached Cost Summary sheet(s) cannot be used to nullify or supercede any specification or contractual provision.

If the method or amount of payment cannot be agreed prior to performing the Changed/ Extra Work, the CITY may unilaterally issue a Change Order in the amount determined reasonable by the CITY for the Changed/ Extra Work and direct the Contractor to proceed immediately. The CITY also has the option to issue a Change Order directing the Work be done on a Time and Materials basis with the Contractor providing all labor, equipment, and materials necessary to complete the Work in a satisfactory manner and within a reasonable period of time. Estimates for lump sum quotations and accounting for Time and Materials work shall be limited to direct expenditures necessitated specifically by the subject Changed/ Extra Work, and shall be segregated as follows:

1. Labor, up to and including working general foremen, who are directly assigned to the Changed/ Extra Work. Employees identified as superintendents or are non-working general foremen shall not be charged as labor on Changed/ Extra Work. The labor costs shall include actual documented payroll costs including wages, payroll taxes as established by law (i.e., FICA, Federal and State Unemployment Taxes), fringe benefits as established by negotiated labor agreements, and any insurance costs (such as Worker's Compensation and General Liability Insurance but shall not include Automobile Liability Insurance or any other insurance costs).

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

A detailed breakdown of those subcomponents of labor costs, by all crafts shall be submitted to the CITY, by the Contractor and all Subcontractors, for approval, as part of the documentation of labor costs, within ten (10) working days after issuance of the Notice to Proceed. No other subcomponents of labor costs shall be considered, unless approved in writing by the CITY.

The labor cost is not allowed to be increased by using labor classifications with paygrades higher than necessary to accomplish the Work.

2. Materials: The cost of materials used in performing the Changed/ Extra Work will be the cost, including sales tax and freight, to the purchaser, whether Contractor, Subcontractor or other forces, from the supplier thereof, except as follows:
 - a. Cash or trade discounts available to the purchaser shall be credited to the City notwithstanding the fact that such discounts may not have been taken by the Contractor.
 - b. For materials secured by other than a direct purchase and direct billing to the purchaser, the cost shall be deemed to be the price paid to the actual supplier as determined by the CITY. Supplier markup, except for actual costs incurred in the handling of such materials, will not be allowed.
 - c. Payment for materials from sources owned wholly or in part by the purchaser shall not exceed the price paid by the purchaser for similar materials from said sources on contract items or the current wholesale price for such materials delivered to the Jobsite, whichever price is lower.
 - d. If, in the opinion of the CITY, the cost of materials is excessive, or the Contractor does not furnish satisfactory evidence of the cost of such materials, then the cost shall be deemed to be the lowest current wholesale price for the quantity concerned, delivered to the Jobsite less cash or trade discount. The City reserves the right to furnish materials for the Work and no claim shall be made by the Contractor for costs and profit on such materials.
 - e. For the purposes of this Section, a "Supplier" is defined as any person or persons, firm or business, who supplies materials of construction and/or permanent equipment, but who does not perform any portion of the Work of the Contract on site, for the Contractor, except that labor or labor supervision which may be required by some manufacturers as part of their equipment installation for warranty or other purposes.
3. Equipment Costs, including ownership, lease or rental costs, as well as operating costs, for individual equipment units whose replacement value is in excess of \$500. Transportation and set up costs shall be included, but only if the equipment is imported to the worksite solely to perform work on the Changed/ Extra Work described in the Change Order and the Contractor can demonstrate that the changed work cannot or could not be performed economically with equipment already at the site. Equipment costs shall be determined in accordance with the requirements set forth in Subsection G.
4. Small tools, equipment, consumables and incidental costs: No separate payment will be made for the use of small tools or equipment with a replacement value of \$500 or less. This applies to tools and equipment owned by the Contractor or its subcontractors of any tier. Also, no separate payment will be made for fuel, lubricants, tool or equipment repairs, tool or equipment maintenance,

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

consumables, drinking water, sanitary facilities or other incidentals. These costs are already included as a part of Markup.

5. Subcontractor Costs, including their overhead and profit, provided that such costs are direct costs to the Contractor for performing the Changed/ Extra Work as set forth in Subsections B through G.

C. Time and Materials Work

The costs of all Changed/Extra Work submitted under the Time and Materials (T&M) method shall be formulated in accordance with the provisions of Subsections B through I. A sample Cost Summary sheet is attached for convenience. The attached Cost Summary sheet(s) cannot be used to nullify or supercede any specification or contractual provision.

Unless otherwise stipulated on the Change Order, the "Not-to-Exceed" amount for all T&M Change Orders is \$25,000. The Contractor is responsible for tracking costs and for notifying GSD/CFD in writing when costs approach 50% and 75% of the "Not-to-Exceed" amount. In addition, if the Changed/Extra Work cannot be completed within the "Not-to-Exceed" limit, the Contractor shall notify GSD/CFD in writing, and in a timely manner, that the limit requires an increase. The City will only reimburse eligible costs up to the "Not-to-Exceed" amount.

The Contractor shall notify GSD/CFD's Authorized Representative at the beginning of each day when Changed/Extra Work is being performed. The Contractor shall notify the GSD/CFD's Authorized Representative of the Changed/Extra Work being performed and describe the personnel involved, whether by Contractor forces or by its subcontractors at any tier. Failure to notify the GSD, Construction Forces Division's Authorized Representative prior to the start of Changed/Extra Work serves as the Contractor's waiver to claim for compensation on that day.

For each working day, the Contractor shall submit a "Daily Report of Time and Material Work" to the Inspector. The GSD, Construction Forces Division's Authorized Representative will only consider Forms that are properly completed as described below.

1. Separate forms must be used for labor and for equipment/materials.
2. Labor, equipment, material or expenditures that are not included on "Daily Report of Time and Material Work" form are ineligible for payment. There will be no exceptions to this requirement. It is the responsibility of the Contractor to include any and all items of labor, equipment, or material for which it requests compensation for each day's work completed.
3. Information required on the Labor form shall include name of personnel, personnel classification, and only the number of hours worked on Changed/Extra work for the day being reported. Since the overhead allowance already includes all necessary supervision, any hours for additional supervision or non-working foremen are ineligible for additional payment. The premium pay for a general foreman is eligible for payment only if the general foreman is a working foreman and a general foreman was required by a Union Labor Agreement or otherwise approved by the Inspector. The general foreman rate is eligible for payment only during the time that a general foreman was required for the Changed/Extra Work.
4. Information required on the Equipment/Material form shall include Contractor-owned equipment and/or tools, and rented equipment or tools for which compensation is requested. Information shall include the type of equipment, size of equipment, equipment identification number, appurtenances, and only the number of hours worked on the Changed/Extra work.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

5. The only allowable materials are materials delivered to the job site and/or incorporated only into the Changed/Extra work. The allowable materials shall be listed on the T&M sheet for the day that they are delivered to the job site and/or incorporated into the Changed/Extra work.
6. Delivery ticket(s) and/or bill(s) of lading for rental equipment and/or tools delivered to the site and/or material incorporated into the work for the day being reported must be attached with the T&M sheet for that day. No payment will be allowed for materials and/or rented equipment unless receipt(s) or bill(s) of lading is attached. If the request for payment is not substantiated by original vendor/supplier invoices, acceptable copies of original invoices, or other documentation acceptable to the GSD/CFD Authorized Representative, the City may establish the cost of the item(s) at the lowest possible wholesale price or rental rate applicable while the work was being performed.
7. Failure to submit the required "Daily Report of Time and Material Work" by the close of the next working day shall waive all rights for that day unless otherwise approved by the GSD/CFD Authorized Representative. Work that cannot be substantiated by a "Daily Report", approved and signed by the GSD/CFD Authorized Representative, is ineligible for payment.
8. The Contractor is responsible for preparing the "Daily Report" for work by its Subcontractors and submitting the Forms to the GSD/CFD Authorized Representative on time.
9. The Contractor must have each "Daily Report" verified by the GSD/CFD Authorized Representative. After the "Daily Report" is approved by the GSD/CFD Authorized Representative, both the Contractor and Inspector sign the report. The original "Daily Report" is retained by the GSD/CFD Authorized Representative with a copy provided to the Contractor.
10. When the "Daily Report" is signed by the GSD/CFD Authorized Representative and the Contractor, it is binding on the Contractor and its Subcontractors.
11. When agreed to by the GSD/CFD Authorized Representative, the Contractor may submit a Supplemental "Daily Report" for labor, materials, or equipment for which the Contractor requests compensation but failed to list on the original daily report.
 - a. These supplemental forms shall be marked "SUPPLEMENTAL".
 - b. Unless otherwise approved by the GSD/CFD Authorized Representative, the supplemental forms may only be submitted for approval up to two (2) working days following the date when the work was performed .

D. General

It is the intent of the City to settle all Change Orders full and final at the time the Change Order is issued. Therefore, the following paragraph will be incorporated, in writing, on all Change Orders:

"The compensation (time and cost) set forth in a Change Order comprises the total compensation due the Contractor, all Subcontractors, and all Suppliers, for the Work or change defined in the Change Order, including impact on unchanged work. By signing the Change Order, the Contractor acknowledges and agrees on behalf of himself, all Subcontractors, and all Suppliers, that the stipulated compensation

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

includes payment for all work contained in the Change Order, plus all payment for the interruption of schedules, extended field overhead costs, delay, and all impact, ripple effect or cumulative impact on all other work under this Contract. The signing of the Change Order indicates that the Change Order constitutes full mutual accord and satisfaction for the change, and that the time and/or cost under the Change Order constitutes the total equitable adjustment owed the Contractor, all Subcontractors, and all Suppliers as a result of the change. The Contractor, on behalf of himself, all subcontractors, and all Suppliers, agrees to waive all rights, without exception or reservation of any kind whatsoever, to file any further claim related to this Change Order. No further claim or request for equitable adjustment of any type for any reasonably foreseeable cause shall arise out of or as a result of this Change Order or the impact of this Change Order on the remainder of the Work under this Contract."

Costs which shall not be paid in Change Orders under this Contract include, but are not limited to, interest costs of any type; claim preparation or filing costs; legal expenses; the costs of preparing or reviewing proposed Change Orders or Change Order proposals; lost revenue; lost profits; lost income or earnings; rescheduling costs; costs of idled equipment when such equipment is not at the site or has not yet been employed on the Work; lost earnings or interest on unpaid retainage; claims consulting costs; and the costs of corporate officer or staff visiting the site; any compensation due to the fluctuation of foreign currency conversion or exchange rates; loss of other business; changes in taxes or increased tax rates of any kind or any costs identified as unallowable under the provisions of the Federal Acquisition Regulations.

Extensions of time shall be based solely upon the effect of delays to the Work as a whole. Extensions of time shall not be granted for delays to the Work, unless the Contractor can clearly demonstrate, through analysis of the current updated schedule, that the delay to the Work as a whole arose or will arise from causes other than normal weather, beyond the control and without fault or negligence of the Contractor, or any Subcontractor, at any tier; and that such delays did or will, in fact, delay the progress of the Work as a whole.

The cost summary, cost breakdowns and requests for cost reimbursement submitted by the Contractor (for delay, disruption, hindrance and interference associated with the changes, additions, deletions or extras) shall be itemized in a manner that, with mathematical certainty and without reliance upon probabilities or inferences, segregates the direct, actual reimbursable costs associated with each individual, change, addition, deletion, extra and (on an event-by-event basis) each individual delay or disruption event. Such cost summaries, breakdowns or requests shall not be based, in whole or in part, upon any methodology (such as "total cost" or "modified total cost" methodologies) that purports to calculate the Contractor's additional costs of performance of the extra, change, addition or deletion (including without limitation the additional costs of delay, disruption or other impact) based on the difference between Contractor's total actual Project or line item costs (with or without fee) and its original bid estimate for the Project or any original bid estimate line item. In connection with the foregoing, Contractor represents and warrants that it has the ability to generate and maintain complete and accurate cost accounting records that will reflect (i) the actual costs incurred or saved for each individual item of Extra Work, change, addition, deletion (including without limitation any costs of associated delay, disruption, interference, hindrance and the cumulative impact of each extra, change, addition, deletion on other parts of the Work); and, (ii) on an event-by-event basis, the effect of each delay or disruption that forms the basis of each request for extension of time, regardless of their scope, number, complexity, cumulative effect, or time of issuance or occurrence.

Except as provided in "Compensation For Delay, Disruption, Unanticipated Overhead" of the General Conditions, Contractor shall have no right to recovery of any compensation, costs, expenses or damages resulting from delay, disruption, interference, or hindrance

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

in the performance of the Work (including without limitation interruption of schedules, excess or extraordinary extended field and indirect overhead costs, loss of productivity and the impact, ripple or cumulative effect on other Work).

Contractor waives any claim or rights and remedies based on abandonment, quantum merit, rescission or other similar legal theory by reason of any of the following circumstances, which the Contractor acknowledges and agrees are within the reasonable contemplation of the parties: (i) changes, additions, deletions and extras to the Work after execution of the Contract and issued from time to time throughout the period of construction, regardless of their scope, number, cumulative value, or complexity, to correct errors, omissions, conflicts, and ambiguities in the Contract Documents, or to implement discretionary changes to the scope of Work requested by the City; (ii) the issuance and performance of changes, additions, deletions and extras in a manner that is not in sequence with the as-built or as-planned progress of the Work; (iii) changes due to Differing Site Conditions; (iv) suspensions of the Work or parts thereof, or limitations on access to portions or all of the Work, for the convenience of City or in the interests of the Project; (v) delay or disruption to the Work due to failure of the City, Engineer or Inspector to timely perform any contractual obligation.

E. Markups – Overhead and Profit

In addition to the direct expenditures specified for labor, materials and equipment in Subsection B, a lump sum will be paid for all overhead and profit, including: All insurance costs other than specifically mentioned in this Section, all field and office supervisors and assistants, all onsite project administration, security costs, the cost of small tools and consumables, incidental job burdens, and all general home office expenses and no separate allowance will be made therefor. Assistants to field and office supervisors include all clerical, stenographic, and general office help. Incidental job burdens include, but is not limited to, office equipment and supplies, temporary toilets, telephone, utilities, safety equipment, warning devices, personal protective equipment, and conformance to OSHA requirements. Project administration includes, but are not limited to, review and coordination, estimating, engineering, scheduling, and expediting relative to Change Orders, and updating and furnishing Record Drawings to incorporate changes, schedule update, supervision not applied solely to the Work of the Change Order, home office salaries and expenses, Insurances, Bond, and City of Los Angeles Business Tax.

F. City Furnished Materials, Equipment and Services

The CITY reserves the right to furnish materials, equipment and services deems expedient for use on the Changed/Extra Work. The Contractor shall have no claim for profit or overhead on the cost of such materials, equipment and services.

G. Equipment Costs

The rates for rental or leased equipment shall not exceed the rates listed in the Rental Rate Blue Book (the Blue Book) published by Primedia Information, Inc., San Jose, California, as adjusted to the regional area of the Work under this Contract. For T&M Change Orders, the rates are established by the actual paid invoice(s) that comply with the requirements of Subsections G.1 and G.3. Owned equipment costs shall not exceed the rates listed in the Cost Reference Guide (the CRG) for Construction Equipment, published by Primedia Information, Inc., San Jose, California. The most recent published edition in effect at the commencement of actual equipment use shall be used.

The rates paid for any rented or leased equipment or tools shall include the cost of fuel, oil, lubrication, supplies, small tools, necessary attachments, repairs and maintenance of any kind, depreciation, storage, insurance and all incidental costs associated with the operation of the equipment or tools.

IMPORTANT: THIS DOCUMENT MUST BE SUBMITTED WITH BID PROPOSAL.

It is the responsibility of the Contractor to include any appurtenances added to equipment which would increase the basic rate for said equipment (i.e., hoe-ram, oversize bucket, etcetera) as established in the acceptable rental rate guide. All equipment and/ or tools shall be acceptable to the Inspector, in good working condition, suitable for the purpose for which it is to be used, and necessary to complete the Changed/Extra Work. Payment will be based on the manner in which the equipment was actually powered, operated and modified per the equipment manufacturer's recommendations.

H. Records

At any time should the Contractor deviate substantially from the schedule, method and sequence of operation, equipment, cost or pricing data furnished by the Contractor and agreed to by the City in connection with the Change Order or should the City determine that any price negotiated in connection with the Change Order is defective due to such deviation or the fault of the Contractor, the City reserves the right to reduce the Change Order cost and reissue the Change Order at the amount in which the City determines to be the actual costs to complete the change.

Whenever any material or process is indicated or specified by patent or a proprietary name, or by name of a manufacturer in the Change Order, such direction shall not relieve the Contractor's responsibility or obligation to perform work in accordance with the contract requirements. The Contractor shall be responsible for, and control over construction means, methods, techniques, sequences and procedures, coordination of all portions of the contract and Change Order work.

(END OF SECTION)

SECTION 01255
PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA

1. PRICE REDUCTION FOR DEFECTIVE COST OR PRICING DATA

A. If the CITY determines that any price, including profit or fee, negotiated in connection with any Change Order under this Contract, or any cost reimbursable under this Contract, was increased because:

- 1.) The CONTRACTOR furnished cost or pricing data which was not accurate, complete, and current as certified in the CONTRACTOR'S Certificate of Current Cost or Pricing Data;
- 2.) - I. If one (1) copy of a submittal is returned to the CONTRACTOR marked "REJECTED-RESUBMIT/DO NOT PROCEED," the CONTRACTOR shall revise said submittal and shall resubmit 6 copies of said revised submittal to the ENGINEER.
- J. Work for which Shop Drawings are required shall be performed in accordance with the reviewed and approved copies. Fabrication of an item shall not commence before the GSD/CFD's Authorized Representative has reviewed the pertinent submittal and returned the copies to the CONTRACTOR marked either "NO EXCEPTIONS TAKEN/PROCEED," or "MAKE CORRECTIONS NOTED/PROCEED CONDITIONALLY." Revisions indicated on submittals shall be considered as changes necessary to meet the requirements of the Contract Documents and shall not be taken as the basis for claims for extra Work.

CONTRACTOR submittals shall be carefully reviewed by an authorized representative of the CONTRACTOR prior to submission to the GSD/CFD's Authorized Representative. Each submittal shall be dated, signed, and certified by the CONTRACTOR as being correct and in strict conformance with the Contract Documents. No consideration for review by the GSD/CFD's Authorized Representative of any CONTRACTOR'S submittal will be made for any items which have not been so certified by the CONTRACTOR. All noncertified submittals will be returned to the CONTRACTOR without action taken by the GSD/CFD's Authorized Representative, and any delays caused thereby shall be the total responsibility of the CONTRACTOR.

The GSD/CFD's Authorized Representative's review of CONTRACTOR'S submittal shall not relieve the CONTRACTOR of the entire responsibility for the correctness of details and dimensions and conformance to the Specifications. The CONTRACTOR shall assume all responsibility and risk for any misfits due to any errors in the submittal. Any fabrication or other work performed in advance of the receipt of accepted submittals shall be entirely at the CONTRACTOR'S risk and expense. The CONTRACTOR shall be responsible for the dimensions and the design of adequate connections and details.
