REGULAR COUNCIL AGENDA TO BE POSTED

#55

MAY 24 1996

### MOTION

In 1991, the City funded a study by Gruen Associates which resulted in the Westwood Village Streetscape Design Concept Plan. The Plan, which was completed with the assistance of City staff, the Westwood Community Design Review Board, UCLA, and local merchants and property owners, was aimed at improving the visual and functional character of the environment in Westwood Village. This would be accomplished by requiring that specific standards and guidelines be used for projects such as sidewalk widening and repairs, street lighting, decorative street furniture, trash receptacles, bicycle racks, and news racks, and pedestrian crossings.

The adoption of the standards and guidelines set forth in the Westwood Village Streetscape Design Concept Plan will help insure that street improvements are installed which maintain a uniform design standard. Without these standards in place, the opportunity is created for the installation of diverse and conflicting improvements.

I THEREFORE MOVE that the Westwood Village Streetscape Design Concept Plan, prepared by Gruen Associates, with the assistance of City staff, the Westwood Community Design Review Board, UCLA, and affected merchants and property owners, be approved.
