Comments for Public Posting: Cue Card - 2/6/20 - Cannabis Regulation Commission Hello, my name is? Joel Tanzman,I live/work in district? 6 ?and I am a social equity applicant. Commissioners, we are a collective voice asking you to support us in our recommendations. In light of the misconduct and delays caused by the inadequate application process we urge you to request on our behalf that the City Council consider the following recommendations... -124 additional licenses to reach full community plan capacity - Include comprehensive vetting criteria for social equity eligibility and all operational, partnership and management agreements - Make delivery licenses immediately available for all 802 applicants - A minimum of 90 days to reacquire a property for applicants who lost their property during the city's delays - For phase 3 round 2, we want a seat at the table to help create the new vetting and application processing criteria Thank you!
