Comments for Public Posting: I am in support of the upcoming vote to put a freeze on rent increases but I don't think it goes far enough. The city council needs to start putting into action plans that will sustain people who are out of work for what could potentially be months due to the corona virus. This could include total rent freezes, access to food, etc.

Comments for Public Posting: Hi my name is Megan and I just returned to Los Angeles from where I was living in Bilbao, Spain in the Spanish Basque Country. I'm surprised that after spending significant time in a hot spot that I wasn't tested, neither was anyone on the aircraft. My last flight into the US came from France where there are also a high number of cases. Plus from what I gathered among passengers people were taking this route from Paris to Los Angeles from all over the world, not just Europe. Since we were all well within proximity to each other testing us would be wise and responsible.

Comments for Public Posting: Hi, I'm wondering what is going to happen with my rent? I have lost my job because of the pandemic and won't be back to work for the foreseeable future. I have to pay my rent as well as a business I was about to open. Is there going to be a rent/mortgage freeze? If we are all doing our part we need the government to back us up so when this is all over we don't have a massive bill to pay our landlords. We can do our part, but we need the government to do its part, too.

Comments for Public Posting: I would like to urge the mayor and city council to put in place a rent moratorium, and at the very least, a rent freeze for 3 months. Many of the constituents of your districts can not afford rent on 4/1 and have no hope of paying rent on 5/1 as many jobs have been lost. I greatly urge you to please vote in favor of rent moratorium or freeze. So many of us work in places that are closed down and will have no income from the last two weeks. Thank you for all you're doing to help during this time. We appreciate you.
