Comments for Public Posting: The City needs to provide support for unhoused Angelinos during the pandemic. The City Council should add the following discussion items to thier agenda and pass the following policies to prevent further spread of COVID-19 among unhoused community members. This is a matter of life and death and is urgently needed.

- City needs to acquire 15,000 hotel/motel rooms needed to house our most vulnerable and at-risk angelenos who are experiencing homelessness. The Mayor has already voiced support for this. So the council needs to get on board. Only 900-1000 rooms have been identified and occupied. This is not enough--we need more!
- The city and county are receiving federal stimulus money to be used for COVID-19 related emergencies. There is more than enough coming to cover the cost for the first 90 days of hotel/motel occupancy.
- The City needs to re-prioritize safety and infection protocols that are vital in keeping our unhoused/unsheltered brothers and sisters safe during these times. That means: supplying dumpsters, showers, hand washing stations that are getting maintenanced regularly, bathrooms and bathroom access, no enforcement of 56.11 or the 60 gallon rule, soap, vermin abatement, laundry vouchers, and water. Any measures that criminalize poverty and homelessness should be disbanded during this time.

Comments for Public Posting: Dear mayor and council members: Why can't golf facilities be open to the public. 1. Social distance is practiced on the driving range, putting greens and golf course. You can prohibit all electric carts or 1 person per cart but must be cleaned after play and/or people must bring their own push carts. 2. Courses are open in Ventura and Orange Counties are just 2 examples They understand the game. Thanks for your reply.

Comments for Public Posting: After being ignored by the LAPD and not acting upon my facts they continued to put me in harms way with a 21 year old homeless man with a brain disorder and PTSD who was having a psychotic break Deron Sanderson, AKA Devon , AKA Pablo was threatening on the phone to have a AK 47 and slap me assault and rape me over three day period. Had to file for a restraining order to protect myself. LAPD Wilshire Division not the whole LAPD family abused me by thee actions and insulted me with useless questions. Homeless Deron has Bipolar has a debilating brain disorder.... Not "mentally ill" , which is unscientific and stigmatizing word for a genetic defect of the brain ..like bad kidneys, heart problems etc...etc... His girlfriend Nathalie Gomez, of Latin decent, 18 year old runaway due to parental abuse...was suicidal, homeless threating suicide and had left a suicide note. LAPD Wilshire division did nothing...but talk down to me ,insult may intelligence etc. etc. I have Bipolar disorder and kept asking if I had taken my meds . I had PTSD because I raped ..not a manic Bipolar syptom! Took matters into my own hands and requested a Restraining order!
