Comments for Public Posting: Please freeze the rent. If you don't do it people are going to rebel soon. You think that people are just going to sit and do nothing if they can't buy food? This is unacceptable. There is enough money to help people. They just spend trillions of dollars to bail out companies. People are sick of this made up system that is totally not for the people. There is enough money for free healthcare and free schools. The numbers here for healthcare are made up. The same 200\$ drug costs 5\$ in Europe. It is ridiculous that you still try to make people believe America is the best country. It's not but it can be.

Comments for Public Posting: Why aren't you talking about freezing rent still? The people are upset. TALK ANOUT RENT FREEZE. The city council is supposed to be for the people. THE MONEY IS THERE. There are relief programs for landlords. I mean the system is made up. And you can see it in times like this. Freeze the rent. Help people out with sending money every month. Other countries are doing it and America is supposed to be the richest country? Nothing to show

Comments for Public Posting: Lincoln said if the people aren't happy with the government they should storm it and demand a new one. That's exactly what people are going to do.
