**Comments for Public Posting:** When are you going to start going after all these unscrupulous Landlords, Lawyers and Judges? Requesting Federal Investigation: Judge Thomas Long (former City Councilman and Mayor of Rancho Palos Verdes) has tainted the robe. I swear under the penalty of perjury every accusation is 100 percent true and I have documented proof. I'm also, offering a \$10,000 reward to anyone who can show proof that I missed or paid rent late. We have a virus in the Los Angeles Superior Court that has contaminated Judicial process. Judge Long has used his courtroom as his personal assembly line to rubber stamp law-abiding rent paying black citizens into homelessness. He needs to be Quarantine ASAP. This Judge, #JudgeThomasLong and the Law Office of #DennisBlock are responsible for more than 10 percent of the homeless population in Los Angeles County. The majority of the cases are knowingly fraud by this Judge and Attorney. These cases has also been sealed by the courts to coverup the wrongdoings I challenge you or anyone who does not believe me to pull any (5) five cases by this Judge and Lawyer and do your own investigation.

**Comments for Public Posting:** Wealthy, I am NOT! A single-mother who works hard to save money, establish a stellar credit score and acquire income property, I am! The rent I receive is not money to buy flashy things; the rent pays the mortgage, property taxes, insurance and repairs. I cannot afford to house others for free, or even at a 25% reduction! When providing relief for tenants, due to COVID-19, please, please consider mom-and-pop rental property owners who also need relief. Please, please don't create a scenario in which mom-and-pop rental property owners, like myself, are forced into foreclosure because we are being asked to bear the financial responsibilities of tenants who are unable to fulfill THEIR financial responsibilities. We ALL deserve consideration and support; both tenants AND landlords. Thank you.

**Comments for Public Posting:** LA City Council We Want you to Fund Services, Not Police ! Black people need quality housing, health care, food sources, education, jobs, better conditions, and opportunities in communities; not more policing where, Black people are regularly targeted, harassed, jailed, and killed. #BlockLACityBudget We need you to put the money in communities that are underserved and marginalized; not police that already receive over \$1 billion (that is 53% of the city's general fund) to terrorize out communities.
