Comments for Public Posting: Car Registration due in June along with Smog Certificate. I am 66 years old and have had pneumonia in the past and have not gone out since this covid-19 began. I am not sure what to do as I cannot get to a smog place from my car.

Comments for Public Posting: I was born in 1949 and raised in East Los Angeles and visited Olvera Street for many years as a young boy and as an adult taking our children and grandchildren it would be a sad day for many families like ours that have many memories of having lunch and just walking down isles stopping and buying something for ourselves and children. My favorite stop was buying the Mexican candies that my grandmother would buy for me please keep Olvera and my memory of Olvera Street and my grandmother alive so our grandchildren an treat their children to the experience of Olvera Street and build a lifetime of memories.
