**Comments for Public Posting:** Dear sirs, Why is LAAS killing healthy adoptable dogs, leaving strays to fend for themselves? Why the closing of two city shelters? We are calling for the immediate termination of Brenda Barnette who has had a decade to make the city shelter better but all she has done is regressing. Now she is using the COVID 19 pandemic to Close 2 shelters, and not pick up strays, leaving them to fend for themselves. Rescuers are doing her job, while she sits at home collecting her salary of \$314,000. This is unacceptable and must be corrected. Sincerely, Teresa Summerville.

**Comments for Public Posting:** Good Afternoon; My name is Michael Federici owner of Metro Green Meds. MGM filed for a Social Equity tier one retail license under PCN process on September the 3rd 2019 @ 10:13 am. I am in district 14 in DTLA where at present only 6 licensing exist. I was told I would need my city council member to vouch for my application to be approved. However my council member Jose Huizar was just arrested for taking bribes. It makes more sense now why Med Men was able to get the 6th license in DTLA by moving its location. Although 4 of the now Pre Ico retail licenses that were issued in DTLA area are directly in front of schools and other sensitive use areas, they were granted grandfather rights in those areas. So people who did their research and obtained property in Green Zones, and have been serving the community since 2015 were dismantled by the city. MGM has paid city and state taxes over the years only to find out the sellers permit and tax Id numbers meant nothing. In one vote by city council to change my priority status of a legitimate business prior to 2016 to nothing in favor of Social Equity. Somehow I was legitimate business paying taxes operating within the laws of the State while awaiting the City to open up for licensing To Nothing. In one vote. Years of investments with leases on property and all the cost of operating a legitimate startup business. Metro Green Meds was told to close its doors to wait for the city to open for licensing . MGM is also qualified for Social Equity but yet again I cannot file because of undue concentration. I was told I needed my councilman approval and that option is now closed as well. I was told by more than one agent of the DCR on a few separate occasions that to move forward I need my city council member to support our application for PCN application. That It was up to the City Council members to approve more retail licenses in the area. Metro Green Meds has been inspected by OSHA and passed, has never violated any rules or regulations and has a five star rating in six cities in delivery but cannot file for a license makes no sense. I spent more than a few days trying to get an appointment with my council member before he was arrested. No wonder I never heard a word back from his staff or anyone else. I would appreciate a meeting with Cat or someone close to discuss my next course of action with my council member not being an option.

**Comments for Public Posting:** Hoarding at the Granada Hills Rec Center & LAPL Branch #56....There's a great deal of hoarding here. It is so bad pedestrians have to walk in busy streets (Chatsworth Street/Petit Avenue) to avoid the piles of filth. This stretches South on Petit Avenue to San Jose Street with encampments now in the park. The city has codes to deal with this. No matter who I speak to be it Councilman Lee or his staff, the workers at that site of LAPD on site it's just "Blame the other guy 101". Lee blames the Mayor, LA County or an "Unpublished" court ruling. The on site workers blame the City Council and the Mayor for simply deciding not to enforce hoarding clean up codes. We are required to wear masks and social distance. None of that is happening among the homeless. I cannot understand how it is just fine for the homeless and the residents to live in or near that filth. If HEALTH is the single over riding concern this has got to be addressed now. We need your help...not endless time wasting committee meeting in order to stall for time. This body needs to stand for us and all of the other affected neighborhoods..That's your job.

**Comments for Public Posting:** This is the only chance I will ever have to own anything and pull myself out of poverty. Ive been in the cannabis industry for 15 years and this is the only skill I have. I am currently homeless, living on the street. This is the only way I can see moving into the middle class ever. Its not fair the industry i love is being taken over by greedy rich assholes who's only goal is to dominate and rip away all the hard work I've done for cannabis. Even if my business doesn't succeed I shoukd at least be given a chance and set up for success.

**Comments for Public Posting:** Today we live in a society with laws that only pertains to citizens and for the record and let the record show that all public agents in office is suppose to be outstanding individuals and citizens. I have witnessed treasonous acts here in California ever since I moved here I been pulled over 30 times in which I have been harassed under Title 18. I am a Dignitary totally compliant with the law but we have some bad apples that not compliant with policies that they enforcing on there own accord and discretion. Today I want to talk about Donald Trump executive order blocking the property of a persons involved in serious human rights and abuse or corruption and The governor of California executive order to stay home during the pandemic 6 feet apart in less than 10 people, Hjr 204, Hjr 1242. All that is in full force and effect my question is why are LAPD chief Michael Moore and DCFS agents Violation those very orders here why. On may 2, 2020 they arrived at my Domicile with 30 units, 9 K-9 units and a helicopter to illegally kidnapped my offsprings in which are nationals held in trust protected by common law. Illegally trespassed on my charters that is internationally recognized violating my peace. Firearms was drawn and they threatened to shoot my god given sons and daughters. They violated ever law that there is and executive order and they have no delegation of authority not from me nor Congress and lack of jurisdiction, for the record and let the record show the sheriff is the only lawful officer that can serve warrants and evict people. So why do we have LAPD serving warrant here in La that is a major liability on your hand and for the county risk management et al. They when Edmund D Edelman children court judge Sabina Helton cooking the books on your watch need I remind everyone of there duty and obligation and oath they took to the federally protected constitution. The Implementation of codes, rules, Regulations and statues are nothing more than expose facto law absolutelyFor bidden by the United States Constitution and the state constitutions to which you swore an oath to uphold, it is gross negligence to fail to distinguish between a statue and a law. No state shall convert a liberty into a privilege, license it, and attach a feat to it *Murdock v Peon*, 319 US 105 1943. If the state converts a liberty into a privilege the Citizen can engage in the right with impunity *shuttlesworth v Birmingham*, 373 US 262 1963. The constitution of the United States is the

supreme law of the land. Any law that is repugnant to the constitution is null and void of law Marburg v Madison, 5 US 137 1803. As of feb 6, 2020 case 19CCJP07865A-f et al was closed seal and dismissed two weeks later my temple door was battle rammed by LAPD and DCFS in which caused conspiracy under title 18 and gang stalking, religious persecution my wife and I was detained for child stealing our own god given sons and daughters the case was thrown out by the district attorney. So my question is where is my children during the pandemic they was took and now the courts is shutdown I'm not getting any remedy over the matter they never had a contract nor sureties and violated my copyright protected by title 17 and they warrant they gave to me in handcuffs was wrong information. Now all have a duty and responsibility to do right and sometimes that mean doing what other will not do. I have filed paperwork on thy record stating who I am with status and they are still acting rouge agents on your watch. I have gave notice to every department on this national emergency and I will seek justice and remedy over the matter. I will hold every party accountable for there trespasses under 42 USC 1983 and under title 18 conspiracy and everything will be liquidated bonds people will loose there jobs indefinitely because we are in a situation where everything we do counts as people. Lien pendis will be filed on this very matter if my children is not return within 15 days of this notice. My wife and I was beaten mistreated my shoes was took from me and I was poisoned all while in the custody of LAPD and my fee schedule is full force and effect. LAPD already lost 1.5 million from budget they will loose way more stealing from a secured party creditor. Now I pray to the father to forgive me of my trespasses as I forgive others but my offsprings is my duty to protect and to love the father bestowed those gifts upon me and I will pray to the arch Angel Gabriel to protect me and my family cause no weapon formed against us shall Prosper. And if I go threw with this it will make the people suffer because of people Negligence of the law I tried to handle things diplomatically no remedy so until I do the whole state is under persecution til the remaining of tribulation Since acts of war was committed in my family name.
