Comments for Public Posting: As a community member and employee who supervises 23 Pre K-12 LAUSD schools serving Crenshaw-Dorsey- Washington Prep Complex) the services is much needed , particularly with absence of School police on and patrolling campuses regularly and increase in school crimes that lead on and off campus as student travel to and from school daily. This element couple with other community issues (drugs, gangs, property crimes, homelessness, prostitution, and human trafficking) all adversely impact students attendance and social emotional being causing them to be chronically absent from school and a loss of instruction and learning. I've worked with such programs that have made a posititve impact in supporting the safety and well being of students particularly in the Crenshaw, Dorsey, Washington Prep, and Bret Harte, Horace Mann, Henry Clay MS communities

Comments for Public Posting: Please remove homeless encampments surrounding schools. I have witnessed many things as I am on my way to drop off my child at his school such as a homeless man urinating on the sidewalk, fires being started by homeless person twice in one week in which the fire department had to be involved, unbearable smell of urine and trash as you walk by the encampments. Needles and trash all over the sidewalk making it difficult to safely walk by and sometimes forcing us to walk on the street instead of the sidewalk. Clean our neighborhoods and make them safe to walk in my child should not have to walk on the street to avoid stepping on needles and trash.
