Council File No: 00-9999

Comments for Public Posting: City Council needs to come up with a better system for Public Comment. There were hundreds of us at City Hall on Wednesday and many of us couldn't even get in to speak. Allowing no more than about 10 or so people who can get to City Hall in person at 10 AM on a weekday in the middle of a pandemic. Also no new cops or money for cops. Abolish the police
