Comments for Public Posting: You dont see us on tv because you control the airways and social media. But we network and have emassed back into the majority youve tried to disband. If you try to give us numbers and vaccine passports you will regret the day you took each mile after each inch we gave. We will overwhelm the streets, come to your homes, and haunt you till you admit in the actions you take you are in direct and shameful violation of the constitution. You cannot creat and maintain medical apartheid. We will rise up and crush your one percent. There will be no peace till your quiet exit.
