Council File No: 00-9999

Comments for Public Posting: Los Angeles World Airports has issued its intent to have portions of Van Nuys Airport redeveloped, including 16425 Hart St. Their plans have misguided priorities, risk increasing airport noise and pollution, and could force several small businesses to close. Furthermore, airport officials have been introducing these plans to the Van Nuys community with outright false information. I urge the city council to step in and pause these redevelopment plans until they can be reviewed for transparency and fairness for the entire community.
