Council File No: 00-9999

Comments for Public Posting: I fully support Councilwoman urge the Council Eurnisses Hernandez's motion to stop the Gondola project until a full review is completed. Transit issues, environmental issues, concern for the existing community, long-term potential costs to the public, inappropriate possible development-----all of these concerns must be addressed before a final decision is made on the Gondola. The Gondola looks totally wrong to me--but we all need more data.
