Comments for Public Posting: The Tarzana cabin community or "TINY HOMES" on Topham have been a disaster for us Homeowners in the area. My automobile was stolen. I was personally "PEPPER SPRAYED" by a homeless person using drugs in my neighborhood. My bicycle was stolen after someone cut our chainlink fence at 6151 Reseda Blvd. Drug dealing and open use of crack and heroin are common. My neighborhood group has made some progress on saving our neighborhood. However we have had enough! The Tiny home community has fundamentally changed our neighborhood into a ghetto. I have lived here for 37 years. I have never seen anything like this. The quality of life in our neighborhood has declined rapidly. I am a board member of a neighborhood group. We are 140 homeowners. We no longer will tolerate this abuse. The tiny homes must be closed down immediately. My group, Tarzana Homeowners association is preparing to file a lawsuit against the city, county, LAHSA, and "Hope the mission" for damages. You are on notice. CLOSE THE TARZANA CABIN COMMUNITY. Jay Lack. President. Tarzana Neighborhood Homeowners association.
