Comments for Public Posting: 1. No additional funding for LAPD (mayor's budget proposal includes a \$65 million increase). 2. Calendar a #PeoplesBudgetLA presentation before full City Council. 3. Adopt #PeoplesBudget priorities found at peoplesbudgetla.com.

Comments for Public Posting: It is not our fault that your medians do not start on time. It is not our fault that we sit on the phone for an hour and 45 minutes to make public comments and then be denied. It is not our fault that you have an hour to two-hour presentations, sometimes before public comment. we must continue to take public comment until every single hand has been taken on the phone and in public. Sorry that you do not start meetings on time and I'm sorry that you feel that you're pressured for a time. You work for the public you do not work for yourself I wish and hope that you get that through the thick skull that we elected you to represent us in public comment is 100% should be listened to and taken. I have been denied my public comment four times now in the last three weeks because you people decide when to cut off the phone lines.
