**Comments for Public Posting:** Yes I don't think it's really smart that the city council and this board are directly giving the keys to the city to criminals it is known that the the Los Angeles Sheriff station is filled with corrupt deputies that are involved in gang activities so my question is how is the sheriff even have the authority to tow your stuff right they take your s\*\*\* and convert it into public property without compensation it's illegal and you guys should really be looking into dismantle the sheriff station, how much money could you save if we didn't have Sheriff anymore the LAPD are doing a fine job I think we should just ban the sheriff shut down the sheriff stations and put real people in there for like community services you know like you guys have this trash pickup stuff why don't we shut down the sheriff station cancel their insurance bonds, so they can't work in public anymore cuz they're all pieces of s\*\*\* and put people in there that will actually help the community that have lived in the community for years. I am in South Los Angeles and the sheriff are just hopping out on people flashing their bright lights and people's faces they do not like being held accountable they have unlimited jurisdiction even in the court they have a whole year to file a case that should not be that should not be allowed in the United States of America and the fact that the city council the commission the board of commission this whole body is just letting the sheriff do whatever they want not even having any overlook on them I mean the civilian oversight didn't even get my complaint apparently cuz I've been waiting for a whole year for people to respond no one's responded so last Thursday July 11th or 12th of 2024 the sheriff told me over they didn't pull me over I was getting my groceries into my truck they they came behind me didn't even stop me you didn't have the lights on just came out to me and started putting their hands on me and then apparently all my property is stolen to them and they didn't even file the case they told my vehicle
