Comments for Public Posting: As a concerned citizen I'm urging you to stop the ICE raids and the LAPD collaborations with ICE, as they are endangering our communities. I'm also urging you to end funding to Israel which is supporting the genocide in Gaza and instead to use those funds to support local community, particularly our unhoused neighbors who are some of the most vulnerable in our community. We need your protection and support.

Comments for Public Posting: Written general public comments effectively do not exist. It is impossible to either read or write them with the instructions provided online or in the agendas. I challenge any staffer who doesn't already know the special code for General Public Comments to read them in the Council File Management System.
