Comments for Public Posting: Why are you voting to allow the Bulgari Hotel to even be a consideration? Haven't you massacred this city enough and created hideous McMansions everywhere? Why do you think this city is leading in homelessness? I've never seen or lived in a more disastrous city. Keep approving these massive projects and ostracizing decent people and cater to the ultra rich who have no integrity or decency just like the city planning in LA. Disgusting. Not to mention the environmental impact. Seems like nobody in city hall has a brain anymore or cares about LA.

Comments for Public Posting: I have previously submitted my views on two matters but would also like to comment on something else. Yesterday (Sunday) there were 6 fruit stands and one souvenir truck at the dog park. Do they have permits and is so why so many. I live on Mulholland Hwy and it is increasingly more difficult to get down that curve. It looks like we are living in an amusement park instead of what was once a nice residential area. What are your plans to curve the traffic and congestion at that park. There are still tour buses coming up to the sign. I pass by them frequently. I also have photos of when they are parked. Is anyone controlling this? You need to show more respect to the residents and property owners in Hollywoodland. The fence on Mulholland Hwy. is in a state of disrepair. It is an eye sore. It is broken in places and the green shade cloth is either ripped or missing altogether. Isn't there a way to figure out a more permanent structure?. Thanks for letting me vent.
