Comments for Public Posting: It's unbelievable how the city is at its all time lowest in every way and they feel entitled enough to push a false narrative of the covid shot on their employees. Crime is at an all time high and Police Officers are leaving 4x faster than they can hire. Public safety is non existent. Street take overs are growing more violent and increasing the criminal activity associated with them. It's costing the city HUNDREDS of MILLIONS OF DOLLARS to direct what little police officers they have away from real crime to stop the destruction of the new constructed bridge. They can't even control crime or their recklessly spendint tax money but somehow feel the need to control city employees medical freedom. The covid shot provides no better protection from covid than the flu shot does the flu. The city is not mandating a flu shot. FOLLOW THE DOLLARS. YOU WILL FIND THE ANSWERS!!!
