**Council File No:** 00-9999

**Comments for Public Posting:** THE CITY OF LA demands the fund allocated by its voters to be dispersed in the benefit of the community, in a speedy manner, as it has been intended. 25% of all cannabis revenue, and truthfully if it's council-willing, all of the revenue should be allocated for community reinvestment. The community suffered for too long and will still be suffering long after these take effect but to the least of our conscience we must make it right in whatever capacity. 25% is an underwhelming amount to begin to solve the damage but is an attainable and reasonable mand from your council. As stated in the reports done by Equity First and UFCW, many programs can use these funds for the betterment of the community as outlined. Thank you!
