**Comments for Public Posting:** General Comment: I am demanding the council move forward with the motion to remove police from traffic stops in the name of Duante Wright. Armed police have no place at a traffic stop. It is a civil matter. No one should end up dead at a traffic stop and yet they continue to end in violence and death of unarmed black and brown folks.

**Comments for Public Posting:** Public Comment - Miki Jackson for AHF/HHR. Begin having in person meetings, with appropriate safety precautions, immediately. Most of the city has reopened and the fact that the center of the city, the people's house, City Hall is closed. This is harmful to our city and our people. The public has not been able to address council on items as provided in Brown Act. We are grouped into one mass group to speak, you have no idea what items the public is trying to speak on. We are cut off in mass whether for specific item comment or public comment after an arbitrary block time limit. We have no idea how many people are cut off or what they were going to comment on. I am afraid we are in violation of at least the Brown Act.
