Comments for Public Posting: My name is Trayanna Enriquez I am a social equity applicant LA-P-19-310818-R-APP through the DCR. The address of my dispensary is 12159 Ventura blvd. Studio City. I am writing today because I have been attending the neighborhood council meetings since 2019. I was told by the President Randall that I would get support. I followed earlier this month to no avail. I was told by Lisa on the land use committee that our dispensary couldn't get a letter for support. My partner Al Harrington a former NBA player has been paying rent since 2019 to now. We applied as a PCN, since there weren't any PCN's in the area we were looking forward to the support and backing of neighborhood council which they can no longer offer. I am in contact with the narcotics department as well as rehabilitation centers I'm the area. I am reaching out today with the hoping for support of a "yes" the PLUM committee in the upcoming plum meeting. If you could give me a call or email I can answer any questions. Thank you again for your time. Trayanna Enriquez

Comments for Public Posting: I strongly oppose housing the un-housed and tragically, often un-hinged, transients re the proposal of Bonin - a reckless man doing all he can to harm society and - more critically - harm the very humans he pretends to care about. I challenge you to look up Paul Burkons - my brother - who was run over by the LAPD by accident - who were looking to find and aid a “naked homeless man” at the time. I spent decades dealing with our broken mental health systems, and the antiquated laws that prevent family members and concerned citizens from helping those who are drug addled or mentally ill — and are often homeless - so please don’t put me into the ‘heartless box” so my opinion can be discounted. I am willing and able to be testify under oath about how the government officials reckless policies actually impact on our lives - I will go on record and offer humane ideas, and campaign for candidates willing to take concrete steps to end this... insanity... in our city and state. I live in the trailer park at PCH and Temescal and have already witnessed enough tragic accidents and deaths of pedestrians who are not mentally unbalanced trying to cross what is in fact - a FREEWAY - only without sounds walls to shield foolish jaywalkers or mad-dashers. Fact: there are no services here. Fact: there is no easy access to transportation to any services or job opportunities here. Fact: this is a beach the entire city relies on for their safe and sane recreational escape to be alive. Fact: children come here - CHILDREN - who you would endanger with such a policy. Fact: we had another fire yesterday in the Palisades caused by an unhinged human. Fact: it’s not even fire season. I could go on and on... feel free to call me if you want to really talk brass-tacks. Howard 818-370-8589

Comments for Public Posting: STOP the LAPD from hiring more officers. Council Member Krekorian: Please put the Bonin/Raman amendment up for consideration during the next Budget and Finance Committee meeting. STOP the LAPD from hiring more officers. This is the complete opposite of what communities have called for and what you promised in the aftermath of George Floyd's death.

Comments for Public Posting: I strongly oppose the adoption of the CF12-0460-S4 Zoning Code (Processes and Procedures Ordinance)/LAMC Amendment. The proposed ordinance contains numerous provisions that will further limit appropriate and informed community and public engagement in determining issues of land use and management that affects residents' welfare and livelihood. That notification of today's hearing was only made the Thursday before this Tuesday hearing is taking place in itself demonstrates the reluctance of the City Council and its Planning Use and Management Committee to have informed public input on these vital issues. Furthermore, upon examination, I find that the text of the proposed Ordinance offers no adequate definitions of the exceptions, modifications and adjustments it puts forward. Apparently the main purpose of this Zoning Code Amendment proposal is to limit openness and transparency in the workings of City government.

Comments for Public Posting: Multiple charter buses emanating from 10413 laurel canyon bl (FUTURA TRAVEL) COMING THROUGH THE RESIDENTIAL AREA, 24/7 PARKING IN "NO-PARKING ANYTIME TOW-WAY", "NO STOPPING ANYTIME TOW-WAY" (HARD SIGNS OFF MERCER ST) 10455 LAUREL CANYON BL. CHARTER BUSES PARKING @ METRO BUS STOPS. SOME BUSES HAVE MEXICO LIC.PLATES. NEED CHECK EMISSIONS TESTS. THE AREA IS ZONED FOR SENSITIVE USES, DO TO THE PROXIMITY OF FWY THE AIR QUALITY IS VERY BAD. HOW DOES A BUSINESS LIKE THIS GETS PERMITTED???
