Comments for Public Posting: Hello, council hope everyone's doing well! I'm leaving this message in regards to public safety and voting no confidence for George Gaston. We must insure that are community's are safe, but having his policies in place are endangering our community, releasing dangerous criminals onto are streets and treating victims and victims families as garbage. People walking down the streets should always feel safe, but releasing dangerous criminals such as Child molesters, rapists and murderers is definitely not going to make our community safe. The policies the newly elected district attorney are supporting our band-Aid sentencing and not justice for victims and families. Criminals must be held accountable for their actions and justice should always be served. I endorse and dearly encourage Los Angeles City Council to vote no confidence. I'm a democratic and I Deeply do not support this type of agenda and I am disgusted by what this new district attorney is doing. I do not condone nor support this type of agenda and I am disgusted by what this new district attorney is doing to the citizens of Los Angeles county.

Comments for Public Posting: I hope that Oil Can Harry's can be made a Historical Cultural Monument as it is one of the few places in Los Angeles that offers unique and welcoming programming for a diverse group of LGBTQIA peoples.
