Comments for Public Posting: dear Emily Reyes, I was at the festival the other day And I received your business card. Sadly, there was nobody there to speak to you about my issues. I've been trying to make an arrangement to bring in a major pharmacy and a major grocery store to move into the area on adams boulevard in between fairfax avenue and la brea avenue.. Sadly, after sending out multiple emails to some major companies, everybody seemed to have a similar excuse of why they could not move into the area. Many of them stated that there are certain types of political rules or government rules that they have to have so many parking spots which is why they have not been able to offer any kinds of businesses such as ralph's, cvs, walgreens, trader joe's, etc. into the area... Sad.. You have some very expensive apartment buildings along the street And these poor people have to order everything online because they cannot get to a proper grocery store or proper pharmacy in the area because they don't exist.. The closest ralph's is 1.5 miles away. The closest pharmacy is about three miles away on Crenshaw boulevard. You could go and look for yourself and confirm and verify what i've just stated.. In addition, you have no food banks and no food pantries In the surrounding area to help out the homeless... shame on you.. I know that my letter is a waste of time, but since I received your card and you work in the neighborhood, I just thought I would try one more time just to let you know, vent and post my concerns and complaints.. as far as i'm concerned, I just go to fairfax avenue and third street, or I go somewhere else to get what I need. I'm not supporting these local businesses who don't do anything for me And are very expensive on top of it. Thank you.
