Comments for Public Posting: Tomorrow public comment: You will not see Electronic Spin Resonance (E.S.R.) Machines in hospitals. Why Because it would become obvious how easy it is to read body electricity from RADAR (I.e. brain waves at a distance). The required technology did not begin to exist until the late 20th century.... the effect of Voice to Skull/Synthetic or Artificial Telepathy..is crucial to the plot which the Apostle describes.." In other words, although Renee is religious and I am not, I am in complete agreement with her that this is the highest technology possible.
