Council File No: 00-9999

Comments for Public Posting: I would simply like to make a request for consideration by the Council. Could you please pass a resolution for the following?
WHEREAS: Require any 'Existing' or *New* Bridge (Automobile, Pedestrian or Rail) within the City Limits that need 'Paint' for the underlying & visible supporting Steel (I-Beams, etc.), use the University of Tennessee #151 Orange. This would include byways and Interstate bridges where applicable.
WHEREAS: Existing structures are 'Grandfathered' in, but when upkeep/maintenance or updating is required, the University of Tennessee #151 Orange would be used. Thank you for at least considering. Mark White
