Comments for Public Posting: Subject: General Public Comment - Request for Review of City Policy and Department Practices on Reasonable Accommodations
Good morning, I am writing to request that our committee review the City's current policy and practices on reasonable accommodations for persons with disabilities. Specifically, I am concerned about the policies and procedures related to supporting individuals with disabilities, with particular focus on those with ADHD. The process for requesting departmental resources is currently too extensive and complicated, which can create unnecessary barriers for neurodivergent individuals seeking appropriate assistance. This complexity seems contradictory to the intended purpose of our accommodation policy. I appreciate your attention to this matter and look forward to the committee's review. Thank you for your time. Sincerely, Christina Flores

BCHD paid Gallup with a \$400,000 consulting agreement to poll and conduct analysis in the Beach Cities. Gallup prepared a hypothetical analysis of Beach Cities medical costs based on a comparison with US national averages.

BCHD/Gallup ignored the fact that the Beach Cities have twice the income, twice the education levels and three-times fewer uninsured residents than the national average.

WITHOUT CORRECTING FOR THE STARK DIFFERENCES BETWEEN THE BEACH CITIES AND US AVERAGE, THE BCHD/GALLUP ANALYSIS IS MEANINGLESS.

BCHD/GALLUP also failed to disclose that other non-District cities (Santa Monica, South Pasadena, Walnut, Rancho Palos Verdes) were outperforming the BCHD cities despite their lower income, lower education rates and higher levels of uninsured.

StopBCHD.com (StopBCHD@gmail.com) is a Neighborhood Quality-of-Life Community concerned about the quality-of-life, health, and economic damages that BCHDs 110-foot above the street, 800,000 sqft commercial development will inflict for the next 50-100 years. Our neighborhoods have been burdened since 1960 by the failed South Bay Hospital project and have not received the benefit of the voter-approved acute care public hospital since 1984. Yet we still suffer 100% of the damages and we will suffer 100% of the damages of BCHDs proposal.
