**Comments for Public Posting:** I OPPOSE the motion to instate bubble zones around sensitive sites because of concern over criminalizing protest. The first amendment right to free speech is protected action practiced by union workers and members of the public. Criminalizing this action practiced by union workers and members of the public. Criminalizing this free speech necessarily puts community members in harms way and presents new opportunities to have run-ins with the police. Consider a process involving community stakeholders that seek to address the inaction of LAPD in instances where protesters have been assaulted, humiliated and dehumanized while engaging in protest.

**Comments for Public Posting:** I oppose the criminalization of our protected 1st amendment right to protest. By limiting protests away from sensitive sites you are both effectively stripping the citizens of this city the right to protest while putting those same people in great potential harm by increased run ins with police. Please instead consider a process involving community stakeholders that seeks to address the inaction of LAPD in instances where protestors have been harmed while engaging in protest and civil disobedience. Thank you.

**Comments for Public Posting:** This is a disgrace. Not only an infringement on freedom of speech but an unabashed spit in the face of working class and struggling class rights to organize.
