Comments for Public Posting: My name is Anna Laura Brody and I live in Monrovia, CA and work in DTLA. 4.4 million immigrants reside in the Los Angeles metro area totaling 33 percent of the population. Of those 4.4 million, 2.2 million are potentially at risk of deportation. On behalf of this population, it is time for the City of Los Angeles to reassert its leadership on immigrant rights, and to defy the anti-immigrant bigotry that has defined national immigration policies. As LA Sheriff, Jim McDonnell refused to stop the policy of responding to most ICE detainers, gave ICE an office in the county jail, and implemented a 287g agreement (which deputized law enforcement to act as immigration agents) with the Department of Homeland Security (DHS). During his tenure as Sheriff from November 2014 to 2018, Jim McDonnell oversaw the transfer of thousands of Angelenos to ICE, separating parents from their children and tearing apart families and communities across L.A. County. Immigrant Angelenos continue to face attacks from the federal immigration system. The City can ensure that its resources, property, and personnel are not being utilized for any federal immigration enforcement by passing a Sanctuary Ordinance. L.A. must no longer contribute to the separation of thousands of Angeleno families. The Sanctuary Ordinance would make Los Angeles a true “sanctuary city,” completely prohibiting ICE transfers, as LA County did in September 2020. I respectfully urge you to enshrine immigrant protections into law and move forward with the Sanctuary Ordinance immediately. By doing so you will affirm the City’s commitment to racial justice and to protecting and defending immigrants. Thank you. A. Laura Brody

Comments for Public Posting: My name is Kay, and I am reaching out from Council District 2 in Los Angeles. I urge you to use your influence to guarantee permanent access to safe, clean drinking water for the unhoused residents of Los Angeles—your constituents and my neighbors. The current lack of adequate water access is a severe failure on the part of local government. In Los Angeles, the unhoused endure the harshest effects of extreme heat with minimal support from the city, leading to high rates of heat-related illnesses and deaths. We must treat our unhoused neighbors with dignity and respect. The current situation is unacceptable. As Angelenos, we must ensure that everyone has their most essential needs met.

Comments for Public Posting: Making Los Angeles a sanctuary city is in line with destroying what this once great city used to be. It seems like you want more homeless, garbage, human shit, criminal attacks, and metro bus driver attacks in your town. You think letting illegal immigrants live here is the solution to cleaning up the city. Refugees come through the port of entry, they don't sneak in illegally. This is a shame and one of the reasons I'm moving my family out of California. You have the goal of giving illegal immigrants nationalization status to try and gain some Democratic votes. Most of America saw through this in the last election. Take a look around and listen to what the country wants. Not these fringe groups of minorities. I guess you didn't learn your lesson. You clearly only care about saving your job and not doing what is right for the city or its people that pay taxes. Your office is a disgrace.
