Mayor Karen Bass, City Council, you cannot continue the crime of stealing the property of the residence for private gain of Palose Verdes "Chavez Ravine"

Frank McCord should have never acquired the property nor a separate guarantee of the Dodger Stadium parking lot division McCord illegally separated the land axquied by eminentdomai. The City now should not be getting additional illegal funds from the Gondola project which is not necessary. Using eminent domain to take properties illegally And now to knowingly allow this again to occur allowing Frank McCord and investors to make money off the steal of my families Delgado's, Cabral's, Santillans, Arechiga's, friends, my grandparents, my parents Boylston, Malvina etc. In some cases the lots never utilized, the property lie dormant. Mayor Bass to allow a City gondola project to continue accessing dollars bedt used for the crisis at hans, to perpetuate the City of Los Angeles' crime of stealing the property from the residences of Palos Verdes "Chavez Ravine" for private gain, now Mayor Bass is on your watch. It's possible that early on the 3 council people that have been under fire for the illegally recorded meeting who now have been halted from voting on this project may have been planned to ensure that the project would not be interrupted. All must be investigated. Also impairment on the existing infrastructure, electrical, water, emergency accessibility will effect acess to emergency Healthcare.

Stop the project.

Susanna Delgado, Cabral Arellano
