As, we know. LA CITY COUNCIL, is a council, and in that there is the idea of running the city. Not, the Mayor Karen Bass, but an idea of congregation. I mean what is going on in Los Angeles? So, then the idea here is what's been going on with me.

#1 There was a Peter Koo wanted by Berkeley City PD, this is all fashioned, not so long ago. And, the idea of that or what not is that idea, that he tried to reverse? this story to me. And, so this has been examined by LAPD. And found wanting. So, then I placed an item in court, looking for Peter Koo, my former dormmate at UC Berkeley, and have faced tumult. So, then he owes me \$5,000 in defamation charges. Out of Stanley Mosk Court.

#2 There was an Albert Lee who took this idea, of his reverse story, whom I actually took to court. As defendant, Stanley Mosk, Small Claims, Case # 20STSC00034, researchable via Los Angeles Superior Court's website. And, in that I requested a judgement, was able to prosecute, and in that there was that idea of change. I mean I'm working on, now, why he lied in court.

#3 There was a Tom Henslin, habitual at Los Angeles Twin Towers Correctional Facility, whom these stories derive from. A habitual schizophrenic, whom grew up in Hacienda Heights, and whom had already served charges in these manners. And has been prosecuted.

Basically, I'm cleaning up these references. So, then what can the Council do? Well, in fact they vote on procedure. What's good for the city. So, this will be in the day's reason, this will be in account, and this will mean in vote, maybe not directly but in fact indirectly. To the cause of which this case concerns. I mean the idea of cause comes next that this will be a cause. I mean, there is indeed security who lays out foundation so and so, and so on...to make matters short. And direct, vote which must be applied for. A ruling, what should happen. With the idea of accordance, of security LAPD or what not, and, in this idea information etc. etc.

Thank You,

This is not legal tender.

Bryan Vincent Coleman esq.

Michael.
