

# VOTE For CARMENLINA MINASOVA

## FOR LOS ANGELES COUNCIL DISTRICT 6 AND CA STATE ASSEMBLY DISTRICT 43 by MARCH 5 TO HAVE BETTER FUTURE !!!

How long we have to tolerate this crisis? Enough to wait and need act now. Everyday, criminal keep broking our cars or innocent people die from speeding, homeless all over, Fentanyl drugs on streets people die, Your Rent and groceries goes up, animal crisis and more. How long politicians need abuse us, we pay high taxes, but they don't care and they getting all money or where is homeless money goes? It all goes to them.

My name is Carmenlina Minasova, we keep vote to politicians, but after they elected they forgot our problems, so this time I propose several plans and ideas to help rebuild our districts from **Homeless and other Crisis in our State Assembly District 43 and Los Angeles City Council District 6** areas: Van Nuys, Panorama City, North Hills, Lake Balboa, Arleta, Sun Valley, North Hollywood, Mission Hills, Grenada Hills, San Fernando Valley areas to make those places nicer, cleaner, safer for all residents and we can start enjoy our local cities restaurants and public places! **You, as resident deserve better living condition in our districts because you pay taxes!**

**I want Fight Against CA State and Los Angles Bureaucrat System:** Included those laws and Bills who only protect Special Interest People. Politicians take advantages from taxpayers and keep Abuse our taxpayer money by set up they. High Salaries of Electe officials from \$230.000-500.000 Annual and over pay for any special interest projects. All those affect to all Residents lives and lead in this Crisis.

**Do you know of Majority Californian don't vote?** Specially young generation, so Only 10-20% vote, that's why corruption take advantages, so low participation in election time only help those special interest. Politicians who keep reelected over and over and that's why you don't see any good changes in our Los Angeles.

I propose the better the New Democratic Election System to allow all USA citizens who 18-up age to run for any office without pay any expenses and don't face unreasonable limitations such crazy 500 signatures for nomination in LA city Election, so to compare with State and USA congress elections law only required 40 signatures, so why local city asking 10 times more, so I let you think. Better election system will improve and increase voter participation on election time from 10-20% to 50% votes. USA Constitution is guaranty it, but CA State or Local Government doesn't if they make harder to be candidate and almost impossible to protect your rights. Please Vote on March 5, 2024 and send the good people who want good changes in CA. Please support and if you agree with me vote on March 5, 2024 and allow me help for that Mission!

### Why we in this crisis? Enough to Wait! Need Act and Start Fixing Problems Together!

Medical Professional Practitioner with Military Medical and Respiratory Experiences, Homeless Advccate and support, Rescue Animal and Neighborhood watch activist, Secretary of Human Rights, Journalist, Volunteered at several organizationevents, Red Cross, Veterans Hospital VA, Aviation, LAPD and Glendale PD, Churches and Other Religions organizations. Helping Students and Seniors Citizens. Experience of over 30 years, Support Hispanic, Black, Asian, White and all nationalities and cultures. Stand for all People who are victims of Genocide Armenian, Palestinian, Jewish, Africa and other places in Earth. People need protections from powerful dictators and corrupted politicians and against terrorism, crimes, special interest, and any hate and racism. As Human Rights Defender, she Advocating and Defending of Human Rights and messaging to respect each others. She is honest, listens to people, hardworking, value own words she is kind and always helping people!

### **Democracy is not I want, Democracy what is Majority People want and needs!**

4 years ago, in COVID 19 pandemic time, I was one of frontliners dealing with deadly disease at my workplaces. Most people need to stay in their home as ordered, but I and some others need go to work and fight against deadly disease to keep patents alive. I don't know if we will come back home safely home, but I have a passion to help people that time. This time in our government has "new diseases" called negligence, bureaucrats, corruption and ignorance of our community crisis situations. Now, is time to act again! God Help us!

### **The Key of Plans and Ideas What I want to fix:**

- **Homeless crisis:** Open New European 7 shelters at each cities in our district, and there provide full services medical, mental, drug detox also with work in sanitation or other city department
- **New Centralize System for Homeless help:** so homeless will help in one place instead of travel to all agencies all around LA also provide them mailing addresses for apply any applications for aid and manage housing issues
- **Create New 7 Mental Emergency Ambulances Team and help all mental ill people by patrolling on streets**

- **New Alcohols and Drugs overdose Rescue mobile** Ambulances system to better manage those category people who need help.
- **Protection of Human Rights:** Propose better laws in State CA and have criminal charges against any type of Robbery and thefts, Racism, Hate crime, even attacks by improper words to person or organizations by direct evidence videos or any other ways, to have also law of criminal charges of drifting, or speeding in LA City.
- **To Stop or Reduce Crime in LA, we need change some laws for Anyone who did crime or theft need must see at Court the Judge if not arrest made like any traffic tickets.**
- **Speeding and Drifting in our streets are dangerous. Propose Criminal Charges to those drivers who do drifting and drive or high speed on residential roads. I will propose to have Install more speed limitation Humps and speed monitor systems** and New cooperation with private security cameras homeowners has, so LAPD can have access only the public areas, streets and to have to install more cameras on streets. More Stop Signs and Stop words on ground to better visible for drivers specially on areas where no street lights
- **Parking Issues:** Open More Overnights parking and limit parking in new locations in District 6 and 43
- **In All Los Angeles install Solar street lights lights**
- **Create Online Complain Forms system Regarding Residents concerns and issues**
- **LAPD Chief must need Elected by Residents not by appointed by Mayor or Politicians**
- **Change Los Angeles city structure by gave more power Neighborhood Councils and Residents**
- **Help Animas: Rebates** for people who help homeless and own animals that will decrease cost of feeding and medical bills. I will try to open a low cost Vet Hospital under LA City supervision. Homeless animals keep multiplying on our streets. I offer low or free who qualify low cost of surgery. Now, cost of services for spay and neuter is \$700, so LA Animal Services only offer \$200 for low income pet owner, but that isn't solution. I recommending pass bill and to have at all LA shelters veterinarians to provide those services for public, included service for spay and neuter.
- **Theft of Catalectic Convertors** can resolved by 80% if we DEMONOPOLISE in CA State that law and allow to all companies who making those to sale and ship in CA catalectic convertors. That will increase quantity of catalectic convertors and will reduces price, meantime will reduce crime because the cost of them will dramatically decrease and no need stole anymore. Now only allow ship in CA "MAGNAFLOW" Company [www.magnaflo.com](http://www.magnaflo.com) and they prices too high that's why criminals take advantages from car owners.
- **PROTECT ALL AMENDMENTS AND NOT ALLOW GOVERNMENT RESTRICT THOSE RIGHTS**
- **New Immigration Law in CA:** Any undocumented persons allow to have CA ID, Temporary Work Permit, DL for drive car with insurance, so that will be protected other Citizens rights in CA.
- **To Have Better Police TEXT new Report system for none violent crime in District 43 and 6. New TEXT /email System by sending reports for Non-Violent crimes** New Text/Emails to LAPD systems between residences and police. Send tips by text to LAPD. Buildup trust between the Police and residents. Those steps will decrease police responds of non-violent reports.
- **New Way Government on District 6 and 43 with New Communication System.** More involve the Residents on meetings and discussions by Zoom or often a direct and indirect meetings with residents.
- **Streets lights:** Install more Street lights also let residents to report any criminal activities who cut cables and each reports give homeowners cash back on their water and power bill.
- **Street sweeping services and Tree trimming and maintains Sidewalks by city or by homeowner if any blockage on the streets with reimbursements to homeowners who repaired or maintained.**
- **HOUSING PROBLEMS: Support CITY AND STATE GOVERNMENTS BUILD HOUSES** Projects with vertically build Multiple floors **TO OFFER UNHOUSES RESIDENTS to ABLE PAY RENTS RANGE(\$700-1200)**
- **For Alcohol, Drugs Addictions and Mental help by creating Centralize support system at local hospitals.** Have a better ER services such less waiting time and more specialist to help for free or cover by insurance Detox or withdrawal process. Open and increase more Respiratory Therapists and Physician Assistants will improve issue
- **Climate Changing risk will increase Respiratory illnesses.** I proposing law for all Respiratory Care practitioners allow to diagnose and prescribe medications in their scope of practice, that will reduce at ER departments waiting time and will more practitioners will help those patients who have respiratory issues
- **Fireworks in LA is illegal. I will propose more criminal charges against those who using it to keep scare seniors citizen and animals even lead to dead.** Only safe those fireworks without make big noises. Fireworks is nice, but is danger for public safety and not necessary have big noises. We maybe need use National Guards to control LA city from those who using Fireworks during national events time.

- **Download Application MyLA311 use for everything you need for your street need to fix**
