Please cancel any public st patricks day events for this year and forever . st patricks day is offensive and has racist roots and has no place in California culture. California is not the Northeast or Midwest so that is another reason not to promote or have events for it in LA. I am serious. I will sue the city of Los Angeles if you don't reply and tell me you will agree to this request. Over 62 percent of Los Angeles residents IGNORE St Patricks' Day each year and that's a FACT. i will get hollywood icons like Rob Reiner ,Robert de niro and Kristen Bell to help me with this.

I don't care about valentines day because there are actually alternate reality versions of California where valentines' day was never celebrated by anyone or mentioned past present or future. (many worlds interpretation/multiverse).I wish every California resident knew about those alternate realities (i can't email millions of Californians can I? if so what's their emails?)
