Please cancel all St Patircks day events for Los Angeles this year and forever. That holiday is the one holiday that is offensive and has no place in LA society. Over 60 percent of LA residents don't celebrate it. I have a signed petition with 2000 signatures demanding you comply with this request. George Clooney ,Mike Love, Kristen Bell and Bette Midler also demands you comply with this request. I am serious on my mother Debra's life.

If you don't comply ,me and 50 people will protest all St Patricks day events around LA. I will also sue the city of LA if you don't agree to this request. If you do agree to my request i will break out my happy dance
