How do you guys approve an event close from LAX on 03/17/2024 that made people lose flights after months planning. Airline crew 2 h stopped in a bus on traffic and 300 people from the flights waiting hours. Each one is fighting each one with health issues, traveling by car from another city only to take a flight and is not possible. Los Angeles please please work right on your decisions. The city is already chaotic... please think before approve some event that people that is traveling for jobs for health for wedding for surgery for vacation for business can not make it.
