A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: On behalf of the Eagle Rock Neighborhood Council, we are writing to express our support for Los Angeles Climate Week, a community-driven movement that empowers Angelenos across every neighborhood to take collective action toward a sustainable, regenerative, and equitable future. Los Angeles Climate Week (LACW) is designed to uplift local leadership, creativity, and climate solutions emerging from the communities of Los Angeles—especially those most impacted by climate change. Through a diverse range of events, workshops, arts and culture activities, and community gatherings, LACW serves as a unifying moment that highlights both the urgency and the opportunity of designing our climate future together.

LETTER IN SUPPORT OF THE ADOPTION OF LA CLIMATE WEEK BY THE CITY OF LOS ANGELES.

March 3rd, 2026

We declare that on March 3rd, 2026, a Brown Act noticed public meeting was held by the Eagle Rock Neighborhood Council (ERNC) at which a quorum was present. The following motion passed unanimously:

Dear Councilmember Ysabel Jurado,

On behalf of the Eagle Rock Neighborhood Council, we are writing to express our support for **Los Angeles Climate Week**, a community-driven movement that empowers Angelenos across every neighborhood to take collective action toward a sustainable, regenerative, and equitable future.

Los Angeles Climate Week (LACW) is designed to uplift local leadership, creativity, and climate solutions emerging from the communities of Los Angeles—especially those most impacted by climate change. Through a diverse range of events, workshops, arts and culture activities, and community gatherings, LACW serves as a unifying moment that highlights both the urgency and the opportunity of designing our climate future together.

Why Our Neighborhood Council Supports Official Recognition

As Angelenos, we experience firsthand the effects of extreme heat, air quality challenges, and climate-driven disruptions. Equally, we see the tremendous capacity of our communities to innovate, care for one another, and build resilience through local action.

Establishing Los Angeles Climate Week as an officially recognized annual observance would:

- **Elevate local climate priorities**, aligning the City with grassroots efforts already active in our neighborhoods
- **Support equitable participation**, including youth, small businesses, community organizations, and cultural institutions
- **Encourage cross-neighborhood collaboration** and spotlight community-led innovations across Los Angeles

- **Signal a long-term civic commitment** to sustainability, climate resilience, and community well-being

Our Request

We respectfully request your leadership in establishing Los Angeles Climate Week as an annual City observance held each April, with the exact dates designated each year by the community-led organizing partners. This recurring recognition would ensure continuity, reduce administrative burden, and affirm the City's commitment to long-term, community-driven climate action.

Our Neighborhood Council would welcome the opportunity to collaborate with your office and City departments to ensure that Los Angeles Climate Week reflects the unique needs, strengths, and aspirations of communities across your district.

Thank you for your leadership and for your ongoing commitment to the people of Los Angeles. We look forward to working together to build a thriving, equitable, and climate-resilient future for all Angelenos.

Sincerely,
Flor Chaidez,

President, Eagle Rock Neighborhood Council
