Re: **City Council File 20-2002-S101**

Dear Representatives:

At a regular monthly board meeting held on July 20, 2020, the Coastal San Pedro Neighborhood Council approved the following resolution in support of the Los Angeles City Council's "Motion to Oppose SB1120":

Support of City Council's Motion to Oppose SB 1120

Whereas State Senate Bill 1120:

- 1) would eliminate public hearings and public notice and only require administrative, ministerial review;***
- 2) would provide ministerial approval of a parcel map of four or fewer parcels;***
- 3) would undermine the Subdivision Map Act which now vests the authority to regulate and control the design and improvement of subdivisions by the legislative body of a local agency;***
- 4) would exempt projects from environmental review, undermining community participation and vetting by local legislative bodies;***
- 5) would override local zoning, in effect eliminating single-family zoning in the city and statewide;***
- 6) would disregard the zoning limitations that homeowners statewide relied upon when making their home purchase decision;***
- 7) would reduce parking requirements and eliminate parking within ½ mile of transit; and***
- 8) would not require that any of the units created be affordable and so fails to address the City's and the State's most pressing need for low and very low income housing.***

Therefore Be It Resolved that the Coastal San Pedro Neighborhood Council Board supports the City Council Resolution dated June 24, 2020 to include opposition to SB 1120 in its 2019-2020 State Legislative Program. Coastal San Pedro Neighborhood Council opposes SB 1120.

Please contact Robin Rudisill, Chair of the CSPNC Planning Committee, at 310-721-2343 should you have any questions related to this letter.

Sincerely,

Doug Epperhart, President
On behalf of the Coastal San Pedro Neighborhood Council Board

Dear City of Los Angeles:

Redwood City has scrubbed #BLM street mural. Springfield, MA is set to do so due to permitting error. See the 2 articles below:

<https://sanfrancisco.cbslocal.com/2020/07/19/redwood-city-street-mural-blm-trump-maga/>

<https://www.wvlp.com/news/local-news/hampden-county/black-lives-matter-mural-to-be-removed-in-springfield-due-to-lack-of-permits/>

And in New York, black ladies poured black paint on #BLM street mural. People are not happy with the #BLM movement. #BLM protestors are supported by and trained with George Soros's money. Soros is intent in tearing down America. In 1990s and early 2000, Soros focused on "democratizing" the former Soviet bloc. He is now turning his financial strength, experience and wherewithal on America. Soros and his #BLM activists are radicals. They do NOT represent the MAJORITY of the Americans.

XXX

On #BLM AND Social Justice:

The death of George Floyd and the following protests, riots, unrests have caused us much stress, property damages, loss of 300+ lives; blacks and black police officers included.

#BLM instead of improving social justice, it destroys our social fabric, causing much more damage to the aggrieved community it claimed to help.

David Horowitz's 2006 book "The Shadow Party" talked about billionaire George Soros' and his shadowy organizations and operations. In 25 years, Soros has spent \$5 BILLIONS on his Open Society utopic mission. Soros, lives in America, never an American. His Open Society is a borderless world run by international organizations. He does not know how to build a perfect society. But he believes it starts with destroying the current system first.

Soros recruited radical left-wing professors from Columbia, Harvard who advocated violent tactics that gave us the volatile, fiery 60s/70s. These professors trained radical middle-class activists, and manipulated poor inner city blacks to carry out the dirty riot work the whites did not want to do themselves. Their logic is that when the violence so overwhelm the silent moderate MAJORITY, that is when the Radical Social Change can be enacted by the few in our governments.

Soros used this tactics.

He has the money and leadership skill to carry it out.

His paid experts from Institutions -- education, political, media, cooked up fake research / data, created fake ads, held fake conventions, drummed up these excitement to fool the few lawmakers in the government into believing that was the will of the Majority. It was NOT!

These NPOs turned out thousands of activists, protestors and unaware public onto the streets. The intensity and intimidation rattled the government and its civilians, forcing them to accept their demands.

In 1990s, when Soviet Union disintegrated, Soros put his footprint on regime change in Georgia, Poland, Ukraine, Slovakia, Croatia and more.

Soros provided money, personnel / activists and organizational skills.

In 2003, with his thousands of activists filing the streets and with their fake exit poll claiming that the election had been rigged, Georgian people-elected President Eduard Shevardnadze wanting to avoid civil war resigned. Soros was proud of his "contribution."

Soros, a financier and a profiteer will not let moral impede his financial dealings, else it will "reduce his profit." He gamed on British pound with \$10 billion investment, causing the pound to drop 25%, where he pocketed \$2 billion profit. He did it again with German Mark and Malaysia Ringgit.

Clinton let Soros be one of the three in charge of democratizing the former Soviet bloc. Lots of International aid money disappeared. American taxpayers foot the bill.

The current #BLM is funded by Soros. Many of the same organizations funded by Soros are behind it. Some of BLM leaders are communist-trained. And communists are not peace-loving people. Communists are for violence.

It uses the same playbook: same money source, same trained organizers, same activists, same tactic on cooking up a "movement" and rouses the unsuspecting public to rally, inciting poor blacks to riot. Its goal is to intimidate and to overwhelm the public and the governments. In the end, the governments accept their demand for Social Change.

xxxxxx

We do not have Racial Discrimination issue.

Americans are the most generous, the kindest people.

We give international humanitarian aid.

We have Social Programs to help the needies at home.

The real problem is this:

Blacks have a Family Disintegration CRISIS.

73% blacks are born to single moms. Many are teenage moms. They live in ghettos ridden with crimes and drugs. Some never see a single decent human in their lives. Any wonder they grow up to become one?

Though blacks are a smart percentage of the population, blacks and Hispanics committed the majority of the crimes.

-- try to spend a week just trying to capture Chinese criminals, you will be pretty disappointed. Chinese just don't do that, for we believe in education and work ethic that provide better livelihood.

So, crime is not PROPORTIONATE to the population.

The lefts have used a totally FALSE Association, a fallacy, a failed Logic.

And this false association will not help the poor blacks. Will not do any good for our City Government. Much less for the people our government is here to serve.

People are not judged by their skin color.

People are judged by their CHARACTER.

No more cheap talk by the liberals.

No more caving to the intimidating activists.
Activists are activists. They are radicals.
They do NOT represent THE MAJORITY of Americans.
Say No to this phony rhetoric!

Majority of Americans are for #Law And Order.
We are for #Social Tranquility.
We support our Men and Women in UNIFORM.

#Defend Police!
#BLUELivesMatter!
#ALL Lives Matter!

Sincerely,
Terry Chong
