I know the budget has been done now. Wondering if San Pedro between Imperial and the 105 freeway has been added to the budget for street sweep. Under the freeway continues to remain a complete mess as well. At this point I believe cameras for violators should be enforced. However, I'm sure that won't be possible since we can't get Street sweep on a Main Street with over 500k cars a day.

I totally understand it's only your job and something like this may not be of importance to you. But this has been going on for several years and being a tax payer in this area. I can only try to reach out to those whom are suppose to help. Pictures below will explain why we need help in this area. Any help at this point would be helpful. After 20 years of dealing with the same thing. These pictures are probably considered clean as it has been worse in the passed. Trash has been placed in the street which makes it hard for vehicles to pass by.
