Dear Council and Committee Members,

I would like to submit my written comment for your consideration during the upcoming council and committee meetings. My proposal emphasizes the importance of fostering encouragement, empowerment, and access to education, enabling individuals to adopt a positive way of life that channels their minds and emotions into purposeful and impactful actions.

By focusing on creating pathways that inspire growth and forward-thinking, we can help individuals develop a mindset rooted in doing good for the world, the environment, and the people around them. Encouragement and empowerment are essential in building communities that embrace positivity, resilience, and meaningful progress.

Through AIM ATTITUDE, a purpose-driven lifestyle brand I founded, we champion the values of emotional intelligence, personal growth, and intentional living. AIM ATTITUDE inspires individuals to realize their true potential by aligning their emotions and actions with the greater good while fostering mental and emotional well-being. Our purpose is to cultivate a global movement that promotes a positive way of life, where individuals actively contribute to the betterment of their communities, the environment, and the world as a whole.

I respectfully urge the council and committee to consider incorporating initiatives that prioritize emotional intelligence, education, and empowerment into current and future projects.

Together, we can inspire individuals to live with purpose, embrace positivity, and create lasting change for the world and future generations.

Thank you for your time and thoughtful consideration.

I look forward to seeing the steps we can take together to empower individuals and communities toward a brighter future.

Thank you.

With Respect,

**ANITA MIKLOVICOVA**
