Here are the needles on Hampton from the encampments. Again this is all from the new encampment a half a block from the MTA lot. They have lined up for bridge housing at Mike Bonin's bridge home for 154 drug addicts, surrounded on all sides by families, elderly and hard working law abiding tax payers. A block from 3 schools and two blocks from the beach.

This shelter at the beach is attracting drug addicts and now we have proof.

Attached is the trimmed down file with the new encampment waiting for Mike Bonin's bridge home to open...just like we predicted.

Soledad, that is nothing compared the new encampment on Hampton that has recently formed. It's a half block from the MTA where Bonin is putting the bridge home. The MTA bridge home has become a magnet for drug addicts, just like everyone in venice predicted. The Venice Business Improvement district is constantly finding needles on Hampton now.

Subject: Used Syringes on Main Street - Latest Venice Beach Dumping Ground Pop up location

Dear Councilmember Bonin,

Yesterday, a fellow Venice resident warned me that used syringes were present on Main Street, near Vista Place, right outside the location of our new Homeless Bridge Housing complex. He was very upset as he has two young daughters who attend Westminster Elementary school, about 500 feet away from the syringes. At the time I was actually walking my dog and I was wearing flip flops, so needless to say, I was very concerned myself. The first two pictures are from yesterday.

Please tell me, is it not a big deal to have to walk over used syringes while you walk your son to his elementary school? I'd love to be more enlightened, perhaps I am not as "woke" as you are.

Today was trash day, so all of the trash bins and their surroundings should have been picked up. Actually, only half of these bins were collected and the needle is now further on the sidewalk, where someone will actually step on it. It turns out our City Sanitation employees don't want to touch them either. Please refer to the third picture I have attached where you can see the trash is thrown everywhere and the needle is now closer to the public.

The policies that you have set forth, and promote endlessly on social media, have caused unnecessary blight on our community, a community that is highly residential- inhabited by homeowners, dog owners, and parents with young children. You have created a dumping ground that meth and heroin users flock to, all at the cost of your constituents, the environment, and our beloved California state beach.

Would you be willing to come out here and personally pick up this needle, and all of the trash (and other hidden needles) among the newest dumping ground that you have created? Clearly Sanitation workers are not comfortable doing this, and rightfully so, they don't make enough money to have to pick up dangerous needles to further your own political aspirations as self focused career politician.

If you are not willing to do so, will you please admit to the community that you are personally the #1 agent in creating blight in our neighborhood??

Venice Beach Resident

Dear Councilmember Bonin,

I was walking my dog just now and a homeless man with two dogs walking off leash lunged at my dog and nearly bit her and myself. As we turned to rush home there was a drugged out man sleeping on a couch that was illegally dumped on Main Street and Vista Place. If you do not remember, let me refresh your memory. On September 10th, multiple people from our community have contacted you that this location has become an illegal dumping ground and needles were found. Myself and other residents have called sanitation an innumerable amount of times complaining about abandoned trash bins. This area has now become an illegal dumping trash ground in Venice. Over the past several weeks we have all called to get these bins removed and nothing has happened?

Why did these abandoned bins suddenly appear??? On July 18th, a mentally ill homeless man went throughout the community stealing trash bins from neighbors and then set up an encampment fortress using the trash bins on the MTA Bridge Housing site. When the police came to remove him, they did nothing to take away or return the 18+ trash bins that he had stolen and used as building materials. In this situation, when there are no public services available to the tax paying citizens that you represent, the abandoned bins have eventually been pushed towards Main Street, where they have been living since July 18th and have now made this area the #1 illegal dumping spot in all of Venice Beach.

We have been told that the abandoned bins are too heavy for someone to remove them at this point. We call in every single week and

It's easy to blame property owners who push these abandoned bins somewhere else, isn't it? Well I have had multiple men take a #2 (defecate) in my carport, which is private property, and the only thing that I can do is to take a hose and wash it away. You claim to be an environmentalist but please remember that all drains lead to the ocean, our most beloved Venice Beach.

How much do you make a year? I'm pretty sure its \$200,000 per council member and you each get a \$100,000 "discretionary" slush fund, so that gets you to \$300,000 annually. With 15 LA City Councilmembers at \$300k annually that brings your annual payroll to \$4.5 million dollars annually in payroll to pay for completely incompetent council members such as yourself who do nothing but create further blight on their neighborhoods.

We call in every single week and NOTHING HAPPENS. YOU ARE THE #1 CREATOR OF BLIGHT IN OUR NEIGHBORHOOD!

How dare you ever show your face in this community again unless you finally get your "woke" and well paid ass down here and clean the mess that you created up for yourself.

STOP DUMPING ON VENICE BEACH!!!

Shame on Bonin and shame on anyone else in the City who covers for him. If you are not part of the solution, you are part of the problem.

Councilman and City Officials:

I cannot emphasize enough how dangerous this is becoming for all constituents--the homeless and the housed both. Increasingly, we are witnessing acts of violence and being subjected to very disturbing spreading of dangerous bodily fluids and needles on the streets of Venice.

Sadly, this is why many of us have actively embraced the federal government to intervene in our city in order to begin some sense of sanity and rights to our neighborhoods. I join my fellow Venetians in calling upon you to step up and take immediate steps to stop this wild, wild west actions that are now taking place on a daily basis, and restore safety for all in Venice Beach.

Outraged,

Gloria Romero
Homeowner/Resident of Venice

Women, elderly and even men are afraid to walk the streets at night. Two of my friends were attacked by homeless criminals in the last month alone. The new encampment on Hampton, (who say they are waiting for the MTA bridge home to open), are doing drugs and chopping up stolen bikes in broad daylight.

A group of us are working with the White House. They are close to an intervention to protect us.

Instead of asking the Fed for Federal land to build housing out there, Garcetti is asking for money to give to his donors.

We are going to escalate this to the national level until the Federal government comes in to protect us.

I agree 100% with Travi on this.....

And now they are trying to pull out all stops and throw in everything and the kitchen sink cuz they can't win any other way.....like the dumbass Ocasia Day said "I would never send my children to Electoral College because that is just dumb".....She thinks it's an actual college....yet she wants to run for President.....think about it.....

Good lord.....good lord the mind numbing stupidity just scares the heck out of me.

Dear Councilmember Bonin,

I was walking my dog just now and a homeless man with two dogs walking off leash lunged at my dog and nearly bit her and myself. As we turned to rush home there was a drugged out man sleeping on a couch that was illegally dumped on Main Street and Vista Place. If you do not remember, let me refresh your memory. On September 10th, multiple people from our community have contacted you that this location has become an illegal dumping ground and needles were found. Myself and other residents have called sanitation an innumerable amount of times complaining about abandoned trash bins. This area has now become an illegal dumping trash ground in Venice. Over the past several weeks we have all called to get these bins removed and nothing has happened?

Why did these abandoned bins suddenly appear??? On July 18th, a mentally ill homeless man went throughout the community stealing trash bins from neighbors and then set up an encampment fortress using the trash bins on the MTA Bridge Housing site. When the police came to remove him, they did nothing to take away or return the 18+ trash bins that he had stolen and used as building materials. In this situation, when there are no public services available to the tax paying citizens that you represent, the abandoned bins have eventually been pushed towards Main Street, where they have been living since July 18th and have now made this area the #1 illegal dumping spot in all of Venice Beach.

It's easy to blame property owners who push these abandoned bins somewhere else, isn't it? Well I have had multiple men take a #2 (defecate) in my carport, which is private property, and the only thing that I can do is to take a hose and wash it away. You claim to be an environmentalist but please remember that all drains lead to the ocean, our most beloved Venice Beach. one to remove them at this point.

How much do you make a year? I'm pretty sure its \$200,000 per council member and you each get a \$100,000 "discretionary" slush fund, so that gets you to \$300,000 annually. With 15 LA City Councilmembers at \$300k annually that brings your annual payroll to \$4.5 million dollars annually in payroll to pay for completely incompetent council members such as yourself who do nothing but create further blight on their neighborhoods.

We call in every single week and NOTHING HAPPENS. YOU ARE THE #1 CREATOR OF BLIGHT IN OUR NEIGHBORHOOD!

How dare you ever show your face in this community again unless you finally get your "woke" and well paid ass down here and clean the mess that you created up for yourself.

STOP DUMPING ON VENICE BEACH!!!

Shame on Bonin and shame on anyone else in the City who covers for him. If you are not part of the solution, you are part of the problem.

Dear Councilmember Bonin,

Yesterday, a fellow Venice resident warned me that used syringes were present on Main Street, near Vista Place, right outside the location of our new Homeless Bridge Housing complex. He was very upset as he has two young daughters who attend Westminster Elementary school, about 500 feet away from the syringes. At the time I was actually walking my dog and I was wearing flip flops, so needless to say, I was very concerned myself. The first two pictures are from yesterday.

Please tell me, is it not a big deal to have to walk over used syringes while you walk your son to his elementary school? I'd love to be more enlightened, perhaps I am not as "woke" as you are.

Today was trash day, so all of the trash bins and their surroundings should have been picked up. Actually, only half of these bins were collected and the needle is now further on the sidewalk, where someone will actually step on it. It turns out our City Sanitation employees don't want to touch them either. Please refer to the third picture I have attached where you can see the trash is thrown everywhere and the needle is now closer to the public.

The policies that you have set forth, and promote endlessly on social media, have caused unnecessary blight on our community, a community that is highly residential- inhabited by homeowners, dog owners, and parents with young children. You have created a dumping ground that meth and heroin users flock to, all at the cost of your constituents, the environment, and our beloved California state beach.

Would you be willing to come out here and personally pick up this needle, and all of the trash (and other hidden needles) among the newest dumping ground that you have created? Clearly Sanitation workers are not comfortable doing this, and rightfully so, they don't make enough money to have to pick up dangerous needles to further your own political aspirations as self focused career politician.

If you are not willing to do so, will you please admit to the community that you are personally the #1 agent in creating

blight in our neighborhood??

Councilman and City Officials:

I cannot emphasize enough how dangerous this is becoming for all constituents--the homeless and the housed both. Increasingly, we are witnessing acts of violence and being subjected to very disturbing spreading of dangerous bodily fluids and needles on the streets of Venice.

Sadly, this is why many of us have actively embraced the federal government to intervene in our city in order to begin some sense of sanity and rights to our neighborhoods. I join my fellow Venetians in calling upon you to step up and take immediate steps to stop this wild, wild west actions that are now taking place on a daily basis, and restore safety for all in Venice Beach.

Outraged,

Gloria Romero
Homeowner/Resident of Venice

I agree 100% with Travi on this.....

And now they are trying to pull out all stops and throw in everything and the kitchen sink cuz they can't win any other way.....like the dumbass Ocasia Day said "I would never send my children to Electoral College because that is just dumb".....She thinks it's an actual college....yet she wants to run for President.....think about it.....

Good lord.....good lord the mind numbing stupidity just scares the heck out of me.

2 years ago, I would've voted for anyone but Trump. After watching Bonin and Garcetti attract drug addicts and criminals to LA and Venice, I'll never vote for a democrat again. Bonin and Garcetti lie about the drug and crime epidemic calling it a "housing crisis" so they can pay their donors with HHH money. Don't believe me? look at who is donating to their non-profits. Housing developers and service providers.

Councilmember Bonin,

I just received my property tax bill. It sort of feels like a sick joke. Can you please let me know how I can deduct for services not rendered? I'm not paying for your bloated administrative costs anymore.

Our streets are lawless, they are covered in feces and our crime rate is spiraling. How can you force us to live in such horrible conditions? Don't you see that the City of Los Angeles is actually the #1slumlord in the nation.

Dear Councilmember Bonin,

I was walking my dog just now and a homeless man with two dogs walking off leash lunged at my dog and nearly bit her and myself. As we turned to rush home there was a drugged out man sleeping on a couch that was illegally dumped on Main Street and Vista Place. If you do not remember, let me refresh your memory. On September 10th, multiple people from our community have contacted you that this location has become an illegal dumping ground and needles were found. Myself and other residents have called sanitation an innumerable amount of times complaining about abandoned trash bins. This area has now become an illegal dumping trash ground in Venice. Over the past several weeks we have all called to get these bins removed and nothing has happened?

Why did these abandoned bins suddenly appear??? On July 18th, a mentally ill homeless man went throughout the community stealing trash bins from neighbors and then set up an encampment fortress using the trash bins on the MTA Bridge Housing site. When the police came to remove him, they did nothing to take away or return the 18+ trash bins that he had stolen and used as building materials. In this situation, when there are no public services available to the tax paying citizens that you represent, the abandoned bins have eventually been pushed towards Main Street, where they have been living since July 18th and have now made this area the #1 illegal dumping spot in all of Venice Beach.

It's easy to blame property owners who push these abandoned bins somewhere else, isn't it? Well I have had multiple men take a #2 (defecate) in my carport, which is private property, and the only thing that I can do is to take a hose and wash it away. You claim to be an environmentalist but please remember that all drains lead to the ocean, our most beloved Venice Beach. one to remove them at this point.

How much do you make a year? I'm pretty sure its \$200,000 per council member and you each get a \$100,000 "discretionary" slush fund, so that gets you to \$300,000 annually. With 15 LA City Councilmembers at \$300k annually that brings your annual payroll to \$4.5 million dollars annually in payroll to pay for completely incompetent council members such as yourself who do nothing but create further blight on their neighborhoods.

We call in every single week and NOTHING HAPPENS. YOU ARE THE #1 CREATOR OF BLIGHT IN OUR NEIGHBORHOOD!

How dare you ever show your face in this community again unless you finally get your "woke" and well paid ass down here and clean the mess that you created up for yourself.

STOP DUMPING ON VENICE BEACH!!!

Shame on Bonin and shame on anyone else in the City who covers for him. If you are not part of the solution, you are part of the problem.

Dear Councilmember Bonin,

Yesterday, a fellow Venice resident warned me that used syringes were present on Main Street, near Vista Place, right outside the location of our new Homeless Bridge Housing complex. He was very upset as he has two young daughters who attend Westminster Elementary school, about 500 feet away from the syringes. At the time I was actually walking my dog and I was wearing flip flops, so needless to say, I was very concerned myself. The first two pictures are from yesterday.

Please tell me, is it not a big deal to have to walk over used syringes while you walk your son to his elementary school? I'd love to be more enlightened, perhaps I am not as "woke" as you are.

Today was trash day, so all of the trash bins and their surroundings should have been picked up. Actually, only half of these bins were collected and the needle is now further on the sidewalk, where someone will actually step on it. It turns out our City Sanitation employees don't want to touch them either. Please refer to the third picture I have attached where you can see the trash is thrown everywhere and the needle is now closer to the public.

The policies that you have set forth, and promote endlessly on social media, have caused unnecessary blight on our community, a community that is highly residential- inhabited by homeowners, dog owners, and parents with young children. You have created a dumping ground that meth and heroin users flock to, all at the cost of your constituents, the environment, and our beloved California state beach.

Would you be willing to come out here and personally pick up this needle, and all of the trash (and other hidden needles) among the newest dumping ground that you have created? Clearly Sanitation workers are not comfortable doing this, and rightfully so, they don't make enough money to have to pick up dangerous needles to further your own political aspirations as self focused career politician.

If you are not willing to do so, will you please admit to the community that you are personally the #1 agent in creating

blight in our neighborhood??

Councilman and City Officials:

I cannot emphasize enough how dangerous this is becoming for all constituents--the homeless and the housed both. Increasingly, we are witnessing acts of violence and being subjected to very disturbing spreading of dangerous bodily fluids and needles on the streets of Venice.

Sadly, this is why many of us have actively embraced the federal government to intervene in our city in order to begin some sense of sanity and rights to our neighborhoods. I join my fellow Venetians in calling upon you to step up and take immediate steps to stop this wild, wild west actions that are now taking place on a daily basis, and restore safety for all in Venice Beach.

Outraged,

Gloria Romero
Homeowner/Resident of Venice

2 years ago, I would've voted for anyone but Trump. After watching Bonin and Garcetti attract drug addicts and criminals to LA and Venice, I'll never vote for a democrat again. Bonin and Garcetti lie about the drug and crime epidemic calling it a "housing crisis" so they can pay their donors with HHH money. Don't believe me? look at who is donating to their non-profits. Housing developers and service providers.

Women, elderly and even men are afraid to walk the streets at night. Two of my friends were attacked by homeless criminals in the last month alone. The new encampment on Hampton, (who say they are waiting for the MTA bridge home to open), are doing drugs and chopping up stolen bikes in broad daylight.

A group of us are working with the White House. They are close to an intervention to protect us.

Instead of asking the Fed for Federal land to build housing out there, Garcetti is asking for money to give to his donors.

We are going to escalate this to the national level until the Federal government comes in to protect us.

<https://video.foxnews.com/v/6088197899001/#sp=show-clips>

Look for a weekly segment when the MTA bridge home opens.

I agree 100% with Travi on this.....

And now they are trying to pull out all stops and throw in everything and the kitchen sink cuz they can't win any other way.....like the dumbass Ocasia Day said "I would never send my children to Electoral College because that is just dumb".....She thinks it's an actual college....yet she wants to run for President.....think about it.....

Good lord.....good lord the mind numbing stupidity just scares the heck out of me.

Councilmember Bonin,

I just received my property tax bill. It sort of feels like a sick joke. Can you please let me know how I can deduct for services not rendered? I'm not paying for your bloated administrative costs anymore.

Our streets are lawless, they are covered in feces and our crime rate is spiraling. How can you force us to live in such horrible conditions? Don't you see that the City of Los Angeles is actually the #1slumlord in the nation.

Hi Sole,

Go to Los Angeles County Assessor website and you can search for property tax reduction or appeal of assessment. I just helped a client with this a couple days ago as their property was significantly devalued after the fires in 2018.

It's a pretty simple form to submit and write a letter addressing the reasons why. There's no fee for applying for the reduction. And as your property valuation has been greatly reduced due to lack of services and Bonin's special love of tossing all the homeless in Venice and not providing sanitation services and police power and enforcement, then I feel that you have a very valid case for the application for reduction in taxes. I cannot guarantee the assessor will grant it, but they certainly should given the hellhole we are now all forced to live in thanks to Garcetti and Bonin and their political agenda which is self-serving.

Best,

Shay

I agree that every single one of us should do this.

Of course there is corruption in the assessors office though just like everywhere else at City Hall

Dear Council Members and City Officials,

Venice (and many other parts of LA) has become a complete slum. I am no longer proud to live here nor do I enjoy living here anymore. To say it is unsafe and unsanitary doesn't even cover the half of it. No one feels safe to walk the streets at night. I'm tired of wondering what new hell awaits when I look out my front window in the morning. I'm tired of being called a NIMBY for not wanting to live like this. I don't even understand such accusations or derogatory titles...does doing absolutely nothing to solve the homeless crisis somehow help rehabilitate the homeless?? I don't understand how our tax dollars can be used so inefficiently and recklessly. Spending millions upon millions of dollars to build a wet shelter in the middle of a Venice neighborhood that only houses 155 people is the best way to spend taxpayer money???

Shelters need to be built where it is cost effective, not where it is most glamorous. Any available existing building should be used for this purpose (as long as it doesn't endanger residents) instead of spending so much time and money building new structures. Shelters need to have mental health and addiction treatment and not be a free or all, do whatever you want environment. Laws need to be enforced. Crime of any sort can not be tolerated. Unless anyone wants to be remembered as part of the group that helped to destroy a once great city, the excuses need to stop and action needs to start. You've all had years to come up with something and all I've done is see people's lives and our city conditions get worse.

A Very Upset Venice Resident,
Joe Lisanti
