Help Stop MAGA - Criminal Justice via Civil Court System

Why aren't criminal justice penalties (jail/prison) available through the civil court system?

Can the City Council pass a law that allows people the option of misdemeanor level criminal justice penalties (jail/prison) available through the civil court system?

Having the above for an option would allow organizations and individuals to stop MAGA style politics with criminal (at least misdemeanor) charges-

Having criminal justice penalties (jail/prison) available through the civil court system would greatly improve the lives of many women and children. A law allowing people and attorneys the direct right to misdemeanor criminal charges would result in a greater level of justice for all including those in the prisons.

The above would align with the Constitutional Right of Congress to disqualify Donald Trump, Supremes Court Justices and individual Congress Members who supported the violent attack on Congress -

If 2/3 of Congress is required to keep Insurrectionists in office the Constitution could be used by Congress to vote out individuals who supported the Congressional Jan 6 assault -

Right of Congress to Remove Elected/Appointed Government Officials

Constitution
Fourteenth Amendment
Equal Protection and Other Rights
Section 3 Disqualification from Holding Office

No person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof. But Congress may by a vote of two-thirds of each House, remove such disability.
