What is being done about the encampment on Venice Blvd, under the 405 by Sepulveda Blvd?

I see the rampant use of drugs all the time. There has been three instances of fire just in the last two weeks!

There used to be one row of tents, but now there are three - and on both sides! Pedestrians cannot walk on the sidewalk and bicyclists must be careful not to be trampled by debris.

This is a health hazard too - as trash piles all over the sides, and streets around it.

We pay taxes, we follow the rules - just to have our neighborhood run-down by drug addicts and mentally disturbed people. This has to stop!
