Dear Los Angeles County Board of Supervisors, Los Angeles county mental Health Commissioners, Advisory Commission for mental health, Dr. Lisa Wond, Dr. Bond and those who are concerned:

First of all I just want to say thank you for your dedication in addressing the issue of mental health, physical illness and Homelessness.

I understand it is very complex issue that you and your predisors have been to address it. For the record please see attached letter from me to the county or please have your staff look in the archive for you my public comment on this issue.

So, the board of Supervisors did approve for law enforcement and mental health to work together.

Fast forward now....I noticed how Los Angeles Police department (LAPD) tried to protect their own instead of the citizens that they suppose to protect.

Inncid # 45550 11/2/23

Incident # 23110300000412

Incid# 2173 Sergeant Tables # 40610 Nov 11/23

Now they want to use that game again not to be investigated?

Please forward this to Commissioner of Mental Health, Advisory Commission for mental health all board of Supervisors and Mayor office.

Thank you.
